Character Trait of the Month: Self-Control

Our trait for the month of October is Self-Control. We are teaching your child that when you use self control you are not controlled by every thought or feeling that comes over you. Please reinforce this trait at home by helping your child to create and follow routines, habits, and rules for themselves that bring consistency to their lives. Self-control skills also help us to remember to stop and think before doing something we know might be wrong! Thank you for reinforcing our character trait at home!

Social and Emotional Learning

You, as parents, are your child's first teachers and are essential to promoting social and emotional learning in your child's life. We can work together to build strong connections with each other in order to reinforce social and emotional skills developed at home and in school, and even in the community. One way to do this is to take a "belly breath". When strong feelings develop (and they will), model and practice taking a deep breath to calm down.

Reading Program!

📖 Book It! Reading Program is Here! 📖

We are so excited to kick off our Book It! Reading Program with our PreK-2nd grade students! Your child should have received a Book It! reading log to bring home.

We encourage students to read every night and keep track of their reading on their log. As they work toward their reading goals, they can earn FREE PIZZA from Pizza Hut! 🍕

We are excited to give our students a fun incentive to build strong reading habits while enjoying the reward of some delicious pizza! Thank you for helping us make reading at home a fun and exciting part of your child's routine.

Happy reading, and let's earn some pizza! 📖 🍕

PTO: Dance Fit!

Kickoff is October 5th and the event day is October 16th. It's called "Dance Fit". All of the info will be going home with students next week.

Welcome Back Little Flyers and Families!

Dear Maryvale Primary Families,
We are so excited to welcome you and your children back for another wonderful year of learning and growth! The energy in the building is already incredible, and we can't wait to see all that this school year brings. Thank you for your continued support and partnership—we're looking forward to working together to make this a fantastic year for every student.

Warmly,
Dr. Hada

School Safety: Safety Drill Notification

The safety of our students and school staff is very important to us. One of the ways we stay safe is by holding school safety drills. To help us practice and learn, we will be having safety drill next week. The safety drill we will practice is Fire Drills Before we practice a drill, we teach students and staff what they need to do. We talk about how the drill will be announced and we always inform students and staff that it is a drill. After the drill, students and families are encouraged to ask questions. Below are resources to help you talk to your children. If you have any questions about the drills or other safety concerns, please contact Dr. Hada.

Talking to Your Children About Safety | Johns Hopkins Medicine School Safety During an Emergency or Crisis: What Parents Need to Know: HealthyChildren.org Talking To Kids About School Safety | Mental Health America: mhanational.org School Safety Drills- Sesame Workshop: <https://sesameworkshop.org/resources/schoolsafety-drills/>

Character Trait of the Month: Friendship

Our trait for the month of September is Friendship. There are many ways your child can display friendship at home and in the community.

A few ways you can show friendship at home is by encouraging others with kind words, smiling at others, including new friends, making others feel welcome and sharing!

Thank you for reinforcing our character trait at home!
