AFTERSCHOOL

The Cape Fear Middle School Afterschool program begins September 22nd. Anyone interested in attending afterschool should see Mr. B during the school day or parents/guardians can reach him by phone at (910) 208-0197. Parents/Guardians must attend an orientation prior to their student attending afterschool. Space is very limited and a waitlist will begin soon.

Mrs. R. & Mr. B

ART

Welcome Back! I hope everyone had a wonderful summer and is ready for an exciting new year in the art room! We've hit the ground running with fun, creative projects to get students thinking, making, and sharing.

We started with Name Glyphs–a colorful way for students to introduce themselves. Each glyph tells a personal story, showing off interests, favorite colors, and unique characteristics.

Next, students explored our classroom expectations through a virtual scavenger hunt. Using QR codes, they learned the rules and procedures of the art room in an interactive, hands-on way. This helped everyone get comfortable with expectations and routines while keeping the process fun and engaging.

To wrap up our beginning of the year activities, students are working on a Getting to Know Me Polaroid Camera Project. Each student designed a creative Polaroid-style frame, adding words and images that represent their personality, hobbies, dreams, likes, etc.

We are off to a fantastic start, and I cannot wait to see the creativity unfold this year!

ATHLETICS

Last week in PE, students demonstrated teamwork and encouraged others through a series of relay races. These races were very competitive and the students had a great time. In class this week, we have moved to kickball and students are continuing to learn the fundamentals of the game.

In athletics, our football and softball teams started the season off with a win and are looking to continue their success in the coming weeks. Cheer is also off to a great start and the girls are working hard each day bringing that Grizzly Spirit. Let's Go Grizzlies.

Coach Bell

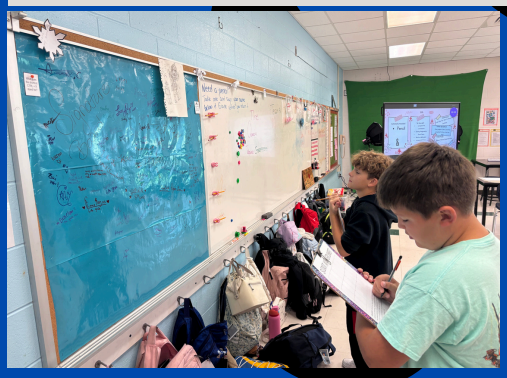

BAND / MUSIC

8th grade band students are preparing for September performances, while 7th graders review fundamentals for the Halloween Concert. 6th graders are learning basics with small instruments.

General Music Students are finishing "getting to know you" assignments and their first project, "Soundtrack of my Life."

Mrs Marshburn

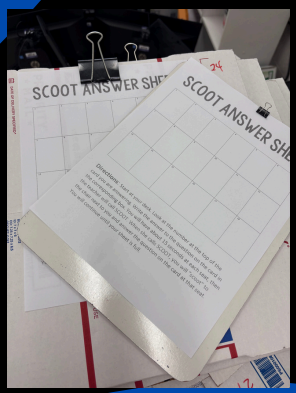

CAREER DEVELOPMENT

This week in Mrs. Morin's keyboarding classes the students have been learning about keyboarding short cuts. After a presentation, and a game review, the students participated in a quick paced SCOOT game. The questions were hung around the room and the students had 10 seconds to answer each question. The the word SCOOT was shouted and the kiddos moved to the next question. This was a great review of what we had been learning for the week.

MEDIA CENTER

Dear Parents and Guardians,
I have sent out library book invoices to students this past Friday. Please make sure your student returns library books they have checked out. I will be sending Computer and Charger invoices by the end of this week or early next week.

Thank you,
Ms. Sova (CFMS Media Coordinator)

STEM

In Mr Odom's STEM classes 6th grade has just finished their first project, Straw Rockets! While 7th and 8th grade are in the design phase of theirs, Bridge and Tower building!

Mr. Odom
