Enochs Mission

How does Enochs work with 8th grade students?

- Program Presentations at Junior Highs
- Counselor and Admin Presentations at Junior Highs
- 1:1 Balloting with a counselor

How do students get credits?

9th graders take 6 classes per semester

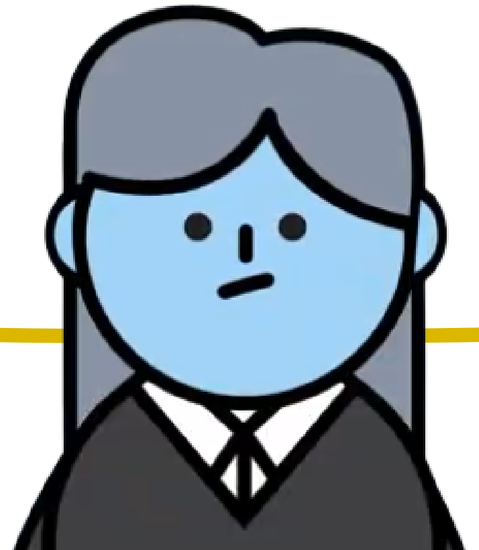
6 classes x 5 credits per class = 30 credits

30 credits x 2 semesters = 60 credits

Need 220 credits to graduate

What if my student fails a class?

Then they don't earn any credits.



Not sure what you want
to do after high school?

Schedule changes are RARE

Valid reasons: duplicate courses, incorrect courses, incomplete schedules, missing a core class, made up credits over summer, “see counselor”

Electives are not changed

Make sure you choose your courses wisely. This helps eliminate the long lines later. Elective changes will not be made.

Dual Enrollment

Dual enrollment is a yearlong commitment. If you take one course, you must take the second course.

No Level Changes

Make sure you know what you are signing up for!
Become familiar with the course load, summer work, etc
Don’t overload yourself! Keep a healthy balance.

Don't forget the summer homework!

No Teacher/Period Swaps

Whatever teacher or period you get, is what you get.
Sorry, we love your friends too, but we aren’t switching you to be with them.
