MESSAGE FROM THE SUPERINTENDENT

As you take the time to read through this document, it is my hope that we have created a document that is easy to understand and allows all of our stakeholders an opportunity to understand our vision and mission and play a role in meeting the expectations that we set as a school system.

This handbook strives to serve as a guide for all stakeholders to play a role in making our system effective. A new format will hopefully put things in place that will be easier for all to follow.

I ask that you please take time to carefully read and take note of sections dealing with attendance. Many of the laws and rules in place for attendance have been waived over the past few years, and it is important that we understand the expectations and consequences that go along with the state law that will be back in place.

I also ask you to take time to digest the discipline matrix that can be found in this handbook. Considerable time and effort by many went into developing a matrix that is easier to understand and will create consistency in discipline across the district. In addition, many discipline policies and consequences have been adjusted based on state laws and intervention guidance. . Because of this, I ask that you please take time to carefully understand the material in the matrix.

Finally I ask that you please take time to look over the expectations for devices and the proper use of technology. As we continue to move into a digital world, it is crucial that we take time to properly care for the investment we have made in these devices. More importantly, we must all play a role in making sure that our students understand acceptable uses of technology. I also ask that we all make a conscious effort in protecting our devices as the cost of sustaining 1:1 technology will become crucial for us to manage in the future.

Again we thank you for taking time to read through this handbook, and we hope that you can use it as a guide to play your role in making our school system successful for all stakeholders.

As always, I thank you for the opportunity to serve as your system leader and look forward to having a great 2026-2027 school year.

GUIDE FOR PARENTS WITH QUESTIONS & GRIEVANCES

A parent is always welcome to “go to the top” with a question, but the most efficient way to get an answer is to ask the person closest to the problem. Please adhere to the following time-saving steps:

1. If the concern is about your child, call the school and make an appointment with the persons directly involved with the specific concern.
2. If the concern is about the school, call the school secretary who will either answer your questions or direct you to the principal for a direct answer or an appointment. Any parent or visitor is encouraged to visit the schools; however, he/she must report to the principal's office and upon arrival must verify who they are and the purpose of their visit. Noncompliance with school policy shall be considered trespassing, and trespassers will be subject to arrest.
3. If the concern is about the school system in general, or if you feel that one of the departments listed is closely related to your concern, call the School Board Office. The phone number is 893-3973.

SECTION I: ATTENDANCE

COMPULSORY ATTENDANCE (JBA, JB, JBD)

Except as provided by law, every child in the state is required by state law to attend public or private school from the child's seventh (7th) birthday until his/her eighteenth (18th) birthday, unless the child graduates prior to his/her eighteenth (18th) birthday. Any child below the age of seven (7) who legally enrolls in school shall also be required to attend school. If a child in these age brackets was a resident of this parish when school opened and enters school late without having attended another public or private school or approved home study program during the current school session within or without the parish, a statement should be secured from the parents or legal guardian giving the reasons why the child has not been in school. If these reasons are not satisfactory, the matter should be referred to the Supervisor of Child Welfare and Attendance, who may find it necessary to refer it to the proper court.

Beginning with the 2022-2023, students who have attained the age of five years by September 30th of the calendar year in which the school year begins shall attend a public or nonpublic day school or participate in an approved home study program until they reach the age of 18 years. Any child below the age of seven who legally enrolls in school shall also be subject to compulsory attendance (Act 386 (Senate Bill 10) R.S. 17:151.3 221).

Compulsory attendance does not apply to any child who is under the age of eighteen (18) and is attending a National Guard Youth Challenge Program in Louisiana.

The compulsory attendance law does not prohibit a student who is at least 16 years of age and who meets the criteria established by BESE from attending an adult education program approved by BESE. A parent or legal guardian responsible for the school attendance of a child who is at least 16 years of age but under age 18 and who is enrolled in and is fulfilling the attendance requirements of an adult education program that is approved by BESE shall be considered to be in compliance with the compulsory attendance law. Please see your school counselor for information regarding Adult Education and the process for withdrawing.

MINIMUM ATTENDANCE REQUIREMENTS (JB)

Elementary and secondary students shall be present a minimum of 60,120 minutes (equivalent to 167 six-hour days) a school year, as required by the Louisiana Board of Elementary and Secondary Education and enumerated in the Louisiana Handbook for School Administrators, Bulletin 741, to receive credit for courses taken. A student is considered to be in attendance when he/she is physically present at a school site or is participating in an authorized school activity and is under the supervision of authorized personnel. This includes students who are homebound, assigned to and participating in drug rehabilitation programs or participating in school-authorized field trips. A student is considered to be in attendance based on the following percentage of attendance at school during an instructional day: 25% or less than or equal to 50% (26% to 50%) = ½ day attendance; more than 50% (51% to 100%) = full day attendance.

Elementary and Middle School students may not miss more than **twelve (12) days** per year in order to be eligible for promotion. High School students on a 7 period schedule may not be absent for more than twelve (12) days in a year-long course or six (6) days in a semester course in order to be eligible to earn a Carnegie Unit.

High School students shall be in attendance a minimum of 30,060 minutes (equivalent to 83.5 six-hour school days), per hours per semester or 60,120 minutes (equivalent to 167 six-hour school days) a school year for schools not operating on a semester basis. These minimum attendance requirements are required to receive credit for courses taken.

TYPES OF ABSENCES (JBD) Bulletin 741 (Revised 7/20/24) / La. Admin. Code tit. 28 § CXV-1105

The days absent for elementary and secondary school students shall include non-exempted excused absences, exempted excused absences, unexcused absences, and suspensions.

Students have five (5) SCHOOL DAYS to submit an excuse for their absence. A student should not miss school unless they are able to provide one of the following types of documents to verify the reason for the absence. Excuses returned after five (5) school days will not be accepted and will be considered unexcused.

1. Excused Absences

- Absences verified by a doctor, licensed nurse practitioner or dentist
- **Are not** considered for the purpose of truancy
- **Parents may submit up to 5 parent-written excuses per year for illnesses that would not warrant going to the doctor (Example: headache, virus, etc). The 6th parent note received in a school year will be considered unexcused.**
- Include absences incurred due to **Extenuating Circumstances (JBD)**:
 - Extended personal physical or emotional illness as verified by a physician or licensed nurse practitioner
 - Extended hospital stay in which a student is absent as verified by a physician or dentist
 - Extended recuperation from an accident in which a student is absent as verified by a physician, dentist or licensed nurse practitioner
 - Extended contagious disease within a family in which a student is absent as verified by a physician or dentist
 - Quarantine due to prolonged exposure to or direct contact with a person diagnosed with a contagious, deadly disease, as ordered by state or local health officials.

- Observance of special and recognized holidays of the student's own faith
- Visitation with a parent who is a member of the US Armed Forces or the National Guard (shall not exceed five (5) days per school year)
- Absences verified and approved by the school principal or designee:
- Prior school system approved travel for education
- Death in the immediate family (not to exceed one (1) week)
- Natural catastrophe and/or disaster
- Student personal illness or serious illness in the family
- Pregnant and parenting students at a minimum of 10 days after the birth of a child.
- A student may be absent related to the student's mental health for up to three (3) days in any school year.,
- For any other extenuating circumstances, the student's parents or legal guardian must make a formal appeal in accordance with the due process procedures established by the school system. For example, a family educational trip would qualify. The parent may request and complete a *Formal Appeal for Absences Due to Extenuating Circumstances* and submit it to the Child Welfare and Attendance Office. Students who are verified as meeting extenuating circumstances are therefore eligible to receive grades shall not receive those grades if they are unable to complete makeup work or pass the course.
- Students may make up work and receive credit

2. Unexcused Absences

- Any absence not meeting the requirements set forth in the excused absence definition, including job related absences, unless it is part of an approved instructional program.
- Absences **are** considered for the purpose of truancy
- Students may make up work and receive credit
- **Parent notes received after the 5th absence for illnesses that would not warrant going to the doctor (Example: headache, virus, etc).**

3. Suspension/Expulsion

- Absences in which a student is not in attendance in the regular instructional setting due to disciplinary actions imposed by the school.
- The absences **are not** considered for the purposes of truancy unless the student is assigned to an alternative site and is not in attendance at the assigned alternative site.
- Students may make up work and receive credit

A student under out-of-school suspension or expulsion is not allowed on any school campus without permission of the principal nor can he/she attend or participate in any school sponsored activity/function, including graduation, or extracurricular activity on or off the school campus.

