HEALTH PROTOCOLS

CONCUSSION PROTOCOL PROCESS

1. Updated June 2022
2. Two sets of protocols - one for PE and one for athletics.
3. Athletes injured during interscholastic sport must be cleared by a physician.
4. Athletes injured in other school activities during the sports season or 2 weeks or less from the start of their next season, will follow the athletic requirements.
5. Athletes injured in other school activities out of season will follow the PE requirements.
6. All athletes must be cleared by the medical director prior to returning to full play.

SUDDEN CARDIAC ARREST ACT

1. New law effective7/1/22
2. Dominic Murray died at at 17 on the basketball court
3. Requires two things:
    a. Educate families and staff about sudden cardiac arrest
    b. Student with signs and/or symptoms must be removed from activity and be evaluated by a physician
4. Students with current cardiac history must be cleared by their own physician and/or their cardiologist.
5. Coaches will be notified about such students
6. Recognize that student's personal risk factors are:
    a. Use of diet pills, performance-enhancing supplements, **energy drinks**, or drugs such as cocaine, inhalants, or "recreational" drugs.
    b. Elevated blood pressure or cholesterol
    c. History of health care provider ordered test(s) for heart related issues

MEDICAL NOTES-INJURY RELATED

- If a student-athlete has an appointment prior to 3pm during the school day, their medical note needs to be turned into the School Nurse for clearance approval.
- If a student-athlete has an appointment after school hours, their medical note can be given to:
  - JV/Varsity: Anthony (Athletic Trainer) who will then get clearance approval from Nurse
  - Modified: Head Coach who will then get clearance approval from Nurse

- Medical notes needs to have date/time student-athlete was seen in order to receive clearance after school hours.

- Medical notes regarding the athletic return to play protocol (concussion) must go through our District MD for approval.

