February 18, 2026

Dear Parents & Guardians,

As parents, guardians, and educators, we want our children and students to be successful in life. On March 13, 2026, Roxana Jr High School, Madison County Regional Office of Education #41, and the Madison Bond Workforce Innovation Board will be hosting a Career Day for all 7th & 8th graders. Career choices can be overwhelming for our students. Career Day will allow your child to have a glimpse into what their future might become!

Professionals from our community will be sharing their career experiences with students in classroom style breakout presentations. Students will be scheduled into three career presentations based upon their top career choices from the survey; they completed earlier in the school year.

Please consider not scheduling any other appointments or activities that would prevent your child from attending school on Friday, March 13th. Perhaps this day will provide defining moments in shaping your child's career path or spark a new career interest.

We look forward to seeing your child take advantage of this valuable resource and day!

Respectfully,

Dr. Robert W. Werden

Regional Superintendent of Schools

Madison County Regional Office of Education #41
