MITCHELL HIGH SCHOOL
EMPLOYEE SPOTLIGHT

Carrie Henrickson

Computer Teacher

1st Year at MSD

Where did you go to High School and what kind of student were you?

I went to Gregory High School. In high school, I was active in band, choir, student council, yearbook, and track. I enjoyed reading, playing a variety of instruments in band, and studying. I assisted teachers with prep materials and entered alumni addresses into a DOS database system. I was a busy student; I don't ever remember being in study hall because I always had something else to do.

What advice would you give your 16 year old self?

Be yourself, follow your dresams, and do what you enjoy.

If you weren't working in education, what career path would you have taken?

I would probably run a coffee shop or a bakery.

What is your favorite part about working at Mitchell High School?

The students! Each student is unique and special in their own way, and I appreciate the different personalities, interests, talents, and perspectives they bring to our school. Their individuality makes each day interesting and rewarding. I truly value getting to know each student and celebrating what makes them different.

What's your favorite thing to do on weekends?

I love going for walks with my German Shepherd, Trina. I also like to spend time with my family and going to the cabin.

Amanda Sonne

Curriculum Director

21 Years at MSD

Where did you go to High School and what kind of student were you?
I went to Letcher Public School and was in the last class to graduate before they consolidated. I was a social student, involved in everything, and got ok grades.

What advice would you give your 16 year old self?
Work to achieve every dream you have for yourself.

If you weren't working in education, what career path would you have taken?
I would probably have a career in the agriculture world.

What is your favorite part about working at Mitchell High School?
I love catching up with former students in the hallways and connecting with new faces I wish I'd had the chance to teach.

What's your favorite thing to do on weekends?
Spending time with friends/family, singing with our praise team at church, digging in the dirt/manicuring my lawn, soaking up the sun, entertaining my dog.

Garret Bergeleen

Construction Teacher

2 Years at MSD

Where did you go to High School and what kind of student were you?
Wessington Springs High School. I got good grades but I didn't love school.

What advice would you give your 16 year old self?
Make great friends, be confident in yourself, and be a good person.

If you weren't working in education, what career path would you have taken?
I think I'd probably be a farmer/rancher. I already do some of that on the side and love it.

What is your favorite part about working at Mitchell High School?
My coworkers and getting to interact with the students and see them learn.

What's your favorite thing to do on weekends?
Spending time with my family. Hunting and fishing. Coaching my kids' sports. Cooking.
