Proud to Partner with **Hallow**

Dear Trinity Families,

As you may have heard, our school has partnered with Hallow, **the world's #1 Catholic prayer app**. Hallow exists to make growing in relationship with God simple and accessible, no matter where your relationship with Him is at. Our partnership gives staff and students access to this wonderful resource, which will serve to strengthen the mental and spiritual health of our school community.

Hallow contains over 12,000 audio-guided prayers spanning from quick minute meditations to entire holy hours, dozens of music albums and 'praylists,' and everything in between. The app is specifically designed to offer something for everyone, and in the classroom we'll use Hallow to help:

Praying together as a family has never been easier now that your student has full access to everything on the platform, including hundreds of prayers specifically designed for Kids, Teens, and Families. Follow the instructions below to log into your shared account for the first time. Take some time and explore!

1) Download the Hallow app, or log in at hallow.com
2) Click **Continue with Student Login** and select "Continue with Google."
3) Input your child's school email address and password.

If you have any questions or if there is anything we can offer up in prayer on your behalf, please do not hesitate to reach out to us or the Hallow team directly at schoolpartners@hallow.app.

For Trinity related login questions, please contact Mrs. Rinke at brinke@thinktrinity.org.

Lunch accounts should be funded prior to ordering. Accounts are locked once they reach $10 in the negative. Please call the office if you need more information!

Please call the office if you need help with your lunch account!

FROM OFFICER GRUBBS:

Crime Prevention Tip: Robbery and ATM Safety

Most muggers are fairly young—teens to early 20s. These young criminals can often turn violent during the commission of their crime(s). Robberies often occur in isolated places or places not readily visible to the public. They commonly occur at or near parking lots, alleys, parks, and retail establishments. Here are some tips that might keep you from being a victim.

Robbery Prevention Tips:

- When entering any bank, market, or store, take a split second to see what is going on inside. Don't go in if something seems suspicious.
- Avoid exposing your money in public. If you do pay with cash, avoid flashing large bills or counting the money in front of others.
- Avoid wearing expensive looking jewelry. It often draws attention to you as a profitable mark for a robber.
- Be aware of trouble locations and always be alert and mindful of your surroundings. If your intuition says "something is wrong," something probably is.
- Avoid carrying packages that advertise expensive contents. Have purchase(s) placed in plain or natural packages or bags.

ATM Safety Tips:

- Never count or visually expose how much money you are going to deposit or have received when you are at the Automatic Teller Machine (ATM).
- As you approach the ATM, take a good look for any suspicious person(s) or circumstances.
- Have your ATM access card ready and in your hand when you approach the ATM. Secretly punch in your personal identification number (PIN) by using your body to block the view of others.
- Always keep a safe distance between you and others.

Should you be confronted by a robber — Remain calm — Do not resist — Give up your money, jewelry, etc. — Cooperate with the robber — give him / her time to get away — call the police and report the incident.
