Plan B Bus Routes - Eastern Local School District

When the district has designated a day as Plan B Bus Routes, buses ***will not operate on any township roads*** that day. However, buses will pick up students who reside on those roads from designated group stops in our community. Other roads (State and County Only) can expect to be serviced. Keep in mind that pick up and drop off times may vary, and you are encouraged to establish communication with your driver if you need time approximations.

The following is a list of Plan B Group Stops in our Community.

Reedsville/Belleville Locks and Dam/124 intersection
