FEBRUARY Newsletter

PRINCIPAL MESSAGE:

Hello Fielding Families,

As we move through the heart of winter, I'm excited to share some wonderful news about our students' progress this year. The growth we've seen from August to January has been remarkable, and I encourage you to take a moment to review Fielding's data from the beginning of the year to the middle of the year.

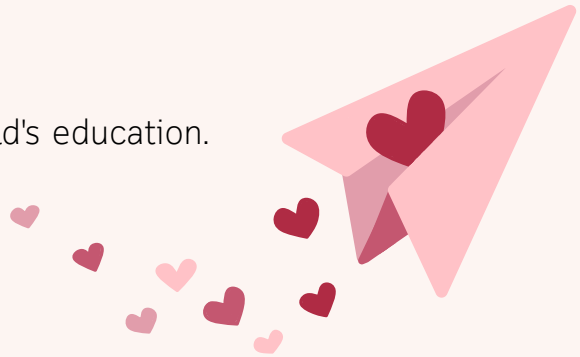

Fielding Middle of the Year Data

With February's colder temperatures upon us, I want to remind families of our indoor recess policy. When the temperature drops below 25 degrees Fahrenheit, students will remain inside for recess to ensure their safety and comfort. We know how important physical activity and breaks are for our students, so our staff provides engaging indoor activities during these times. Please make sure your child dresses appropriately for outdoor recess on milder days.

Finally, our lost and found continues to grow! The next time you're at school for pickup, drop-off, or an event, please take a moment to check the lost and found area [location]. We have coats, water bottles, lunch boxes, and various other items waiting to be reunited with their owners. Unclaimed items will be donated at the end of the month.

Thank you for your continued partnership in your child's education.

Warm regards,
Principal Greene

Prevent Child Abuse Utah

Parent Information
Kingergarten - 2nd

Overview

Your child is learning about body safety, recognizing "uh-oh" feelings, and the importance of telling a trusted adult if something feels wrong. At Prevent Child Abuse Utah, we know that prevention starts at home. Here are some key concepts taught in our child abuse prevention presentations. Ask your child about what they learned so you can continue the conversation at home!

Key Concepts

Who owns your body?

You do! Parents may take care of you, but you own your body. It is still important to follow rules and be respectful, but no one has the right to touch you on the private parts of the body, or hurt your body hard enough to leave a bruise.

Who are your 5 trusted adults?

Have your child share the 5 trusted adults they chose in class. Ask them why they chose each person.

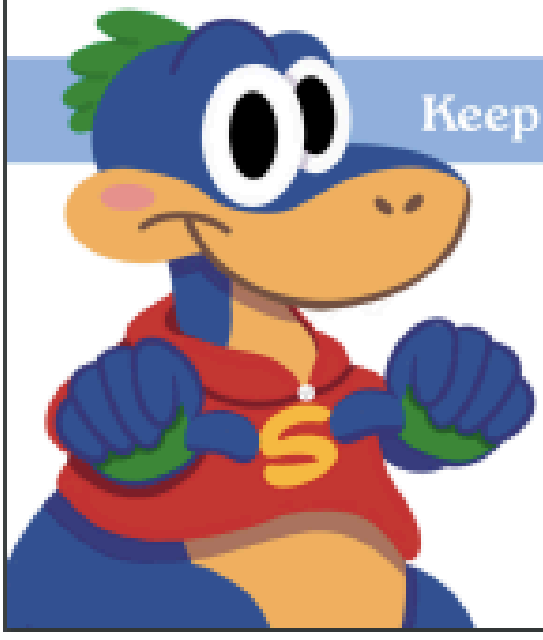

What are the 3 safety rules?

"Listen to your Uh-Oh Feeling, Say "No", Go Tell!

Keep the Conversation Going!

Ask these questions often! Keep the conversation open. Remind your child that they can always come to you if they need help or if they have questions.

Questions? Please contact your school counselor.

Prevent Child Abuse Utah

Parent Information

3rd - 6th Grade

Overview

In 3rd-6th grade, students learn the 5 types of abuse, body ownership, and how to report abuse. At Prevent Child Abuse Utah, we know that prevention starts at home. Here are some key concepts to review with your child so you can keep the conversation going in your home.

Key Concepts

What are the 5 types of abuse?

Physical, Emotional, Sexual, Neglect, and Trafficking.

Who owns your body?

You do! Parents may take care of you, but you own your body. It is still important to follow rules and be respectful, but no one has the right to touch you on the private parts of the body, or hurt your body hard enough to leave a bruise.

Who are your 5 trusted adults?

Have your child share the 5 trusted adults they chose in class. Ask them why they chose each person.

Keep the Conversation Going!

Ask these questions often! Keep the conversation open. Remind your child that they can always come to you if they need help or if they have questions.
