

A Message from the Director

Esther G. Buckley Early College High School

Welcome to Esther G. Buckley Early College High School, where academic excellence, opportunity, and a commitment to student success are at the heart of everything we do.

At Buckley ECHS, we believe that every student has the potential to achieve greatness. Our mission is to provide a rigorous and supportive learning environment that challenges students academically, develops their leadership skills, and prepares them for success in higher education and beyond.

As a Health Science-focused Early College High School, we take pride in offering our students unique opportunities to earn college credits, pursue industry-based certifications, and gain meaningful experiences that prepare them for high-demand careers in healthcare. Through our partnership with Laredo College and our commitment to academic excellence, we strive to equip students with the knowledge, skills, and confidence necessary to become future leaders and healthcare professionals.

I firmly believe that **high expectations, personal accountability, and a culture of excellence** are essential to student achievement. Our dedicated faculty and staff work collaboratively to ensure that every student is supported, challenged, and empowered to reach their fullest potential.

Equally important is the partnership we share with our families and community. Together, we can inspire our students to embrace challenges, pursue their ambitions, and make a lasting difference in the lives of others.

It is an honor and privilege to serve as Director of Buckley ECHS. I look forward to continuing to build a school culture rooted in pride, purpose, perseverance, and excellence.

At Buckley ECHS, we are not simply preparing students for graduation; we are preparing them to lead, serve, and transform our community.

With Tiger Pride,

Bianca Herrera Martinez

Director

Esther G. Buckley Early College High School