FAILURE TO COMPLY (JBA)

- **Upon the 3rd Unexcused Absence:**
 - The principal of a school, or his designee, shall notify the parent or legal guardian in writing upon the student's 3rd unexcused absence or unexcused occurrence being tardy, and shall hold a conference with such student's parent or legal guardian. This notification shall include information relative to the parent or legal guardian's legal responsibility to enforce the student's attendance at school and the civil penalties that may be incurred if the student is determined to be habitually absent or habitually tardy. The student's parent or legal guardian shall sign a receipt for such notification.
- **After the 5th Unexcused Absence:**
 - As defined by state law, a student is considered habitually absent after the 5th Unexcused Absence or 5th tardy in a semester.
 - After the 5th Unexcused Absence, the student will be referred to **TASC (grades K-5) or FINS (grades 6-12)** in accordance with LSA R.S. 17:221.
 - TASC (Truancy Assessment and Service Center) is an early intervention program that addresses habitual unexcused absences from school, or truancy, in K-5th grade in order to increase attendance and prevent juvenile delinquency.
 - FINS (Families In Need of Services) goals are to reduce formal juvenile court involvement while generating appropriate community services to benefit the child and improve family relations. Once a complaint is filed with FINS, recommendations to correct the identified problems, usually in the form of a service plan, are made to the family; the family must follow the directives given. The FINS Officer is responsible for monitoring compliance. If recommendations are not followed, the family may be referred to court, a FINS conference, and/or a hearing before a judge.
- **After the 10th Unexcused Absences:**
 - The school will refer to the CWA truancy officer after the 10th unexcused day/tardy.
- **Loss of Driving Privileges (JBH)**
 - Any student between the ages of fifteen and eighteen who does not meet the required minimum school attendance provisions may be denied driving privileges by the State of Louisiana. (Act 688 of 2008).
- (JBE) Parents of truant students shall enforce the attendance of the student at school to which the student is assigned. The parent or legal guardian of a student shall enforce the attendance of the student at the school to which the student is assigned. The parent or legal guardian of a truant student shall ensure that the student makes up missed school work by attending after-school tutoring sessions, weekend make-up classes, or other remediation opportunities, as determined by the School Board, until the student has caught up with his or her school work.

MAKE-UP-WORK (JBD)

- After each absence from school, it is the **responsibility of the student** to make arrangements to make-up work missed during any type of absence with his/her teacher, following his/her return. Assignments may be given prior to absences.
- Student misses day of test/quiz and/or day of assignment due:
 - The student will take the test and/or turn in the assignment due on the day he returns. The grade will be officially recorded within three (3) days of the student's return to school.
- The student misses more than one (1) day of school:
 - The student will have a corresponding number of days to make-up tests/quizzes. Example: student is absent for two (2) days, student will have two (2) days to make-up tests/quizzes from the day he returns to school. Assignments assigned prior to the absence are due the day the student returns to school. Prior assignments do not include tests/quizzes. Grades will be officially recorded within three (3) days of the student's completion of the test/quiz.
- Penalty for an assignment not submitted by due date - For any assignment which is not turned in on the day that the assignment is due, a 10% maximum penalty per day may be imposed with a maximum of **5 school days** allowed to submit the late assignment. Any assignment not submitted within the **5 school days** will receive a grade of "0". Assignments include research papers, essays, presentations, projects, etc. but exclude homework.
- Students and parents have the right to appeal the schedule in extreme circumstances, and those would be handled by the School Building Level Committee. (There may be exceptions for students with IAP's and IEP's).
- Extended time for make-up tests and/or assignments will be at the discretion of the principal in collaboration with the teacher and counselor.
- Gifted students attending enrichment classes should not be marked absent, and their regular education teachers shall assist the students with make-up work as needed.
 - Gifted or talented students should in no way be penalized for incomplete assignments on the day following special education enrichment classes, unless the assignment was directly given to the student by the teacher. These students should be encouraged to participate in enrichment sessions as specified on their IEP. An extension of time to complete missed work may be warranted and is appropriate, if needed. Some or all of the makeup work can be excused if the student has apparently already mastered the skills addressed the day they attend their special education enrichment session.
 - In the event that circumstances prevent the above procedures from being implemented, the use of a student peer as a source of assignments is acceptable with the condition that the gifted student not be penalized for inaccuracies in the reporting of assignments by another student.
- For a student to make up a missed midterm or final exam, a doctor or parent note must be submitted by the parent/legal guardian that verifies and documents the necessity for the absence/s.
- Any work missed because of suspension or recommended expulsion can be made up for the same credit originally available. The student must make up all work within five (5) days of returning to school. (There may be exceptions for students with IAP's and IEPs.)
- A student attending school sponsored or endorsed activities including VPSB pullout programs, sporting events, field trips, and college or military visitation has the responsibility of obtaining all assignments and completing the work as scheduled for the classes missed. For extended absences, teachers may grant exceptions, prior to the absence, for work due in his/her class.
- Extended time to make-up tests and/or assignments will be at the discretion of the principal in collaboration with the teacher and guidance counselor.

- D. Upon the child's return to school, the parent or guardian will have 3 school days to submit proper documentation for an absence. Approved documentation submitted after the three school days will result in an unexcused absence.
- E. A child may be disenrolled from the program, at the discretion of the school system, if he/she fails to meet the 74% attendance requirement for two consecutive months due to unexcused absences. Suspensions or expulsions of children should be an action of last resort, and ONLY after the program has exhausted every means possible (counseling, mental health evaluation, SBLC meeting, etc.) to address challenges exhibited.
- F. No new students will be added to the current year roster or transferred to another school in the parish after March 31st. Extenuating circumstances (DCFS placement, homeless) will be considered by the Supervisor of Early Childhood & Pre-K on a case by case basis.

After a review by the Superintendent or his/her designee, a decision shall be made and communicated to the parents or legal guardian by letter.

SECTION II: DRESS CODE (JCDB)

The Vermilion Parish School Board has set forth the following guidelines for grades Pre-K through 12 concerning mandatory uniforms, student dress, and appearance. These guidelines seek to foster an environment which promotes respect for authority, increased safety for students and staff, and preparation for students to enter into the workforce.

The final decision as to the appropriateness of attire and appearance will be made by the principal. Therefore, prior to purchasing a particular style of attire which is neither specifically prohibited in these guidelines, contact the principal's office of the school where your child attends in order to ensure that the particular style of attire you plan to purchase meets the approval of the school's principal. Any student who violates the dress code will be subject to disciplinary action. The principal may designate certain days throughout the year as school spirit days celebrating school sports or school-sponsored days when a spirit or club shirt may be worn with the mandatory uniform bottoms or jeans. On special occasion days such as Parish Government Day, Elocution Contest, etc., the school uniform does not have to be worn, but the clothing must meet the approval of the principal and the guidelines for student dress.

Any clothing or apparel that is unsafe, dangerous, and distracting to the educational process, or a health hazard is unacceptable.

GUIDELINES FOR NON-COMPLIANCE

Failure to comply with the guidelines for dress, appearance, or uniforms will result in parental contact by the school. Further non-compliance may result in one or all of the following: detention or in-school suspension.

SECTION III: DISCIPLINE CODE OF CONDUCT *(JD, JCD)*

Because the Vermilion Parish School Board is legally responsible to maintain a proper learning environment, it has adopted disciplinary guidelines for students. It is also the daily responsibility of school personnel to see that no single person interferes with the total learning environment of other students. It is the final responsibility of the principal to maintain discipline at each school or at any school function.

The Vermilion Parish School Board shall endeavor to address student behavior with a focus on evidence based interventions and supports, and to prioritize classroom and school based interventions in lieu of out of school disciplinary removals to address student misconduct in order to minimize the loss of academic instruction time.

CORPORAL PUNISHMENT *(JDA)*

The use of corporal punishment by administrators and teachers is authorized when such punishment is administered in a reasonable manner. No corporal punishment shall be administered without written consent of a parent.

