To Register Your Child To Ride The Bus

On the left side of the app/web page, there is a link that says Forms. Click on the link and select the appropriate form to complete for bus rider registration.

The Transportation Department requires 72 hours to assign your child to a bus and bus stop.

RFID Cards

The Klamath Falls City Schools is focused on providing safe transportation for all students. All school buses are equipped with Mobile Data Terminals which helps drivers focus on the road, manage student location information, and provide oversight of this important part of your child's day.

All students will be issued a Radio Frequency Identification (RFID) scan card on an annual basis. This card will be used for the duration of the school year indicated on the card. Students will be required to use their cards each time they board and exit the school bus. If a student forgets or loses their card, the driver can register them manually on the Mobile Data Terminal.

If a student's ID card has been lost or stolen, they may obtain a replacement card from their school office for a nominal fee.
