Dear OA Families,

The Owego Apalachin Central School District is once again excited to offer our **SOARing Hawks After School Program** for students in **Grades PreK–5**.

Registration will open on Monday, August 10, 2026, and remain open through Monday, August 24, 2026. This two-week registration window allows our Transportation Department time to establish bus routes before the start of school.

New for the 2026–27 school year: To provide consistency, registration will no longer remain open throughout the school year. After the initial August registration period, families will have **one additional opportunity to register or make changes in September**, and registration will open again **after the New Year**. We are unable to accommodate weekly additions or schedule changes, so families must select a consistent schedule when registering.

To register, you will need your child's **Student ID number (also known as their lunch number)**. If you do not know your child's Student ID number, please contact your child's school main office or the Bus Garage.

Registration Link:
https://students.arbitersports.com/owego-apalachin-central-school-district

The SOARing Hawks After School Program will operate every **school day from 2:30 PM to 4:30 PM** at **AES and OES**. Students must attend the after-school program at the elementary school in which they are enrolled. **Transportation home will be provided for students who request it.** Buses will leave the schools at approximately **4:30 PM**, and drop-off times will vary depending on the route and number of students riding. **An adult must be present at the bus stop to receive the student.**

Families may also **pick up their child at any time between dismissal and 4:30 PM**. All students must be picked up no later than **4:30 PM**. During registration, families will be asked to estimate their typical pick-up time. This is not a firm commitment but will help us with staffing and program planning.

An additional after-school option is available through the **Boys and Girls Club** for students in **Grades 3–8**. Please note that this program requires a **separate registration process**.

We look forward to another great year of afterschool learning and enrichment!

Thank you,

Ryan Hallenbeck
