Dear Parents and Community Members,

Last night, the board voted to form a co-op between Berthold and North Shore Plaza in girls' basketball beginning this upcoming season.

The decision was made due to a sharp decline in NSP's expected participation numbers. While many details still need to be worked out, the basic structure will be similar to what we have done with the boys' program. The team will compete as the Lewis and Clark Longhorns, and we will strive to maintain balance by holding games and practices at both schools.

Information regarding coaches, offseason plans, and other details will follow in the coming days.

We appreciate the support of our communities and look forward to watching these athletes build relationships and grow together as a team.

Sincerely,

Marc Ritteman, Supt.
Lewis and Clark School District
