

A Note from Mr. Pate, Principal

Welcome to AC/GC High School! I am excited for the 2026-27 school year and to see the growth of all the students at AC/GC. I also look forward to watching students in all of their athletics, activities, and clubs. Being involved in extracurricular and co-curricular activities is well known to increase student achievement and culture within the school. I really want to challenge students to try new things at school. This means to explore our wide range of courses and activities offered.

I would like to offer some words of advice to help students find success in high school. First, put in the effort to be successful. Teachers at AC/GC have high expectations for their students as they know fully what they need to do to prepare you for your future. Secondly, communicate and seek out help. Not only are the staff members helpful, but students look out for each other and want the best for our student body. Lastly, and most importantly, just do what's right. I firmly believe good things happen to people who do what's right.

In closing, please do not hesitate to reach out to myself or any staff member in times of need. AC/GC High School is a proud family and we want what's best for all of our students.

-Mr. Pate
Charge Forward!