The following guidelines are to be followed when administering corporal punishment:

1. Corporal punishment should be used after other methods of discipline have failed.
2. Procedural due process must be used before administering corporal punishment.
3. An adult witness must be present when corporal punishment is administered.
4. Corporal punishment shall be limited to paddling. Any paddle to be used in administering corporal punishment should be made of wood fourteen (14) to fifteen (15) inches long, six (6) inches wide and one-half (1/2) inch thick.
5. Any paddling must be applied to a student's posterior for a maximum of five (5) times.
6. No form of demeaning language or corporal punishment, including but not limited to paddling, striking, or hitting, shall be used with any child enrolled in a Pre-K class or an enrichment class.
1. Corporal punishment shall not be administered to any student with an Individual Education Plan (IEP) or an Individual Accommodation Plan (IAP).
2. Prohibits taping a mouth shut or restricting the airway, even with parent consent. (Act 780)

DISCIPLINE FOR PRE-K

The Vermilion Parish school system will not deem a child ineligible for a pre-K seat for reasons other than income and age. This includes medical issues (including toilet training), guardianship, clothing, transportation, religion, ethnicity, cultural practices, and/or language barriers. Should a school/LEA consider it necessary to prevent a child from enrolling or consider disenrolling a child for any reason, the school/LEA must have exhausted all possible options to keep a child enrolled. Before a child is disenrolled or expelled, there should be documentation of multiple conversations with families to develop a plan that would help a child be successful in their educational experiences. This plan must be kept on file at the site and updated with the family at each parent-teacher conference. The Supervisor of Early Childhood and Pre-K must be involved in all removal decisions.

MULTI-TIERED SYSTEM OF SUPPORTS (MTSS/PBIS)

It is the purpose of the Vermilion Parish School Board to operate the schools in a manner that will provide an orderly process of education and that will provide for the welfare and safety of all students who attend these schools. The school's primary goal is to educate, not discipline; however, when the behavior of the individual student disrupts the learning environment or comes in conflict with rights of others, corrective actions may be necessary both for the benefit of that individual and the school as a whole. The Vermilion Parish School Board shall endeavor to address student behavior with a focus on evidence-based interventions and supports, and to prioritize classroom- and school-based interventions in lieu of out-of-school disciplinary removals to address student misconduct in order to minimize the loss of academic instructional time. To assist the teacher, the School Board shall establish regulations for the use of disciplinary measures within the schools and continually monitor and appraise their usefulness. Discipline shall be administered uniformly, consistently, and in a nondiscriminatory manner, in accordance with the School Board's Student Code of Conduct.

AUTHORITY OF SCHOOL PRINCIPALS

Principals shall have both the authority and the duty to take disciplinary action whenever the behavior of any student(s) materially interferes with or substantially disrupts the maintenance of a proper atmosphere for learning within the classroom or other parts of the school. Depending on the severity of the offense committed by the student, the principal retains the right and the responsibility to use any appropriate form of discipline available including suspension, recommending expulsion, and/or law enforcement. However, no student shall be disciplined in any manner by the School Board or school principal, teacher, or other school employee for the use of force upon another person when it can be reasonably concluded that the use of such force more probable than not was committed solely for the purpose of preventing a forcible offense against the student or a forcible offense provided that the force used must be reasonable and apparently necessary to prevent such offense. A student who is the aggressor or who brings on a difficulty cannot claim the right stated above to defend him/herself.

AUTHORITY OF SCHOOL TEACHERS

A. Teaching Behavioral Expectations and Remediation of Deficits

Each teacher shall in the beginning of each school year and periodically throughout the school year provide his or her students with the rules of the school and how those apply in their particular classroom. The teacher should teach the behavioral expectation and provide a

system to acknowledge appropriate behavior and remediate behavioral deficits.

B. In-School Alternatives and Preservation of Instructional Time

Since academic achievement is associated with the amount of instructional time received by a student, the use of alternatives (re-teaching, remediation, brief time-out from the classroom, calls to parents, notes home, behavior plans) to removal from class is encouraged. In addition, counseling alternatives (school counselors and/or other appropriate mental health professionals employed by the district or a contracted outside agency) are encouraged.

C. Each teacher may take disciplinary action (no state form required) to correct a student who violates school rules or who interferes with an orderly education process. The disciplinary action taken by the teacher shall be in accordance with such regulations and procedures established by the School Board.

D. A teacher, principal, or other school employee is authorized to require the parent or legal guardian of a student to attend a conference or meeting regarding the student's behavior, and after notice, the parent or legal guardian willfully refuses to attend, the principal, or his/her designee, shall file a complaint, in accordance with statutory provisions, with a court exercising juvenile jurisdiction. Notice of the conference, specifying the time and date of the conference, shall be given by contacting the parent or legal guardian by telephone at the telephone number shown on the student's registration card or by electronic communication or by sending a certified letter to the address shown on the student's registration card.

STUDENT DISCIPLINE, SUSPENSION, EXPULSION (JDD, JDE, JCD)

The Vermilion Parish School Board and its employees feel that this discipline plan will provide a safer, healthier, and happier atmosphere for children to learn. Every teacher and other school employee shall endeavor to hold each student accountable for his/her behavior in school or on the playgrounds of the school, on any school bus, on the street or while going to or returning from school, during intermission or recess or at any school sponsored activity or function.

In accordance with R. S. 17:416 A (2), any teacher or other school employee is permitted to report to the appropriate principal/administrator any alleged student discipline violation on the School Behavior Report/School Bus Behavior Report form as provided by the State Department of Education. The principal shall return a completed copy of this form to the teacher or other school employee who initiated the referral indicating corrective action taken within **48 hours** (excluding non-work days) of the time it was submitted to the principal.

- This policy shall apply to all school campuses, school buses, or during any school-sponsored function or activity.
- During the period of an out-of-school suspension the student shall complete assignments and shall receive credit for that work which was completed satisfactorily and timely as determined by the principal or his designee, upon the recommendation of the student's teacher; however, the teacher shall not be required to interrupt class instruction time to prepare any such assignments.
- During the period of an expulsion, the student cannot participate in or attend any school activity and receives no credit for work pursued or tests given.
- In accordance with R. S. 17:416.12, students in grades K-5, who violate the "Yes, Ma'am", No, Ma'am" law cannot be suspended or expelled but can be disciplined following existing school policy.
- Failure to sign the annual statement of compliance by a parent/guardian will result in documentation of the refusal by the principal, and a copy of it will be sent to the Supervisor of Child Welfare and Attendance.
- Failure to sign the annual statement of compliance by a student may result in disciplinary measures according to current school policy.

GRADUATION PARTICIPATION

Any student who has been expelled from school and whose term of expulsion has not been completed shall not be allowed to participate in graduation exercises. Provided, however, that any such student may petition the School Board, in writing, for a waiver of this rule. This petition will be filed with the Superintendent **at least thirty (30) days prior** to graduation or within ten days of the expulsion decision, whichever occurs later. The School Board shall conduct a waiver hearing in executive session.

A student shall be immediately removed from a classroom by the teacher and placed in custody of the principal or his/her designee if the student's behavior prevents the orderly instruction of other students, poses an immediate threat to the safety of students or the teacher, or when a student violates the school's code of conduct. If removed, the student shall receive the same credit originally available for schoolwork missed when it is completed by the student based on its accuracy. Students who are not preventing instruction may be referred to the office but do not warrant immediate removal.
2. Any student removed from class in kindergarten through grade 5, shall not be permitted to return to class for at least thirty (30) minutes unless agreed to by the teacher. A student removed from class in grades 6 through 12 shall not be permitted to return to class during the same class period, unless agreed to by the teacher initiating the disciplinary action. A parent conference must be conducted after the third removal from the classroom (Act 400)
3. A student in kindergarten through grade 5 removed from a class pursuant to this Subparagraph shall not be permitted to return to the class for at least thirty minutes unless agreed to by the teacher initiating the disciplinary action. A student in grades six through twelve removed from a class pursuant to this Subparagraph shall not be permitted to return to the class during the same class period unless agreed to by the teacher initiating the disciplinary action.
4. Upon the student being removed from class and sent to the principal's office, the principal or his/her designee shall advise the student of the particular misconduct of which he is accused as well as the basis for such accusation, and the student shall be given an opportunity at that time to explain his/her version of the facts. The principal or his/her designee then shall conduct a counseling session with the student as may be appropriate to establish a course of action, consistent with School Board policy to identify and correct the behavior for which the student is being disciplined. Once removed, the student shall not be readmitted to the classroom until the principal has **implemented and documented** at least one of the following disciplinary measures:
 - a. Conference with principal or his designee
 - b. Referral to counseling
 - c. Peer Mediation
 - d. Referral to School Building Level Committee
 - e. Restorative Justice Practices

