WELCOME TO THE 2026-2027 SCHOOL YEAR

MY SCHOOL QUEST

Our Partnership

Quest is proud to serve as your dining partner for the 2026–2027 school year and is committed to providing nutritious meals to your community. Supporting student wellness is at the heart of everything we do, and we strive to inspire healthy choices and a lifelong enjoyment of good food.

Our Food Philosophy

Quest prioritizes chef-crafted recipes made with high quality ingredients, using scratch cooking techniques and thoughtful sourcing to create meals that are both flavorful and nutritious. Our menus begin with fresh, seasonal fruits and vegetables, 100% hormone free milk, lean proteins, and whole grains, helping bring wholesome, nourishing options to every student's plate so they can thrive throughout their day.

View Menus with MySchoolQuest

Dining program information can be found by visiting myschoolquest.com. To begin, search for your school or district name. No login is necessary!

View weekly and daily menus by visiting the "View Menus" page and click on specific items to view nutritional information and allergens.

Visit the "Load Funds" page and learn how to get your account set up, load funds to your student's dining account, and access features such as auto-replenish.

For additional information pertaining to your school dining program, visit the "Your Program" page and view service hours, meal pricing, menu promotions, and more.

For more information about Quest,
visit us at www.questfms.com!

Allergen Information

Icons for the top nine allergens are visible with corresponding menu items on your school's MySchoolQuest page.

Our full allergen statement can be found at: questfms.com/allergens.

Tour the MySchoolQuest Site

Watch a step-by-step video walkthrough of the MySchoolQuest website: learn how to find your school, view menus, and more!

Questions On The Program?

Visit myschoolquest.com and go to the "Your Program" page to meet your Food Service Director and contact them directly.

App Store

Google Play

The MySchoolQuest mobile app is available for download on the App Store for Apple and Google Play for Android, with all the same features!