CHAIN OF COMMUNICATION

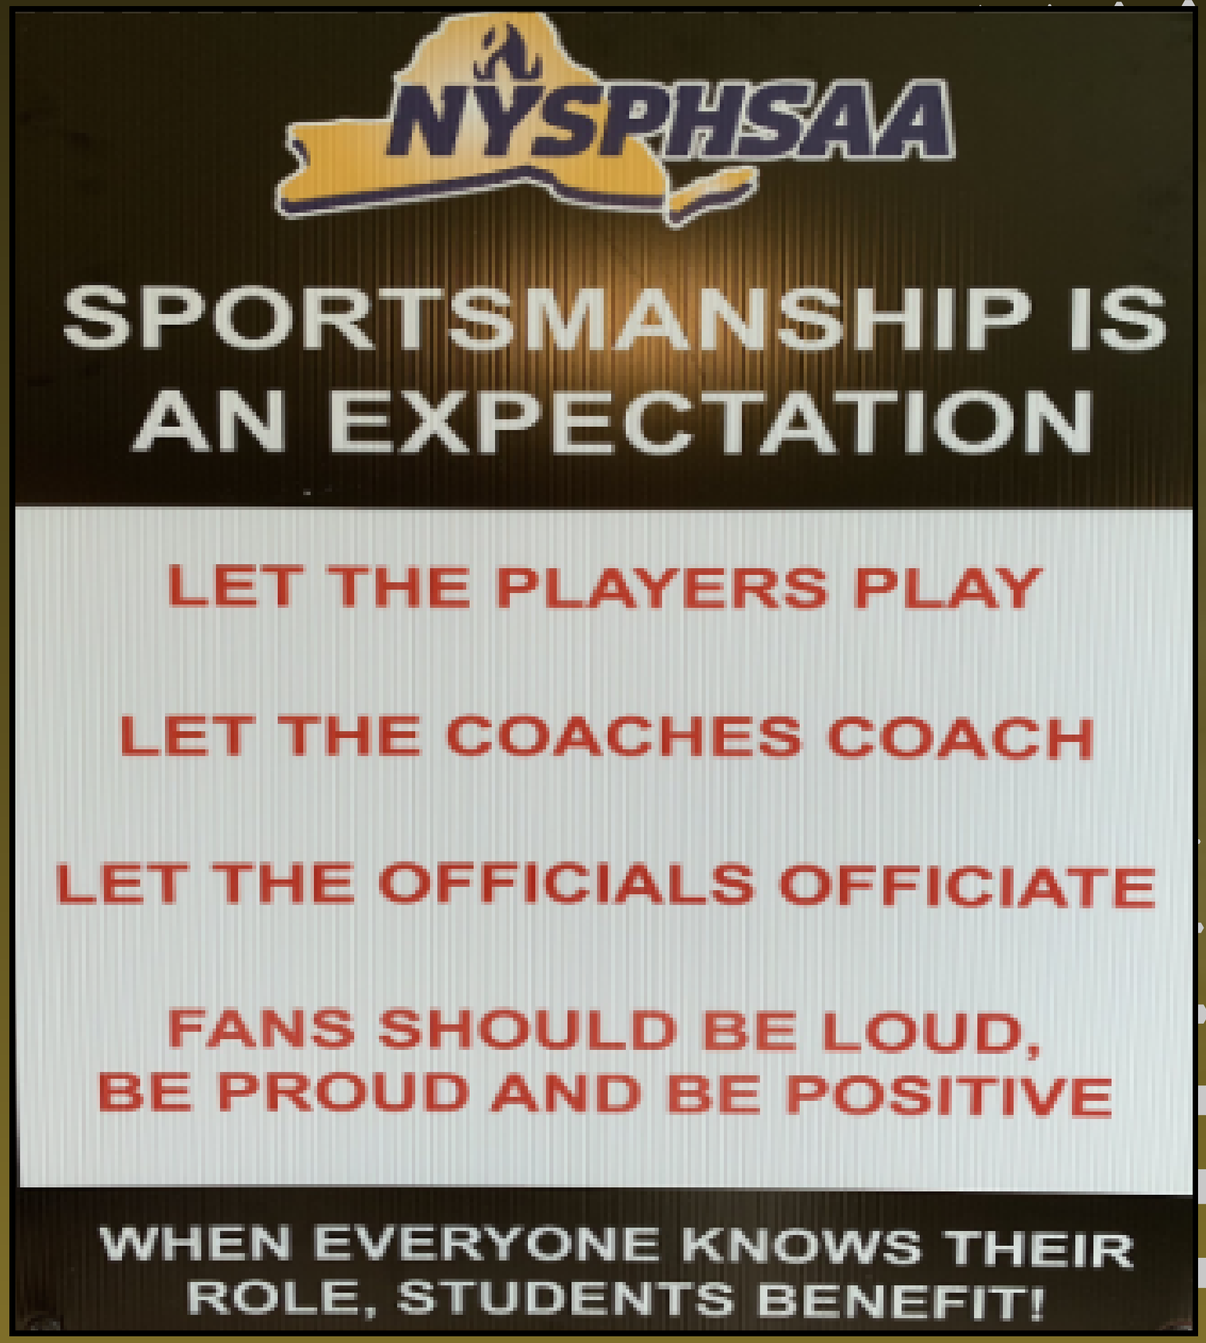

If a problem arises, the first step in communication is speaking with the coach (24-hour rule).

This includes but is not limited to **PLAYING TIME**.

SPECTATOR CODE OF CONDUCT

VIDEO

PLAYER DEVELOPMENT

- Interscholastic Athletics purpose is to prepare our student-athlete for their next level (Modified to JV, JV to Varsity).
- Interscholastic Athletics vs. Travel Athletics
  - Philosophies
    - School/Community Pride vs Exposure
  - CPP teams have to be priority
  - Communication with coaches
  - Both have their advantages
    - Maximize development and recruitment opportunities

THE CAR RIDE HOME

- 7% of student-athletes across the country participate in NCAA College Athletics (560,000 out of 8 million high school athletes)
- 1-3% of those student-athletes play at NCAA Division I schools
- ~2% of those high school student-athletes receive an athletic scholarship to participate in college athletics
- 98% of NCAA student-athletes go pro in something other than sports
- 45-55% of student-athletes receive academic scholarships or grants to go to college
-

Greater opportunity for academic scholarships, however, athletics can be a gateway to the next level
