School Supply List for the 2026-2027 School Year

Dear SLCS Students and Families,

Below is a list of materials each student in Middle School Grades 7-8 will need for the upcoming school year. This list is not exhaustive and teachers may require additional materials as the year progresses. Some items may also need to be replenished during the year. Students may not bring liquid whiteout, sharpies, or hand-held pencil sharpeners to school. For all Math courses, students in Grades 7-12 will need a graphing calculator.

Thank you for supporting your child's learning. Here's to a great school year!