6. When a student has been removed from a classroom, the teacher/principal/principal's designee may require the parent or legal guardian of the student to have a conference with the teacher or the principal or his/her designee. Such conferences may be in person or by telephone or other virtual means. Upon the student's third removal from the same classroom, the teacher and principal shall discuss the disruptive behavior patterns of the student and the potentially appropriate disciplinary measure before the principal implements a disciplinary measure. In addition, a conference between the teacher or other appropriate school employee and the student's parent or legal guardian may be required prior to the student being readmitted to that same classroom. Such conferences may be in person or by telephone or other virtual means. If such a conference is required by the school, the school shall give written notice to the parent. For students who experience multiple behavioral incidents or disciplinary referrals, a principal or his/her designee shall consider a referral of the matter to an appropriate school building level committee. If the disruptive behavior persists, the teacher may request that the principal transfer the student into another setting.
7. Whenever a teacher is struck by a student, the student, in addition to any other discipline given, may be returned to the teacher's classroom, unless the teacher objects, or unless the principal, with the concurrence of the school building level committee, finds the striking incident to be entirely inadvertent. The administration of school level discipline does not supersede the right of the employee to pursue civil or criminal charges. Any student found guilty by a court of competent jurisdiction or in a school system suspension hearing (with a District Hearing Officer) of battery on any school employee shall not be allowed to attend the school where the employee battered is assigned. The school system is not responsible for transportation of any reassigned students.
8. Generally, a student with disabilities (IEPs and IAPs) may not be removed from his or her current placement for more than ten (10) school days, consecutively or cumulatively, or violations of the Student Code of Conduct without a determination of whether the conduct in question was caused by, or had a direct and substantial relationship to the student's disability (a Manifestation Determination Review). Other circumstances may exist where the removal is for fewer than ten (10) days, but the student has been subjected to a series of removals that constitutes a pattern which exceeds ten (10) days in a school year. In such a case, a Manifestation Determination Review shall be conducted.
9. Students who are Out-of-School Suspended and/or expelled from school may not be on any school campus, school bus, or school event during the term of the suspension and/or expulsion.
10. Discipline assignments take precedence over all school activities (athletic events, band practice, field trips, etc.) Students suspended and/or expelled may not attend, participate or represent the school in any school activity during the terms of that exclusion or removal. Students returned to campus after a recommended expulsion may continue to be prohibited from extracurricular activities.
11. When a student transfers from one school to another within the Vermilion Parish School System, the student's discipline/attendance records for that school year will also be transferred. The student will continue at the appropriate step in the discipline process at the new school. Additionally, if a student exits to another school or district or enters from another school or district discipline reports will be requested and reviewed.

At the time of the hearing, the Hearing Officer will determine, according to VPSB policy, if the student is readmitted to his school or will be transferred to an Alternative Placement until the student has successfully completed their intervention plan. When prescription medication is labeled by a pharmacy or medical provider as prescribed for the student who is in the possession and the amount is not excessive (one dose) and a determination is made that the possession or use was for medicinal purposes only, the administrator may take action but must hold a parent conference to discuss the violation. If the investigation determines that the student used or possessed the prescription upon parental advice and the amount is not excessive (one dose) a lesser penalty is suggested. School Bus Conduct (JCDAD)

Louisiana State Law states that only a principal has the authority to take any disciplinary action against a student. Therefore, regular and substitute drivers may not assign disciplinary action or deny normal service to any student.

Bus Operators do not have the authority to suspend students from riding a school bus. Discipline issues are to be handled by the principal. If no solution has been resolved, the Transportation Department should be notified. Problems should be resolved at the school level. This problem may be brought to the board level if the central staff has not resolved it.

SCHOOL BUS CONDUCT RULES

1. Students must be on time at designated stops and must stay off the roadway at all times while waiting for the bus. Drivers will not wait for late students. Exceptions will be made for inclement weather.
2. Students must obey the driver.
3. Students must cross the road in front of the bus, never in the rear.
4. Students must sit upright in their seats and face the front.
5. Be courteous to one another.
6. Help to keep the bus clean and sanitary.
7. Anyone purposely damaging, cutting or breaking school property will be disciplined and be required to pay damages (vandalism).**

9. Avoid using profane, obscene or abusive language.*
10. Arms and head must be kept inside the bus windows at all times. Nothing is to be thrown out of windows.

12. Loud talking will not be tolerated. Conversation in normal tones is permissible.
13. Obtain permission from the driver before opening windows when it is cold or raining.
14. The emergency door is to be used only in cases of an accident or emergency.
15. The middle aisle should not be blocked by students.
16. No student will be allowed to ride another bus other than the one to which they are normally assigned. Exceptions are as follows:
 - a. **SHORT TERM REQUESTS:** A written request must be presented to the driver before the child boards for an afternoon or overnight privilege. Drivers will have a copy of this form to file in their personal folder.
 - b. **LONG TERM REQUESTS:** Parental requests for a child to be picked up, dropped off or both on a long term basis to a daycare center, babysitter or relative may be approved. The driver must be contacted first and a signed statement from parents must be obtained. If the bus driver's route is overcrowded, these special privileges will not be approved. Parents are to understand that if a new student(s) moves to the driver's regular route; this special privilege may be revoked. Parents will have to find other means to meet these needs. Drivers are not to change their routes for either of these special privileges. **Forms are available at the Transportation Department.**
17. The following items are not allowed on the bus: glass objects (except eye glasses), pets, radio, weapons, alcohol, drugs, tobacco, matches, cigarette lighter, or obscene materials.

20. Students do not have permission to wander on or off the campus upon arrival in the morning or upon dismissal in the afternoon without permission from the principal.

STUDENT RESPONSIBILITIES

Proper student behavior is important. The distraction of the driver can contribute to accidents. Students and parents should be made aware of and abide by reasonable regulations to enhance safety. The consequences of unacceptable behavior should be clearly understood. The following procedures will protect the student's rights and maintain order on the bus:

1. Students must be aware that they are responsible for their actions and behavior.
2. Students must know what the rules and procedures are and abide by them.
3. Students must display proper respect for the rights and comfort of others.
4. Students should realize that school bus transportation can be denied if they do not conduct themselves properly. Students will not be allowed to ride a different bus while under suspension for their assigned bus.

The policies and procedures are in place for the safety of the student. Failure to adhere to the policy may result in requiring the student to ride the bus.

DISCIPLINE FOR VIRTUAL LEARNERS (JD)

The provisions of this Policy and those of all student handbooks and codes of conduct shall be applicable to misconduct, whether on-campus, during virtual instruction, on a school bus, on the streets to and from school, or at a school event or activity. For alleged misconduct which occurs during virtual instruction, school-based administrators shall consider the need for maintaining order and appropriate conduct, the school's interest being impacted, and the student's families' right to privacy and constitutional rights while at home or in a location that is not school property.

A student and his/her family shall not waive their constitutional rights by electing virtual instruction. At the same time, students engaging in virtual instruction shall ensure that, prior to logging into and during any virtual classroom, the view from their camera is free of any object, writing, picture, or other display which, if possessed on school buses or on school property, would subject the student to disciplinary action.

Regular school attendance is required for all virtual school students and students are expected to login to classes each day.

In addition, a student's work should reflect the effort of the student alone. Those rules/policies governing academic honesty as well as those prohibiting cheating apply equally in a virtual setting. All academic work should be completed by the student to ensure the ability to accurately measure the achievement of minimum standards necessary for credit/promotion.

CONSEQUENCES FOR DISRUPTIVE/UNACCEPTABLE BEHAVIOR FOR VIRTUAL

Student conduct that occurs in the virtual classroom may be subject to progressive discipline which will depend upon the age of the student and the seriousness of the conduct committed. Serious disruptions and misconduct may violate local, state, or federal laws and can be referred to law enforcement.

DISCIPLINE OF STUDENTS WITH DISABILITIES OR EXCEPTIONALITIES

Discipline of students with disabilities or exceptionalities or an Individualized Education Program or Section 504 Individualized Accommodation Plan shall be to the extent allowed by applicable state or federal law and regulations or the provisions of the student's specific plan.

The decision of the Superintendent of Schools on the merit of the case, as well as the term of suspension, shall be final, reserving the right to the Superintendent of Schools to remit any portion of the time of suspension. During the period of out-of-school Suspension, out-of-school Expulsion, in-school Expulsion or assignment to the alternative program no students may participate in or attend any event involving a Vermilion Parish School or conducted upon Vermilion Parish School Board property.

PROCEDURAL DUE PROCESS IN THE INVESTIGATION OF DISCIPLINE REFERRALS

Every student must be afforded due process in the disciplinary process. Procedural due process is essentially based on the concept of "fundamental fairness". It includes an individual's right to be adequately notified of charges or proceedings, and the opportunity to be heard at these proceedings. When a student has been written up and the disciplinary process begins the following **must** occur:

1. The student must be told what he is accused of and by whom (faculty member).
2. The student must be given an opportunity to tell his version of the facts.
3. Students must be allowed to provide any witnesses to the event.
4. The student must be informed of the administrator's action on the infraction (consequence).

The method of informing students shall be appropriate for the student's age and understanding. Until the hearing, the student shall remain suspended with access to classwork and the opportunity to earn academic credit. A student who is expelled for longer than ten (10) days shall be provided with academic instruction at an alternative setting in accordance with La Rev Statue 17:416

SEARCHES (JCAC)

For purpose of deterring the use of alcohol, drugs and contraband in the school system, the Vermilion Parish School Board may use the services of a drug-detecting dog and/or metal detectors whose use shall be in accordance with the policy outlined below:

I. Searches of Student's Persons, Desks, Lockers, and Other Areas

- A. The parish and city school systems of the state are the exclusive owners of all public school buildings and all desks and lockers within the building assigned to any student and any other area of any public school buildings or grounds set aside specifically for the personal use of the students. Any teacher, principal, school security guard, or administrator in any parish or city school system of the state may search any building, desk, locker, area, or grounds for evidence that the law, a school rule, or parish or city school board policy has been violated.
- B. The teacher, principal, school security guard, or administrator may search the person of a student or his personal effects when, based on the attendant circumstances at the time of the search, there are reasonable grounds to suspect that the search will reveal evidence that the student has violated the law, a school rule, or a school board policy. Such a search shall be conducted in a

manner that is reasonably related to the purpose of the search and not excessively intrusive in light of the age or sex of the student and the nature of the suspected offense.

II. Search of Persons Entering Public School Buildings or Grounds

Notwithstanding any other provision of law to the contrary, any school principal, administrator, or school security guard may search the person, handbag, briefcase, purse, or other object in possession of any person who is not a student enrolled at the school, or a school employee while in any school building or on school grounds either by conducting a random search with a metal detector or when there is reasonable suspicion that such person has any weapons, illegal drugs, alcohol, stolen goods, or other materials or objects the possession of which is a violation of the parish or city school board's policy.

III. Random Searches

- A. The dog will be used to make random searches of the following areas: 1) classroom facilities, 2) school lockers, 3) automobiles, 4) school buses, 5) school equipment, 6) bathroom facilities, 7) any and all other school facilities, 8) books, and 9) school-related supplies carried and used by students.
- B. When reasonable belief exists, the dog may be used to search student's clothing and personal objects when these are separated from the student. At no time shall a student be asked to strip nude for purpose of a random search.
- C. Random searches on school campuses shall be conducted according to a schedule agreed upon by the principal and risk manager or CWA.
- D. The use of the dog at any particular school campus shall be unannounced. The law enforcement official in charge of the operation shall, however, report to the principal's office, properly identify himself, and state his purpose prior to any use of the dog on campus.
- E. The principal, or his designee, shall accompany the search team at any time the search is being conducted within the school campus for which he is responsible

IV. Procedure When Alcohol, Drugs or Contraband is Discovered During Search

- A. Search of School Property if the dog alerts on a school locker or other property belonging to the school board, such property shall be searched.
- B. Search of Property not Belonging to the School but Located on School Board Property if alcohol, drugs or contraband is discovered, it will be confiscated, and the student's parents will be notified. Any offender will be disciplined by school personnel in accordance with "Student Alcohol and Drug Use" and file JCAB "Search and Seizure"

V. Searches with Metal Detectors

L.S.A.-R.S. 14:95.2 prohibits the possession or carrying of weapons (firearms, knives or other implements or instrumentalities which can be used as weapons) on school board property or at school-sponsored activities. In light of the rise of such incidences and in furtherance of the law, and in order to provide a safer environment for student and employees, the Vermilion Parish School Board authorizes searches with a hand-held or stationary metal detector of school board property, of students, employees, and non-employees, and of any bags, parcels, containers, etc., that any person brings on the school board property or to school-sponsored activities as provisions set forth in R.S. 17:416.3 and 17:416.6. Activation of the metal detector shall authorize the conduct of a search of the subject's person by authorized school personnel, in the manner described in section E below. The nature and extent of a search shall not go beyond what is necessary to allow authorized personnel to discharge their responsibilities in this area.

IMPLEMENTATION OF SEARCH PROCEDURES (JCAC)

A. Notification

1. Annual Written Notification: At the start of each school year, parents and students shall receive written notification of the school district's policy to conduct, in the manner specified here and below, unannounced searches of students and non-employees on school board property and at school-sponsored events throughout the remainder of that school year. Once said notices have been disseminated, these unannounced search procedures shall be implemented on a district-wide basis.
2. Posted Notices: Signs shall be posted outside entrances to school board facilities, on school buses and at entrances to school-sponsored events to serve as notice to students and non-employees that they are subject to a search with a metal detector or by other means authorized by this policy, as a condition of entry, and that by the fact of their entry they shall be deemed to have freely and voluntarily consented to such search of their persons and/or possessions, for weapons and prohibited telecommunication devices.

B. Refusal to Cooperate with the Search

1. Refusal by non-employees to cooperate fully with a search shall result in their removal from school board property or school-sponsored activities.
2. Students entering school board property or school-sponsored activities who refuse to cooperate fully with a search shall be denied entry to school board property and shall be removed from school-sponsored activities.
3. Students on school board property (e.g., P. E. areas, classrooms, cafeteria, etc.) who refuse to cooperate fully with a search will be suspended for "disrespect for authority/willful disobedience," pending an expulsion as provided for in Policy File JCD, JDD, JDE.

C. Supervision

Searches will be initiated by authorized school personnel. However, the police shall be notified if a subject is found to be in possession of contraband (such as a weapon, illegal drug, or other prohibited objects), as required by law.

D. Selection

Prior to the conduct of any search, authorized school personnel shall determine the method of selecting subjects to be used for the search in question. Once determined, the selection procedure shall be consistently applied throughout the conduct of that particular search. Selection criteria may vary from one search to another.

E. Search Procedures

1. Metal Detectors: Random searches with a metal detector of students or their personal effects may be conducted at any time, provided they are conducted without deliberate touching of students. When metal detectors are used, selected subjects shall be asked to remove all metal objects from their pockets and place the items on a designated tray or surface, along with any bags, parcels or other containers being carried. If the detector activated on a subject, the authorized school official conducting the search

shall request that any remaining metal objects be removed. The subject shall be searched with the metal detector once again. If the detector no longer activates, the search shall be concluded (Reference F-1 and F-2).

2. **Personal Searches:** Should the metal detector continue to activate, the subject shall be searched by authorized school personnel of the same sex in the presence of at least one other responsible adult. The personal search shall be conducted only in the area of the body which activated the metal detector. The object causing the metal detector to activate shall be removed and the individual searched with the metal detector again. The search shall continue until the metal detector ceases to activate on the subject's person.

F. Disposition of Subject's Property

1. **Return of Property:** All property removed from a subject that is not prohibited by board policy, local, state and federal law, or school rules, shall be returned to the subject upon completion of the search. Non-illegal contraband shall be returned to the parent/guardian of the student within the first two weeks after the end of the school year. The parent/guardian shall be responsible for making arrangements with the principal to retrieve the item(s). If the item(s) is not so retrieved, the principal shall convey the item(s) to a charitable entity, unless the item(s) has no practical value, in which case the principal shall dispose of the item(s).
2. **Discovery of Contraband:** Should a subject be found to be in possession of contraband (such as weapons, illegal drugs, or other prohibited objects), the person conducting the search shall notify the school principal/designee, who shall in turn notify the local police, or the appropriate law enforcement agency (if not present for the search). The law enforcement agent shall take custody of all weapons, other prohibited objects, and illegal drugs.
3. **Electronic Communication Device:** First offense shall be returned to the student's parent/guardian after five (5) days, upon request. Second offense, school shall keep the device until the end of the school year (must be picked up within two weeks of the last day of school).

BREATHALYZER SCREENING (JCAC)

The following policy has been adopted by the Vermilion Parish School Board to insure a safe and trouble-free event. This policy shall apply to all high school proms, homecoming dances, dances, and High School Graduation.

