(certified by the National Automotive Training Education Foundation)

IMPORTANT TO KNOW

- Basic math and literacy foundational skills
- Heavy lifting
- Work boots required
- Labs are not temperature controlled
- PPE is required

*Subject to Change

SUPPLY LIST FEE

1st year - $119.00

2nd - $30.00

TOTAL $149.00+

PROGRAM HIGHLIGHTS

The Automotive Technology Program covers 6 areas of instruction. They include engineer repair, electrical and electronic systems, brakes systems, engine performance, high performance engine building and suspension and steering. In addition to these areas, we also cover shop safety and proper tool usage. Together these encompass the ASE Student certification that can be achieved throughout the program.

POTENTIAL CAREERS

- Automotive Technician
- Auto Parts Sales Expert
- Service Writer
- Insurance Adjuster
- Automotive Sales
- Automotive Machinist
