May 2, 2025

Dear Greenwood Families,

Greenwood High School will administer the Spring Wave of Keystone Exams beginning Monday, May 12. You are receiving this communication because your son/daughter will be participating in some combination of :

Test	Dates	Who's Involved?
Literature Keystone Testing	May 12 and 13	Sophomores
Biology Keystone Testing	May 15 and 16	All Freshmen, some Sophomores
Algebra Keystone Testing	May 19 and 20	*Depends on Math Placement

Students have been made aware by their teachers of their participation; if you have questions as to whether or not your son/daughter is taking an assessment, he/she should be able to answer!

Pennsylvania School Code Act 158 requires students to complete one of several “Pathways” in order to graduate High School. Meeting Proficiency on the Literature, Biology, and Algebra Keystone Exams (or a combined, qualifying Composite Score) would satisfy one of those pathways. Please discuss the importance of these tests with your student and encourage him/her to put forth his/her best effort. We want our students to come to school ready to learn and achieve every day and we recognize that this is only possible with your support. Please ensure that your student is able to get a good night's sleep and a eat nutritious breakfast on testing days.

The results of your student’s exam(s) will be provided to you as soon as scores are furnished by the state. If you have any questions, please contact my office.

Sincerely,

Nicholas Nastasi

MS/HS Principal
