

WALKING AND CHAIR RESTRICTIONS **on** **NEW TRACK SURFACE**

Although the track resurfacing at AHPS is not completely finished, we are doing everything possible to help protect that investment for our students:

1. **WALK on OUTSIDE LANES** - Striping is yet to be done, so there aren't really any "lanes" visible, but we ask that any members of the public who want to walk on the track use the OUTSIDE (6,7,8) LANE areas around the track. The inner lanes (1-3) are traditionally the ones that wear out the fastest, so public walking on the outside lanes would help us delay that as long as possible.
2. **NO WHEELS on TRACK** – Wheeled vehicles or the like (Bicycles, Scooters, Skateboards, Rollerblades, etc.) are **NOT ALLOWED** on the track or runway surfaces at any time.
3. **RENTAL MATS REQUIRED for CHAIRS** – Chairs and tables on the surface can also cause damage as they leave lacerations. Rather than prohibit all lawn/bag chairs on the track during Warrior FB games, we will now require that patrons pay a \$5 rental fee for a mat the school provides to place under the chairs. Proceeds from rentals will go right back into the programs we are offering our students! Patrons can rent the mat the night of the game. When done, simply grab your chair and head home. The mat will be picked up AHPS Staff and volunteers after the game concludes. Chairs are not permitted inside the track, but if anyone wants to put them on the grass outside the track, there are no restrictions.

Thanks for helping us protect the resources used to provide educational opportunities for our students at AHPS!
