FUN-TASIA: Where Art Meets Play! Artists and Athletes Gr K-5 are all welcome!

Where Art Meets Play is a high-energy, creativity filled camp designed for kids who love to move, create, explore, and have fun in their own way. This unique program blends hands-on art experiences with active gym time, giving every child a place to feel successful whether they enjoy sports, creativity, or a little bit of both. Each day, campers rotate between interactive craft stations and movement based gym activities. During art time, kids will participate in fun, hands-on projects using paint, mixed media, building materials, and creative design. Projects focus on imagination, self expression, and confidence while allowing campers to create artwork they are proud to bring home. Gym time focuses on play over competition. Campers will take part in sport activities, cooperative games, obstacle courses, relay challenges, and creative movement games. Children who enjoy sports will have opportunities to work on skills and participate in structured activities, while kids who prefer a more relaxed approach can join side games and play based activities that keep everyone active and included. Fun-Tasia is designed as a fit-for-all program that welcomes kids who love being Active, kids who simply enjoy sports or tossing the ball around, and kids who thrive through creativity and hands-on arts and crafts. The goal is to create an environment where every child feels comfortable participating, building friendships, and trying new things. Registration fees will be charged on 7/1 for all courses starting after 7/1.

Summer Basketball Training The off season is one of the most important times for basketball development. Without the pressure of games, players can slow down and focus on building strong fundamentals that lead to long term success. This summer drop-in session is designed for individual skill development, giving athletes the chance to push themselves to the next level. Players will work on ball handling, shooting, passing, footwork, and overall confidence through quality repetitions and focused instruction. Each athlete will be challenged to improve at their own pace. The goal is to help players grow individually, stay active this summer, and return to team play more confident and prepared.
