- I. Approval of the following Board Goals for the 2026-2027 school year:
1. Collaborate with students and other stakeholders to identify barriers to academic, social, and emotional success and implement targeted, sustainable solutions that maximize available district resources.
 2. All non-tenured teaching staff will attend in-house professional development sessions provided by teachers in their building in the areas of data driven instruction, designing effective lessons, professional practices/evaluations, curriculum and instruction tools, using district platforms, program reflection, and collaborative teaching for the purpose of support and retention.
 3. Review student's individual education plans and collect student data as a method to determine placement to return up to 10% of out-of-district students to the district into the least restrictive environment. Internal data review meetings with Child Study Teams for each out-of-district student. Observe students and collect additional data, if any, needed for decision making. Schedule meetings with families to discuss possible changes in placement. Audit district programs and placement.
 4. Implement local AI resources to provide secure, efficient search and access to organizational data, including integration with the Student Information System and district documents.
 5. Conduct student, parent, and staff surveys to gather feedback on menu offerings and dining experience to strengthen the District's Food Service Program to increase student participation.
 6. Review in-district and out-of-district transportation routes for efficiency. Conduct a fiscal review of transportation costs including equipment and repairs. Conduct a comparison analysis of out-of-district contracted services and district provided services.

RESOLVED, upon recommendation of the Superintendent of Schools that the Board of Education approve the foregoing resolutions.
