Seniors Recognition Held

Staff Reporter: Lilli Schenkel

At Canistota, we celebrate senior night. Senior nights celebrate the dedication, growth, and leadership of our senior student-athletes as they conclude their high school careers. The events honor the years of hard work, practices, and commitment to Canistota sports programs. Whether they were a part of the team for a long time or not, they are all important.Senior night recognizes the personal journey of each athlete. It is a moment for teammates, coaches, and families to reflect on the bonds formed and the lessons learned through competition and all of the memories they have together.By honoring our seniors, we celebrate the impact they leave behind for younger players. It is a tradition that marks the transition from being a high school athlete to the next chapter of their lives.

A season to remember

Staff Reporter: Roo Acheson and Kyle Barenlau

The South Dakota Junior Football season ended at the end of October, but the players have plenty of memories to look back on. When asked about his favorite part of the season, Michael said it was simply being with all of his friends. The season also had plenty of funny moments. Croix Taylor shared that one of the funniest things was watching Wes always get yelled at by his dad, who was also the coach. Having teammates and coaches that supported each other was another big part of the season. Wes said that Rhett would always cheer him on even if he made a mistake or did something wrong. Hunter also mentioned that Lucas was someone who helped and encouraged him. Lucas Marquardt said his favorite part of the season was when he made a touchdown, while Josh Mosley enjoyed the competitive games. Coach Brandon Jacobsen was proud of how much the kids continued to develop and grow throughout the season. Not just as football players but in their understanding of the game. One of the most memorable moments of the season was the playoff game when the team was down but managed to come back and win!

Pictured are the 2026 South Dakota Jr. Football players from Canistota. Back row from left to right: Rhett Carter, Joshua Mosely, Lucas Marquardt, Michael Richardson III, Wes Jacobsen, Carson Hartmann. Front row from left to right: Shea Evans, Kelvin Chlebeck VanLeur, Miles Richardson, Hunter Aulner, and Croix Taylor.

Oral Interp

Staff Reporter: Alina Bertelson

This past Wednesday the Canistota Oral-Interp team went to Madison for the District Competition. Everyone who competed is moving on to the regions! That includes: Alina Berteson, Ashlyn Jess, Amelia Remacle, Katelyn Teiszen (Readers Theater), Ambur Haag (Serious), Malachi Church (Humorous), Aylen Sarmiento-Lagunes (Poetry), Lily Buseman (Non-O). Everyone did so well, Aylen and Malachi placed 1st in their section and the team placed 2nd overall! Regions is on November 17th at USF in Sioux Falls. State will be on December 4th and 5th in Pierre. Good Luck to everyone competing!

Junior High Volleyball Recap

Staff Reporter: Clara Remcle and Shelby Stockwell

Another volleyball season has come to an end. For the Junior High players, they learned so much and made many improvements. When asked their Coach Ms. Bailey Katzer how the season went she said, " This season went really well. We learned so many new skills and grew a lot both as a team and individually. It was fun to see how much everyone improved throughout the season and how far we came from our first practice to our last." There are going to be some tough times for the Hawks, but one of their biggest challenges was learning to play together as a team while remembering to have fun. Sometimes getting too caught up in wanting to do well they forget to enjoy the game. Learning to relax, trust their team, and enjoy the game is something their coach believes they can work on! " I am most proud of every girl who came back for another season. Those who decided to try out for volleyball for the first time, every single athlete grew in some way, and it was so rewarding to see the difference from our first to last game." They were a really strong serving team, putting pressure on their opponents. The 8th graders challenged themselves by spot serving and working on being constant. As a coach she learned that every group of athletes is different and each season brings something new. When asked what she enjoyed she said, " Every group has different strengths, challenges, and personalities, pushing me to grow and find new ways to help athletes improve." Her biggest goal for next season is to continue building a positive mindset and helping the girls truly enjoy playing volleyball. Volleyball is about teamwork, dedication, supporting one another and having a positive attitude. These are things that make being a part of a team so rewarding and help create true love for the sport.
