- H. Public Comment** - Any member of the public may address the Board regarding any item before them for five (5) minutes. Those speaking will state their name, their residence, and the item on which they wish to speak for the record. Members of the Board may not respond to the comments of the public at the meeting. Publicly communicating false statements about people that defame them could subject the speaker to both criminal and civil liability in the state of New Hampshire. In that vein, statements made at public input or at public hearings are not immune from potential consequences for their words. Furthermore, the fact that the public body does not prevent these statements from being made does not excuse or endorse those statements; it just means that the public body, in this case the School Board, both recognizes and respects the right to free speech enshrined in the First Amendment to our Constitution.
