IMPORTANT INFORMATION
Be sure to sign up for school communication!

For the past several years, Allison Elementary School has been using a one-way communication text messaging and email system called Remind. Remind is a service that provides a safe way for educators to text message or email parents. With Remind, all personal information remains completely confidential. Educators will never see your phone number, nor will you ever see theirs.

Remind is completely free to use; however, standard text messaging rates do apply to those receiving messages. Basically, a text message from me can be sent to your phone. This service would be used to provide reminders or give updates. If you do not have unlimited texting, you can also sign up for messages via email. For example, a message may say, "There will be a two-hour delay for school tomorrow." You can opt-out of messages at anytime. Please follow the directions according to your child's grade level.

When sending a text message:

In the 'To' box, type the following number:
