CORE SUBJECT	IMPORTANT INFORMATION
SOCIAL STUDIES: Mr. Zeigler, Mr. Strong, & Mrs. Stauffer Students are currently learning about Renaissance ideas and philosophies. We will be transitioning to Martin Luther and the Protestant Reformation in the coming days. A final nine weeks test over the Renaissance & Protestant Reformation will be next week. Your student's teacher will have the test day along with notes and key vocabulary words on their Rooms/Google Class page.	Test over the Black Death, Silk Road, Renaissance & Protestant Reformation will be next week.
SCIENCE: Mrs. Getty & Mrs. Dunn Getty: We will begin applying our knowledge of the atmosphere and currents to predict weather and investigate major weather events. Dunn: Students have been learning how to read weather maps in order to make predictions about future weather conditions. They will be learning about major weather events over the next couple of weeks.	There will be a 5-question knowledge check every Friday!
MATH: Mrs. Elmore & Mrs. Strong	2 IReady Pathway Lessons Weekly

October 12th-16th

<p>Regular 7th: This week we are working on adding integers and rational numbers (positive and negative fractions and decimals). We will move on to subtracting and multiplying rational numbers after.</p> <p>Advanced 7th: This week into next week we are finishing up our Rational Number unit. Once we finish that we will move into 8th grade content including exponent rules and rational and irrational numbers.</p>	
<p>ELA: Mrs. Stauffer & Ms. Hannah</p> <p>We have started Unit 2 - Adolescence. The texts will focus on theme development, point of view, and the impact of repetition and figurative language. This week we will be reading a couple of poems, "Hanging Fire" and "Saturday at the Canal".</p>	<p>2 i-Ready Lessons in Pathway (Weekly)</p>
