Student Perception Survey

Raising voices to drive school quality

Parental/Guardian notification is optional and is based on your local district's student survey administration policy.

Dear Parents/Guardians,

Our district will be taking part in the MI Student Voice Perception Survey on March 9th - March 27th, 2026.

The survey will be administered to students in 3rd- 12th grade and is designed to provide a holistic picture of the student experience beyond test scores. Survey data will be used by school administrators to help guide district improvement planning for school instruction and services. Students are our first priority and we believe it's important to listen to them to help make the educational experience better.

The survey does not ask questions regarding drug or alcohol use, intimate relationships, political or religious affiliations or other personal information.

Students will be asked to complete the survey online using a computer, tablet or mobile device. The anonymous survey is designed to protect students' privacy. The survey has under 40 questions and is expected to take approximately 10 minutes to complete.

We encourage all students to take part in the survey, as we hope to gather a lot of important information on their school experiences. Participation is voluntary. Students may skip any question they do not wish to answer and may stop participating in the survey at any point, without penalty.

If you want to opt out of having your child participate in the survey, please call the school office at 906-542-9281 by Sunday, March 8th.

Sincerely,

North Dickinson Administration
