### CLASS HIGHLIGHTS

During February, our school experienced a high level of family engagement. As part of our family support initiatives, a food distribution event was held in partnership with St. Mary's Food Bank at HOI. To ensure accessibility for our refugee families, parents were transported to the Heart of Isaac Community Center. This event was supported by our school counselor, Ms. Perez.

Throughout the month, notable workshops were delivered through partnerships with community organizations, such as Family Medicine Safety, It's That Easy Workshop (strategies for having difficult conversations with children), and an Income Tax Information session. Additional workshops were provided by the Isaac School District through the Parent Educator program, including Preparing for Parent-Teacher Conferences, an introduction to STEAM learning, and a Valentine's Day Reading Activity, where parents created crafts to strengthen connections with their children.

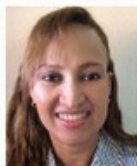

The school also participated in the Parent Advisory Council (PAC), with attendance from the principal and the parent representative, supporting family voice and leadership.

To conclude the month, the school hosted Coffee with the Principal, where Ms. Couret presented the School Safety Plan and provided a detailed explanation of the safety measures in place. Parents also participated in a guided tour showcasing the safety devices and procedures designed to support student safety.
