Susan Whitcomb, Transportation Supervisor
Ronald Carroll, Maintenance Supervisor
Tera McCloskey, Food Services Supervisor

Dear Huntington Local Schools Community,

These are unprecedented times for our district, and I want you to know that our children, staff, and community remain our highest priority.

I understand the frustration and concern many of you are feeling right now. Please know that we do not — and will never — take safety lightly. The safety of our students and staff is not negotiable. I am in constant communication with our local law enforcement partners and other agencies, and we are sharing all information that we are legally able to provide.

Let me be clear: I will not put our students, staff, or community at risk.

We have been transparent about the safety measures we have implemented, and our local law enforcement agencies are working diligently, alongside other authorities, to identify the source of these calls. I want nothing more than a return to normalcy for our schools and our community. If you have any information that could assist in bringing the individual or individuals responsible to justice, please contact law enforcement immediately.

Regarding instructional time, we understand that our primary mission is education. The State of Ohio establishes minimum hour requirements for instruction, and we are actively developing a plan to ensure those requirements are met. Our goal is to protect both the safety and academic progress of our students.

We are also preparing additional learning opportunities, including potential summer programming, to support any student who may need extra assistance. Those plans will be communicated as soon as they are finalized.

Our teachers and staff continue to work tirelessly to ensure that no child falls behind. As a district, we are committed to meeting every student where they are and providing the support necessary for them to succeed during this challenging time.

Thank you for your continued patience, trust, and support. Together, we will get through this and emerge stronger as a community.

Sincerely,

Pete Ruby
Superintendent
