Senior Missy Freeman

“I want to thank my parents for supporting me over the years not just with school volleyball but also with club volleyball. I know this sport has been so expensive with traveling and everything especially trying to get recruited for this sport, but I promise it will all be worth it in the end so thank you! I also want to thank Olivia Hnem and Laura Jean for being the best teammates a girl could ask for. For always supporting me through every game and practice and picking me up when I’m down. You guys are amazing and I’ll forever be grateful.”

Senior

Emma Outhouse

“I would like to thank my parents for helping me continue going through my high school journey and my volleyball seasons. I would like to thank Mrs. Jones for offering me advice that I can apply to my everyday life and that I can carry with me beyond graduation. I would like to thank my coaches for helping me grow in my knowledge of volleyball and for encouraging me to keep trying no matter what. I want to thank my siblings for being my little cheerleaders, encouraging every play I have to make. I also want to thank every person who has supported me through every decision, every touch of volleyball, and anything else, thank you. Lastly, I want to thank my best friend, Missy, for holding me accountable and for sharing her love of volleyball with me throughout our middle school and high school years.”

Addie Parker

Senior Addison Parker

“I would like to acknowledge and thank my parents and Johnny as well. Thank you for always supporting me and always being at my games cheering me on. It always made me happy to look at the stands and see you guys smiling at me and making sure I was okay. Just a general thank you for everything. I would also like to say a big thank you to Olivia Hnem. This year we became closer as friends both on and off the court. She is my biggest hype woman, always there to talk to me when I was stressed in a game. She hyped me up after points and calmed me down after mistakes; and before EVERY serve she was there to do our handshake and tell me to breathe. So a big thank you to Hnemy.”

Addie Emma Missy

The Class of 2026 has led Southwest to the most wins (11) in more than a decade. This team, led by Seniors Missy Freeman, Emma Outhouse and Addison Parker, has overachieved at almost every turn. Coach Voyak reflects on the three players that will graduate in May of 2026.

MISSY - “It’s fun when a player falls in love with volleyball. It’s more rare than you think. She made her mind up a while back that she wanted to play at the next level and has worked to get there and college coaches have taken notice. I have been incredibly hard on her and she has responded by taking steps to grow her game beyond being just a good hitter.”

EMMA - “She is not the most gifted athlete in the gym so Emma has to beat her opponents with guile and hard work. She never backs down from a challenge and I constantly put her in difficult situations with tough expectations. She was also patient when I gave her a limited role on the varsity as a junior, but instead of complaining, she kept a positive approach and excelled in every way possible.”

ADDISON - “I wish Addie was in the program longer because her improvement in two short years was nothing short of remarkable. Again, I challenged her almost unreasonably with her responsibility but she has answered at every turn.”

See Coach Henry’s reflections in the game program.
