# From the Desk of Mr. Schulze

---

**October is a busy month here at Wilson School. We have a month filled with fun activities such as Picture Day, Fire Prevention Presentations with EPFD, Trunk or Treat, our first holiday party of the year and more! Parent-Teacher conferences are also this month and you will have the opportunity to meet with your child/children's teacher(s) to discuss their current progress.**

**You can find all the details for these events throughout this newsletter and their teacher's newsletters.**

**Please be sure to check your child's Take Home Folder every night for important information and updates. I would encourage you to listen to the morning announcements each day on Seesaw.**

**In my announcements, I remind the school what is coming up, send out reminders of what is past due, and talk about current events and topics. It's a great way to stay "in the know."**

**As we head into the colder months, remember that we try to get the kids outside as often as we can. If the "feels like" temperature is 20 degrees or above, we go outside for recess. Please plan accordingly by looking at the weather in the morning, dressing in layers, and bringing a coat.**

**Labeling all your items with your child's name will make it much easier to help lost items be found and returned.**

**Thank you to all of those who took the time to sign up for the School Store Fundraiser. The students of Wilson will reap the benefits of your generous support.**

**Happy Fall!  
Mr. Schulze**

# Hi Wilson families!

I am the new school counselor, Lesley Ogburn. I have been a school counselor for 22 years. I am from East Peoria, but have lived in Colorado the past 22 years. I am happy to be back in my hometown and be a part of the Wilson community! If you have any questions or concerns, please feel free to contact me! You can reach me at:  
[ogburnl@epd86.org](mailto:ogburnl@epd86.org)

Here is some information about the role of the elementary school counselor:

The elementary school years set the foundation for developing the knowledge, attitudes and skills necessary for children to become healthy, competent and confident learners. Elementary school counselors have an impact on these years by implementing a school counseling program and collaborating with school staff, parents and the community to create a safe and respectful learning environment. By providing education, prevention, early identification and intervention, elementary school counselors help their students achieve academic success, develop an understanding of career opportunities and develop social/ emotional skills in response to issues they face.

I will be going into classrooms once a month to teach social emotional learning. Some topics include, how to calm down and regulate emotions, how to be a good friend, and how to solve problems. I also work with kids in counseling individually or in small groups. I do not provide therapy, but am happy to help connect families with therapeutic resources. I am grateful to be here and be a support for the Wilson community!