1. All students and escorts entering a school building or the premises where any school-sponsored prom, homecoming dance, or Sadie Hawkins dance is held shall be required to take an alcohol breath test by use of a portable breath alcohol tester. The test will be given by a school administrator/designee. If a student/escort tests positive, then the parent or guardian will be contacted by a school administrator/designee, and the student/escort will be detained until release to the parent or guardian. The student/escort may request a retest. In that event, the tester shall re-administer the test no sooner than ten minutes after the first test was given.
2. If the student/escort has tested positive and the parent or guardian cannot be reached, a school administrator/designee will detain the student at school (or location where the event is taking place) until arrangements can be made to get the student home safely.
3. If a student/escort refuses to take any breath test as provided by this Policy, he or she will not be admitted to the event and the student's/escort's parents will be contacted and requested to take the student/escort home. The student/escort shall be detained until released to the parent or guardian.
4. There is always the possibility that a student/escort may consume alcohol after passing the initial breathalyzer screening. If school personnel observe behavior indicating a student may have consumed alcohol, such as slurred speech; unsteady gait; impaired motor control; flushed face; smell of intoxicating liquor on breath, clothing or person; vomiting; or unruly behavior, or other reasonable indicators, designated school personnel may administer the active breathalyzer test. If the student/escort tests positive on the active breathalyzer, the student's/escort parent or guardian will be contacted, and the student/escort will be detained until released to the parent or guardian.
5. Students are reminded that they are responsible for their guest and that their guests are subject to all rules.
6. If a student tests positive, the student's escort will not be admitted to the function.

Pursuant to a majority vote of the members of the Vermilion Parish School Principals Association, this policy may be applied, uniformly, throughout the parish, to other school or school-related events.

SEXUAL HARASSMENT POLICY FOR STUDENTS (JCEA)

In order to maintain a safe environment which is conducive to learning, Vermilion Parish School Board prohibits any form of sexual harassment. Sexual harassment can destroy the advantage a school has to offer and can undermine its goals; therefore, it is totally unacceptable and illegal. Sexual harassment includes unwelcome sexual advances, use of sexual suggestive language, request for sexual favors, and/or other inappropriate verbal, visual, written, or physical conduct of a sexual nature at school or in a school-sponsored activity. Any student who has a complaint of sexual harassment against another student, employee, or non-employee engaged in business with the school system shall submit in writing the nature of the complaint, including specific act or acts which constitute the harassment complaint, the person or persons who the complaint alleges committed the harassment, witnesses to the act(s) of which the complaint has been filed, and the date(s) and time(s) of the alleged act or acts. The complaint shall be forwarded to the principal/designee as soon as possible following the alleged action. All complaints of sexual harassment shall be investigated thoroughly and promptly, and the complaint's parents/guardian shall be notified immediately. The appropriate designated administrator shall meet with the witness and the persons accused of the act of harassment and shall document the discussions with these individuals. Any student found to have committed sexual harassment shall be subject to disciplinary action and due process under the rules and regulations for student discipline. If either party is dissatisfied with the results of the investigation, he or she may grieve in accordance with the Title IX Grievance Procedure (File JAAA) adopted by the Vermilion Parish School Board.

SECTION VI: SPECIAL EDUCATION AND RELATED SERVICES (IDDF)

CHILD FIND

The Vermilion Parish School Board ensures that all children with disabilities within the boundaries of the public agency, including children who are homeless or wards of the State, and children with disabilities attending private schools, regardless of the severity of their disability, and who are in need of Special Education and related services are identified, located and evaluated. REGULATIONS GOVERNING THE TEACHING OF HOSPITAL/HOMEBOUND STUDENTS

Hospital/Homebound is a program for a student enrolled in regular education who, as a result of physical illness, accident or the treatment thereof, is not able to be moved from the hospital or home environment for the provision of regular education services. Hospital/Homebound is also an alternative setting for the provision of special education services for students evaluated as exceptional and when specified as a placement in the student's IEP. A student is placed on homebound because he is physically or psychologically unable to attend school; therefore, a student receiving homebound services is not to be out of the home unless absolutely necessary, i.e., doctor appointments. Specifically, a student receiving homebound services is not allowed to work outside the home. This student is also not eligible to participate in extracurricular activities or sports unless a hardship case is filed with the Louisiana High School Athletic Association, Inc., and the LHSAA rules that eligibility is permitted. The parent should contact the **Office of Distance Learning by calling 898-5808** for information on Hospital/Homebound Services.

NOTE: A student is counted absent at school until receipt of the official acceptance into the hospital/homebound program. Approval of absences incurred before the official date is a matter to be handled by the parent, the student and the school principal, and/or the Department of Child Welfare and Attendance.

SECTION 504

The Vermilion Parish School Board assures any eligible individual with a disability under Section 504 of the Rehabilitation Act of 1973, and who the federal laws say should receive service from the Vermilion Parish School Board, that they will be serviced according to the implementing regulations found at 34 C.F.R. Part 104. Questions regarding 504 can be addressed to the 504 Coordinator at 337-740-5907.

Students will be administered a comprehensive screening for dyslexia and related disorders at least once during grades K-3 unless the student's parents object to such screening. Any student shall be assessed at the request of a parent or teacher.

SPECIAL EDUCATION

Special Education is a supportive branch of general education that allows the Vermilion Parish School System to offer a full continuum of educational services to all children. Special education programs and services are governed by legislation and regulations. Generally all regulations, interpretations, and guidelines originate from federal legislation (IDEA >04) and state regulations (Bulletin 1706). In keeping with these mandates, the Vermilion Parish School Board has adopted a policy of free, appropriate public education for children with disabilities residing within its jurisdiction. Through its Child Search Program, the Board continues to place a priority on locating, evaluating, and placing eligible exceptional children.

The Vermilion Parish Special Education Department is mandated to provide special education services to any identified eligible child. Age eligibility is defined as between the ages of three (3) and twenty-one (21) inclusive. An identified child is one who has been evaluated according to the Pupil Appraisal Handbook standards and has met the criteria for exceptionality. Before services can be initiated, a child must have been placed according to IEP/Placement procedures. Students are scheduled for services to begin no later than ten calendar days after the IEP/Placement meeting.

SECLUSION AND RESTRAINT OF STUDENTS WITH EXCEPTIONALITIES (IDDF)

The Vermilion Parish School Board shall make available a free appropriate public education in the least restrictive educational environment to each student with an exceptionality, ages three through twenty-one, who is a resident of the geographical boundaries of the school district. Generally, identified children shall be screened and evaluated to determine eligibility to receive special education and related services. If it is determined in the evaluation process that a child has a disability and, by reason thereof, needs special education and related services, then the child is classified in accordance with Louisiana's **Pupil Appraisal Handbook**, Bulletin 1508 and becomes eligible to receive special education services. All special education services shall be provided to eligible students with exceptionalities in accordance with the regulations outlined in Regulations for the Implementation of the Children with Exceptionalities Act, Bulletin 1706.

The Vermilion Parish School Board shall establish and maintain regulations and procedures in accordance with federal and state laws and regulations to ensure that students with exceptionalities and their parents are provided the necessary procedural safeguards with respect to the provision of free appropriate public education by the Vermilion Parish School Board. These procedures specifically address the statutory requirements of La. R.S. 17:416.21 (Louisiana Act 328 of 2011), Act 479, and revised Louisiana Bulletin 1706 regarding the use of seclusion and restraint as emergency safety measures to control the actions of students with exceptionalities in Louisiana's public schools.

SECLUSION AND RESTRAINT

The School Board recognizes that, in order for students to receive a free appropriate public education, a safe learning environment needs to be provided. In doing so, the School Board also recognizes that there are circumstances in school under which reasonable and appropriate measures and techniques will need to be employed in dealing with students with exceptionalities who pose an imminent risk of harm to self or others.

The School Board fully supports the use of positive behavior interventions and support when addressing student behavior. The School Board reserves its right, however, to use physical restraint and/or seclusion consistent with state law and regulations to address the behavior of a student with exceptionality when school personnel reasonably believe the behavior poses an imminent risk of harm to the student or others. The School Board shall not preclude the use of physical restraint and/or seclusion performed consistent with the requirements of a student's *Individualized Education Program* (IEP) or behavior intervention/management plan.

RESTRAINT/SECLUSION DEFINITIONS

A sensory room may also be referred to as a "calming room", "calming space", "comfort room", "comfort space", "sensory space", "timeout room", or "timeout space". The appropriate use of sensory rooms shall not be considered seclusion, which shall only be used for the limited purpose of responding to a student posing an imminent risk of harm to self or others

GIFTED/TALENTED EDUCATION

Gifted and/or talented students are served in enrichment programs where they are pulled out of their regular classrooms for part of the day. Students are responsible for concepts that are presented while they are out of class. The regular classroom teacher should give only the portion of the assignments necessary to ascertain that students have grasped the new concepts presented while they were in the gifted and/or talented class. Cooperation and communication between the gifted and/or talented programs and other aspects of the school are greatly encouraged.

