❖ **Performance Measures on the WVGSA or School Day SAT.**

2026 Percentage of Proficient Students School Average		2025 Percentage of Proficient Students School Average
MATH	48%	42%
READING	54%	49%
SCIENCE	38%	25%

❖ What is your major concern for the 2026-2027 school year?

SSMS was identified as an ATS school due to the subgroup (children with disabilities) being categorized as Does Not Meet Standards for Math and Reading.

❖ What is your plan to correct/address the major concern for the 2026-2027 school year?

Improve our Tier 1 instruction by implementing specialized instruction to increase meaningful access to the general education environment for students with disabilities. i-Ready diagnostic scores, WVGSA and behavior data will be analyzed by staff to help identify areas of deficit.

❖ Identify what the Board of Education can do to assist your school in providing a high-quality education for your students.

1. Curriculum - **SSMS currently does not have any curricular needs. Teachers are utilizing i-Ready, ALEKS and Simple Solutions**
2. Staff Development - **Additional service personnel training dealing with technology.**
3. Personnel - **All but 2 teaching positions are filled. (autism class)**
4. Facilities - **Upgrade the gymnasium bleachers to ensure they are safe, functional and ADA/handicap assessable.**

❖ Identify your school's biggest accomplishment for the year.

- Ranked 20th out of 161 middle school in WV as listed by School Digger

- Showed improvement in Math, Reading and Science on WVGSA

-2nd year for our 4-H Club and Esports

-1 out of 25 schools chosen in the state to be a Game Changer University- only school in Raleigh County selected

❖ Please feel free to provide any additional information you wish to share with the Board.

Thank you for the flooring upgrades in our teacher workroom, band and choir rooms.
