

Access to Home Program

The Access to Home Program provides financial assistance to make residential units accessible for low- and moderate-income persons with disabilities. Assistance with the cost of adapting homes will enable individuals to safely and comfortably continue or return to live in their residences instead of residing in an institutional setting.

An eligible participant must meet the following criteria:

Documented substantial limitation caused by a disability.

Household income at or below 80 percent of area median income (120 percent of area median income for veterans who are certified by the U.S Department of Veterans Affairs or the Department of Defense as entitled to receive disability payments for a disability incurred in time of war).

The assisted residential unit must be the primary, permanent residence of the eligible participant. The primary residence may be owner-occupied or a rental unit.

Applicants proposing to assist rental units must ensure that the property owner is not otherwise obligated by federal, State, or local law to provide such improvements.