SECTION VII: CHILD NUTRITION (EE)

The Child Nutrition Program is a national program that is mandated by state and federal regulations. The policies and procedures of the program reflect these regulations along with the short term and long term goals of the Vermilion Parish School Board (VPSB). The Child Nutrition Program is an essential part in promoting student health, and is dedicated to the overall well-being of the students within the Vermilion Parish School Board.

Meal Service – Every student in the Vermilion Parish School Board is provided with a school breakfast and school lunch in accordance with the Healthy, Hunger-Free Kids Act of 2010. All meals and snacks served in the district are high in quality and nutritionally balanced. All students up to but not including grades 9 – 12 (high school) are required to eat lunch during meal times as set forth by each school principal. Students not wanting to eat or purchase a lunch at school must bring a lunch from home. It is highly encouraged that all lunches brought from home meet the VPSB Policy for Nutrition Standards for food and beverages.

All students are highly encouraged to eat breakfast at school to ensure adequate preparation for the school day academic schedule. Commercial fast foods, carbonated beverages, and concentrated sweets are not allowed in the cafeteria dining areas.

Meal Payments – The meal paying status of a student is determined through the Meal Benefits Application process. Students who are not eligible for free or reduced price meal benefits will be responsible for the payment of their meals at the established prices. All meals served must be paid for daily to the school's Cafeteria Manager or in advance through the online payment system at www.myschoolbucks.com. A check or money order made payable to the school's cafeteria is acceptable. All non-sufficient funds (NSF) checks will be charged a fee. Meal account refunds/transfers may be requested through the school's Cafeteria Manager. All student account balances are documented as long as they are enrolled with the Vermilion Parish School Board, and collection procedures will apply as necessary. Please contact 337-898-5714 with any questions or concerns dealing with student accounts or meal payments.

Meal Charge Policy - Students in grades PK – 8 will be allowed to eat a full breakfast or lunch at school if they do not have the adequate payment needed. Students in grades 9 – 12 must be able to pay for the meal they are purchasing. School sanctions will be applied at the school site for all unpaid debts which includes denial in participation in non-academic activities (field trips, school fun days, dances, etc.), including graduation ceremonies. Payments can be made through the online payment system at www.myschoolbucks.com or a payment plan can be established through the Child Nutrition Program Office. Student meal balances will be communicated to the parent or guardian through statements that will be sent home two (2) times per month through the student. Statements are printed, sealed, and given to the homeroom teacher for distribution to the student. Students are responsible for giving statements to the parent or guardian. The meal charge policy guidelines are the same for students that have balances but are now attending a CEP school.

Meal Benefits – Every child enrolled in the district is eligible to apply for meal benefits, which is based on the current eligibility guidelines. To receive meal benefits, an application MUST be completed EVERY school year. Meal Benefit Applications are available online at www.applyforlunch.com. A multi-child application is also provided at the beginning of each school year in which all students in the same household should be listed on the same application. Meal Benefit Applications are accepted all year long. Parents/guardians are responsible for meal payments until the Meal Benefits Application is approved by the Child Nutrition Program Office. Meal benefit statuses (free or reduced) from the prior school year remain effective only for the first thirty (30) operating days of the new school year. If a new application is not completed and approved within this time period, the student will be placed on full-price status.

CEP Program - If a school site is participating in the CEP program, meal benefit applications are not required. While at school, all students attending a CEP school will be offered a healthy breakfast and lunch at no charge to the household. If a student transfers during the school year from a CEP school to a non-CEP school, the student will keep their status for ten (10) days only. A meal benefits application will need to be completed for the current school year. Parents or guardians are responsible for all meal payments until the approval of the application at the Child Nutrition Program Office. Parents or guardians are still responsible for all previous meal charges incurred by the student prior to the implementation of the CEP program. All collections procedures will apply as necessary.

Wellness – The Vermilion Parish School Board Wellness Policy can be accessed through the district's website. This policy addresses overall wellness for students which include nutrition education, physical activity, nutrition standards for meals, and student wellness (eating in the cafeteria, lunches from home, classroom snacks, etc.). This policy is a multi-disciplinary effort and is continually addressed, measured, and evaluated.

SECTION VIII: PARENTAL INVOLVEMENT (Title I Part A) (IFD)

Vermilion Parish recognizes that in order for students to succeed in school and later in life, schools, families, and the community must work together. The Vermilion Parish School System actively fosters effective partnerships between families, the schools and the community. Research shows that when each of these entities is involved in children's education, their attitude, behavior and achievement is positively enhanced. Providing the children of all Vermilion Parish schools equal access to a quality education is our top priority. At the start of each school year, a school-parent compact, which outlines how the school, the teacher, the parent and the student will share in the responsibility for improved student achievement is signed, binding the commitment by all involved.

Parent/family engagement is the interaction between schools and families and their engagement in the educational lives of their children. It is relationships built on mutual trust and meaningful two-way communication. The district helps schools plan for their parent/family engagement component. Parent refers to any caregiver who assumes responsibility for nurturing and supporting children, including biological parents, grandparents, aunts, uncles, foster parents, stepparents, etc.

The Every Student Succeeds Act (ESSA) of 2015 addresses the educational challenges facing high-poverty communities. The federal Title I program was designed to ensure that all students have a fair and significant opportunity to obtain a high quality education and master state academic achievement standards and assessments.

Currently, 14 schools serving grades kindergarten to twelve receive Title I funding. A percentage of funding is allocated towards parental involvement in 20 schools. Before the start of each school year, the accountant informs each school of their budget and all accounting procedures. Schools are also given information on allowable expenditures for the budget. The district federal programs department helps by providing coordination, support and assistance to each school in building the capacity for strong family involvement.

The Vermilion Parish District Title I Parent/Family Engagement Policy sets the expectations and establishes the framework for parental participation in all Title I schools. The following are assurances and guidelines:

- The district policy is developed and implemented with the inclusion of all families and reaches beyond barriers of culture, language, disabilities and poverty. It is included in all student-parent handbooks to ensure that every parent receives a copy. The district parent/family engagement committee members meet annually to review the plan as well as their child's school activities, strategies, and programs that align to the school's goals. All schools include parents in decision making on the Schoolwide Plan, Master Discipline Plan, Multi-Tiered System of Supports Team, etc.
- The district will assist schools in designing presentations and information to parents on understanding student achievement topics such as state testing, accountability topics, how to monitor their child's progress and how to work with educators to improve the achievement of their children. Schools will increase family engagement by providing workshops and trainings at a variety of times along with multimedia communications sent home throughout the year to educate families on ways to support their child's education through a better understanding of:
 - the importance of ongoing, proactive communication with the school staff
 - understanding the curriculum for core subjects of reading, mathematics, science and social studies
 - assisting with homework
 - monitoring their child's school progress (Student Progress Center, progress reports, report cards)
 - understanding assessments, both local and state, that are used to measure student progress, as well as proficiency levels students are expected to meet
 - scheduling and participating in effective annual parent/teacher conferences
 - understanding *The Every Student Succeeds Act* (ESSA) of 2015.
- The Louisiana Believes website (www.louisianabelieves.com) has numerous resources for all families, as well as the Vermilion Parish School System's website (www.vpsb.net). Every school has a website which includes timely and relevant information for families.
- The district will assist schools with an annual meeting which is held at the beginning of the school year. The school will identify itself as a Title I school, explain the rights of parents and inform parents of school requirements associated with Title I. Throughout the school year, many opportunities are offered for parents to participate in their child's education. Some activities include Meet and Greet, Open House, AR Day, Standardized Testing Night, Read Across America, Pancakes with Parents, Math Day, Reading Day, 100th Day of School and Family Reading Night.
- The district helps to assure that each Title I school, when carrying out the parent/family engagement requirements, provides full opportunities for the participation of parents with limited English proficiency or with disabilities. All English Learner parents will be provided translation upon request.
- Schools in Vermilion Parish offer LA4, Title 1, and 8(g) preschool classes throughout the parish. There are 3 parent-teacher conferences held throughout the year. Parents of Head Start programs are invited to attend all workshops and seminars.
- Activities and meetings are held both during the day and at night to allow attendance by many families. Schools are encouraged to offer child care to enable parents to attend school activities. Reasonable and necessary expenses associated with parent engagement activities such as transportation will be provided when needed.
- District and school staff provide families with helpful community resources as needed.
- District and school staff make home visits as necessary to further assist/communicate with families.

