THE OWL REPORT

WINDSOR C-1 SCHOOL DISTRICT

ISSUE NO. 1 | SEPTEMBER 2026

INSPIRE TO ACHIEVE AND SUCCEED

A Great Start to 2026-2027

It is hard to believe that we are already more than a month into the 2026-2027 school year. It seems like just yesterday we were welcoming our students back through the doors, and now the year is well underway.

I could not be more pleased with the start we have had across Windsor C-1. Our classrooms are busy, our activities are in full swing, and our students and staff have settled into the routines that make a school year come to life. Most importantly, there is a lot of good work happening every day in each of our buildings.

A successful start to the school year does not happen by accident. It takes teachers, support staff, administrators, parents, families, and an entire community working together for kids. I am grateful for the part each of you plays in making Windsor a great place for students to learn and grow.

We have a lot of school year still ahead of us, and I am excited about where we are headed. Thank you for a great start, and as always, Go Owls!

Dr. Jason King, Superintendent
Windsor C-1 School District

Oct 16, 2026	Early Dismissal
Oct 22, 2026	Early Dismissal
Nov 2, 2026	No School

Windsor C-1: A Perfect MSIP 6 Cycle 2 Review

We had plenty to celebrate this summer when Windsor C-1 received a perfect 42 out of 42 points during our MSIP 6 Cycle 2 review.

While a score like that is certainly something to be proud of, we are even more proud of what it represents. It reflects the tremendous work taking place throughout our district every day, from our classrooms and school building to our support departments and Central Office.

No school district is perfect, and we will always have areas where we can improve. However, this result is a great affirmation for the work being done by our staff and the systems we have in place to serve our students.

This was truly a district-wide accomplishment, and it is another reason to be proud to be a Windsor Owl!

See Something. Say Something. Keep Windsor Safe.

Keeping our students and schools safe is a responsibility we all share. One important resource available to students, families, staff, and community members is Courage2Report Missouri, the state's school safety reporting system.

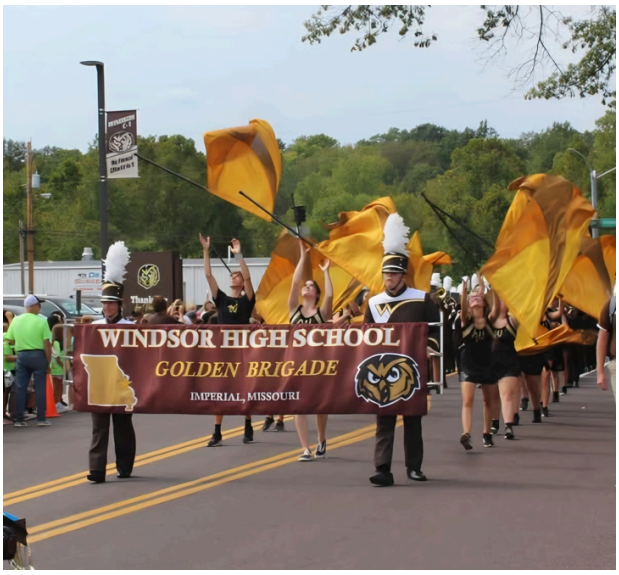

Sometimes students see or hear things that adults do not, and we want them to understand that speaking up when something does not seem right can make a real difference.

We encourage our students to look out for one another and to never be afraid to report a legitimate safety concern. Our Director of Student Services, Dr. Alex DeMatteis, has prepared a short PSA explaining Courage2Report and reminding our students and families how they can help keep Windsor safe.

Fall, Homecoming, & Owl Pride

Fall has arrived at Windsor, and with the cooler temperatures, football under the lights, and the changing of the seasons comes one of my favorite times of the school year, Homecoming Week.

Homecoming is special because it brings together so much of what makes the Windsor community great. Our students get the opportunity to make memories and celebrate their school, our alumni reconnect with Windsor, and our community comes together to show its Owl Pride.

This year's Homecoming Parade will begin at 1:00 p.m. on Friday, October 2, followed that evening by our Windsor Owls taking on Hillsboro at home. We hope to see a great crowd lining the parade route that afternoon and filling the stands that night.

A tremendous amount of work goes into making Homecoming Week happen. We are grateful for our students, staff, sponsors, coaches, families, and everyone behind the scenes who gives their time and energy to make the week special.

There is just something about fall and Homecoming in a school community. It is tradition, school spirit, and community all rolled into one.

Investing in the Future

Some of the most important work happening in a school district takes place behind the scenes. Throughout the years, we continue to look for ways to improve our facilities, transportation, technology, safety, and other resources while being responsible stewards of the dollars entrusted to us.

One example is our upcoming addition of three electric school buses to our transportation fleet through the Ameren Missouri Electric School Bus Program, at no cost to the district. The buses are currently in the engineering stage, with delivery anticipated around the beginning of 2027. Work is also underway on the charging infrastructure at our transportation department.

Whether it is something as visible as a new bus or something most people may never notice, our goal remains the same: make thoughtful decisions today that will serve Windsor students and our community well for years to come.

Investing in our Facilities

Visitors to our schools may have noticed some significant improvements before they ever walked through the front doors this year. Over the summer, we completed district-wide parking lot repairs, including new surfacing, seal coating, and striping at all five schools, Central Office, and transportation. . These improvements not only enhance the appearance of our campuses, but also provide safe and better maintained areas for our students, staff, families, and visitors.
