1. PREVAILING WAGE

Revised Public Works Contractor Registration Law (SB 96)

(Signed into law June 28, 2017, became effective immediately)

It revised the previous SB 854 to update the fees to be collected to fund compliance monitoring and enforcement, determine prevailing wage and public works coverage, and hear enforcement appeals.

All contractors and subcontractors intending to bid or perform work on public works projects that meet the requirements for new construction, alteration, installation, demolition or repair that exceed \$25,000.00 for new construction or \$15,000.00 for maintenance, will be required to register, and annually renew, online for the program. The cost to register for the program is currently \$400.00 and is non-refundable. This is a DIR fee paid to the state. The District will not register a contractor, nor collect funds for registration.

No quote can be accepted nor any contract or subcontract entered into nor purchase order issued without proof that the contractor or subcontractor is registered.

If you intend to bid or provide services on District projects in the future, please ensure you are registered with the DIR. The District will be required to complete a form PWC-100 notifying the DIR of the services you are providing, based on requirements above.

See Attachment "A" for the information required on the PWC-100 form. This information must be included in all quotes and/or bids, and must also be included for any subcontractor you use (they must also be registered with DIR). The District will not issue a Purchase Order without the completed PWC-100 form.

California Education Code 45125.1 - (a) Except as provided in subdivisions (b) and (c), if the employees of any entity that has a contract with a school district, as defined in Section 41302.5, to provide any of the following services may have any contact with pupils, those employees shall submit or have submitted their fingerprints in a manner authorized by the Department of Justice together with a fee determined by the Department of Justice to be sufficient to reimburse the department for its costs incurred in processing the application:

- (1) School and classroom janitorial.
- (2) Schoolsite administrative.
- (3) Schoolsite grounds and landscape maintenance.
- (4) Pupil transportation.
- (5) School site food-related.

(b) This section shall not apply to an entity providing any of the services listed in subdivision (a) to a school district in an emergency or exceptional situation, such as when pupil health or safety is endangered or when repairs are needed to make school facilities safe and habitable.

(c) This section shall not apply to an entity providing any of the services listed in subdivision (a) to a school district when the school district determines that the employees of the entity will have limited contact with pupils. In determining whether a contract employee has limited contact with pupils, the school district shall consider the totality of the circumstances, including factors such as the length of time the contractors will be on school grounds, whether pupils will be in proximity with the site where the contractors will be working, and whether the contractors will be working by themselves or with others. If a school district has made this determination, the school district shall take appropriate steps to protect the safety of any pupils that may come in contact with these employees.

(d) A school district may determine, on a case-by-case basis, to require an entity providing school site services other than those listed in subdivision (a) or those described in Section 45125.2 and the entity's employees to comply with the requirements of this section, unless the school district determines that the employees of the entity will have limited contact with pupils. In determining whether a contract employee will have limited contact with pupils, the school district shall consider the totality of the circumstances, including factors such as the length of time the contractors will be on school grounds, whether pupils will be in proximity with the site where the contractors will be working, and whether the contractors will be working by themselves or with others. (e) (1) The Department of Justice shall ascertain whether the individual whose fingerprints were submitted to it pursuant to subdivision (a) has been arrested or convicted of any crime insofar as that fact can be ascertained from information available to the department. Upon implementation of an electronic fingerprinting system with terminals located statewide and managed by the Department of Justice, the department shall ascertain the information required pursuant to this section within three working days. When the Department of Justice ascertains that an individual whose fingerprints were submitted to it pursuant to subdivision (a) has a pending

criminal proceeding for a felony as defined in Section 45122.1 or has been convicted of a felony as defined in Section 45122.1, the department shall notify the employer designated by the individual of that fact. The notification shall be delivered by telephone or electronic mail to the employer.

(2) The Department of Justice, at its discretion, may notify the school district in instances when the employee is defined as having a pending criminal proceeding described in Section 45122.1 or has been convicted of a felony as defined in Section 45122.1.

(3) The Department of Justice may forward one copy of the fingerprints to the Federal Bureau of Investigation to verify any record of previous arrests or convictions of the applicant. The Department of Justice shall review the criminal record summary it obtains from the Federal Bureau of Investigation and shall notify the employer only as to whether or not an applicant has any convictions or arrests pending adjudication for offenses which, if committed in California, would have been punishable as a violent or serious felony. The Department of Justice shall not provide any specific offense information received from the Federal Bureau of Investigation. The Department of Justice shall provide written notification to the contract employer only concerning whether an applicant for employment has any conviction or arrest pending final adjudication for any of those crimes, as specified in Section 45122.1, but shall not provide any information identifying any offense for which an existing employee was convicted or has an arrest pending final adjudication.

(f) An entity having a contract as specified in subdivision (a) and an entity required to comply with this section pursuant to subdivision (d) shall not permit an employee to come in contact with pupils until the Department of Justice has ascertained that the employee has not been convicted of a felony as defined in Section 45125.01 (a) For situations in which a person is an applicant for employment, or is employed on a part-time or substitute basis, in a position not requiring certification qualifications in multiple school districts within a county or within contiguous counties, the districts may agree among themselves to designate a single district, or a county superintendent may agree to act on behalf of participating districts within the county or contiguous counties, for the purposes of performing the following duties:

(1) Sending fingerprints to the Department of Justice.

(2) Receiving reports of convictions of serious and violent felonies, criminal history records and reports of subsequent arrests from the Department of Justice.

(3) Maintaining common lists of persons eligible for employment.

(b) The school district or county superintendent serving in the capacity authorized in subdivision (a) shall be considered the employer for purposes of subdivisions (a) and (f) of Section 45125.

(c) Upon receipt from the Department of Justice of a report of conviction of a serious or violent felony, the designated school district or county superintendent shall communicate that fact to the participating districts and remove the affected employee from the common list of persons eligible for employment.

(d) Upon receipt from the Department of Justice of a criminal history record or report of subsequent arrest for any person on a common list of persons eligible for employment, the designated school district or county superintendent shall give notice to the superintendent of any participating district or a person designated in writing by that superintendent, that the report is available for inspection on a confidential basis by the superintendent or authorized designee, at the office of the designated school district or county superintendent, for a period of 30 days following receipt of notice to enable the employing school district to determine whether the employee meets that district's criteria for continued employment. The designated school district or county superintendent shall not release a copy of that information to any participating district or any other person, shall retain or dispose of the information in the manner required by law after all participating districts have had an

opportunity to inspect it in accordance with this section, and shall maintain a record of all persons to whom the information has been shown that shall be available to the Department of Justice to monitor compliance with the requirements of confidentiality contained in this section.

(e) Any agency processing Department of Justice responses pursuant to this section shall submit an interagency agreement to the Department of Justice to establish authorization to submit and receive information pursuant to this section.
