Celebrating Our REACH Scholars and Their Bright Futures

Congratulations to Shania Indeche, Javon Lett, Gabriel Reid, Gavin Reid, and Teagan Strickland, our 2026-2027 REACH Scholarship recipients! This exciting recognition celebrates their academic promise and marks an important step toward a future filled with opportunity. We are proud of these students and look forward to watching them grow, pursue their goals, and achieve great things.

REACH, which stands for Realizing Educational Achievement Can Happen, is a Georgia based mentoring and scholarship program. It provides academically promising students with academic, social, and financial support to help them graduate from high school and achieve success in college. Through mentoring and academic coaching, REACH helps students turn their educational goals into a plan for the future. Scholars who fulfill the program's requirements can receive up to $10,000 toward attendance at an eligible Georgia college or university.

Adding to the excitement was a special visit from Abraham Baldwin Agricultural College (ABAC). The ABAC's Mascot (Thunder), Student Ambassadors (add their names), and the Assistant Director of Admissions (Sunny Sparrow) joined us to share information about ABAC and help students envision the possibilities ahead. Their enthusiasm and encouragement brought an extra spark to this special occasion.

We extend our sincere appreciation to ABAC for taking the time to visit, connect with our students, and support their dreams of higher education. Thank you for helping us celebrate our REACH recipients and reminding them that exciting opportunities await beyond high school.

To our newest REACH Scholars: Your future is bright, and your school and community are cheering you on. Keep working hard, dreaming big, and reaching for success!