This district policy was developed jointly with, and agreed upon with, parents of children participating in Title I schools, who serve as members of the District Parent/Family Engagement Committee.

PARENT/GUARDIAN INTERNET RESOURCES

The Vermilion Parish School Board is pleased to provide Internet-based resources for parents or guardians. These websites can help a parent or guardian keep track of their child's homework assignments, teacher calendars, teacher web sites, grades, discipline, attendance, and transcript information. These are two primary websites for parents or guardians to use:

- A. Teacher Websites and Homework through OnCourse - shows information in the following areas:
 - Student Homework
 - School & Teacher Calendars
 - Teacher Web Sites
- B. *Student Progress Center* - shows information only for the parent or guardian's child in the following areas:
 - Student Attendance
 - Student Discipline
 - Student Grades
 - Student Transcripts
 - *Student Test Scores*
 - Student Call-Out Communications

TITLE I PARENTAL NOTIFICATION

The *Every Student Succeeds Act (ESSA)* was passed by the U.S. Congress and signed into law on December 10, 2015. The *ESSA* replaces the *No Child Left Behind Act (NCLB)* and is the latest reauthorization of the *Elementary and Secondary Education Act (ESEA)*.

Under the *ESSA*, all schools receiving Title I funds must inform parents of their right to ask schools about the professional qualifications of their child's teachers and paraprofessionals. Fourteen Vermilion Parish schools receive Title I funding and we are happy to share this information with you upon your request.

The following schools receive Title I funds:

Abbeville High School	Kaplan Elementary	Seventh Ward Elementary
Dozier Elementary	Cecil Picard Elementary	J.H. William Middle School
Eaton Park Elementary	Meaux Elementary	Indian Bayou Elementary
Forked Island E. Broussard	Jesse Owens Elementary	LeBlanc Elementary
Herod Elementary	Rene Rost Middle School	

We are extremely proud of the quality of the teaching staff in the Vermilion Parish School District. Our teachers have college degrees and many have advanced degrees. In addition, every teacher continues learning through professional development activities and our teachers are evaluated each year to make sure their teaching skills remain at the highest possible level.

We encourage you to support your child's education and communicate with your child's teacher(s) on a regular basis. For more information on *ESSA*, and the role of parents, please visit the United States Department of Education's (USDE) website at <http://www.ed.gov/essa>.

By partnering, families and educators can provide your child with the best education possible.

To whom it may concern:

We would like to inform you that an Integrated Pest Management (IPM) approach for controlling insects, rodents, and weeds is used throughout all of the Vermilion Parish School Board schools and office buildings. The IPM approach we will be using focuses on making the school buildings and grounds an unfavorable place for pests to live and breed. Through maintenance and cleaning, we will reduce or eliminate available food and water sources, and hiding places for the pests. We will also routinely monitor the school area to detect pest problems and prevent the pests from becoming established. Some IPM techniques we will employ include monitoring, increased sanitation, sealing entry points, physically removing the pest, and modifying storage practices.

From time to time, it may be necessary to use chemicals to control a pest problem. The Louisiana Department of Agriculture & Forestry requires that all parents of students be notified of their ability to place their child's name on the Registry of Pesticide Hypersensitive Individuals. Only children who have a known hypersensitivity of pesticides will be placed on the registry. If your child needs to be placed on this registry please complete the necessary form, which may be obtained from the school secretary, and return it to your school. **The form must be completed and signed by a physician.** Forms that are turned in and ARE NOT signed by a physician will be returned to the parent/guardian and will not be forwarded to the Louisiana Department of Agriculture. Again, if your child DOES NOT have a hypersensitivity to pesticides you DO NOT need to fill out this form.

As always, the Vermilion Parish School Board continues to strive to make the safest and healthiest environment for our students, faculty and staff. If you have any questions regarding our IPM or this form you may contact our Maintenance Department at (337) 918-1017. You can also contact the Louisiana Department of Agriculture & Forestry at (225) 925-3763.

Sincerely,

Kerry Richard

Louisiana Annual Notice for Consent to Allow the School District To Access Louisiana Medicaid Benefits

School District Name: Vermilion Parish School System

School District Contact Information: Special Education Department (337) 898-5775

Dear Parent/Guardian:

The purpose of this letter is to remind you that you have given your permission (also known as consent) to share information about your child with the Louisiana Department of Health Medicaid program. Schools in Louisiana have been approved to receive partial reimbursement from Louisiana Medicaid for the cost of certain health-related services provided by the district to your child. In order for your child's school to get back some of the money spent on services, the school district needed to share with Louisiana Medicaid the following types of information about your child: name; date of birth; gender; type of services provided, when and by whom; diagnosis (if any) and Louisiana Medicaid ID. If your child is eligible to receive services to meet his/her needs, the services may be provided by the school system and/or you may take your child to another provider that accepts Medicaid.

With your permission, the school district seeks partial reimbursement for services provided by Louisiana Medicaid including, among others, a hearing test or eye exam; occupational or speech or physical therapy; some school nurse visits; and counseling services.

The school district needed your consent to share information about your child with Louisiana Medicaid. Please be advised of the following:

1. The school district cannot require you to sign up for Louisiana Medicaid in order for your child to receive the health related and/or special education services to which your child is entitled.
2. The school district cannot require you to pay anything towards the cost of your child's health-related and/or special education services.
3. If you give the school district permission to share information with and request reimbursement from Louisiana Medicaid:
 - a. This will not affect your child's available lifetime coverage or other Louisiana Medicaid; nor will it in any way limit your own family's use of Louisiana Medicaid benefits outside of school.
 - b. Your permission will not affect your child's special education services or IEP rights in any way, if your child is eligible to receive them.
 - c. Your permission will not lead to any changes in your child's Louisiana Medicaid rights; and
 - d. Your permission will not lead to any risk of losing eligibility for other Medicaid funded programs.
4. If you give permission, you have the right to change your mind and withdraw your permission at any time.
5. If you withdraw your permission or refuse to allow the school district to share your child's records and information with Louisiana Medicaid for the purpose of seeking reimbursement for the cost of services, the school district will continue to be responsible for providing your child with the services, at no cost to you.

Please contact the Special Education Department at (337) 898-5775 with any questions.

LDOE School-Based Medicaid Parent FAQ

Why do schools bill Medicaid?

Louisiana Medicaid allows schools to be reimbursed for certain health services they provide in schools. By getting a partial reimbursement from Medicaid, the school is able to add additional health services for students.

What types of services can a school bill Medicaid for?

Schools can bill for: speech therapy, occupational therapy, physical therapy, some nursing services, counseling services, personal care services and special transportation.

Does the school need my permission to bill Medicaid?

Yes. The school needs one-time, written consent from you to bill Medicaid for services provided to your child during the school day. After that consent is given, schools will also provide you with an annual reminder – either in a letter or the school handbook.

If I give my permission, can I take it back later?

Yes. Once you give your written permission for the school to bill Medicaid, you can revoke it at any time by notifying the school in writing.

If the school bills Medicaid for services, will it affect the services my child can receive outside of school?

No. Students are allowed to receive services both during the school day and after school. Giving this consent will have no affect on their ability to receive other services.

My child's service provider outside of school says that if the school bills Medicaid, the outside provider can't bill the same day. Is that true?

No. Many providers are confused by the school-based program because it operates differently than the rest of Medicaid. The school billing for services will have no impact on an outside provider being able to bill for services. Students can even receive services at school and from an outside provider on the same day. If they run into any issues, they can email sbmp@la.gov for help.

If I do not give consent to bill Medicaid, will my child still receive IEP services?

Yes. School districts are required to provide all IEP services even if they cannot bill Medicaid. But remember, your consent provides the school with additional monies to enhance health services to students.

Will I have to pay any money for these services?

No. All necessary services are provided to students for free by the school.

If my child receives healthcare services such as speech therapy from a private provider, can he receive speech therapy from the school system also?

Yes. Parents are encouraged to seek services within the school system because therapeutic interventions that are set in natural environments and embedded in the instructional program increase the effectiveness of intervention and the achievement goals.

Does giving this consent have any impact on me, my child or our families Medicaid benefits?

No. When the school bills Medicaid for services, it has no impact on your child, you or your families Medicaid benefits.

I still have more questions. Who can I talk to?

You can talk to officials at the Special Education Department by calling (337) 898-5775 or you can email the Louisiana Department of Education at sbmp@la.gov.
