BPS Operational Referendum

NOVEMBER 2026

Brillion Public Schools (BPS) is committed to providing the best education for every student and maintaining safe, welcoming schools for our community. Like many districts across Wisconsin, we are facing funding challenges that impact day-to-day operations and our ability to maintain programs, services, and staffing levels our students rely on.

WHAT HAPPENED AFTER THE APRIL 2026 REFERENDUM WAS VOTED DOWN?

After the referendum that was voted on as part of the April 7, 2026 election failed, the District was faced with making significant budget reductions before the 2026-27 school year. From April through June, the Board of Education made a total of $1,372,566.70 in budget reductions. Even after those substantial budget reductions, the District is still facing a remaining deficit of approximately **$499,000**.

WHAT WAS CUT FROM THE BUDGET?

The reductions came from three categories: staffing, District operations, and co-curricular activities.

Below are the staffing reductions that the Board made in April 2026, totaling over $850,000.

Brillion Public Schools Implements Student Success Data Dashboards

Brillion Public Schools is proud to announce the implementation of data dashboards for its schools to monitor key indicators of student success at each building. These dashboards bring together meaningful data related to student achievement, co-curricular involvement, attendance, behavior, and other factors that contribute to student success. By providing school leaders and staff with an organized, accessible view of student progress, the dashboards help identify strengths, recognize areas of concern, and guide targeted interventions and support. This data-driven approach also allows staff to monitor progress over time, evaluate the effectiveness of instructional strategies, and make informed decisions to improve student outcomes. Through this initiative, Brillion Public Schools has strengthened its commitment to continuous improvement and ensuring every student has the resources, opportunities, and support needed to succeed.

DUAL CREDIT CLASSES

Brillion High School offers a variety of classes that can be taken through either UWGB, UWO, or FVTC. The program is designed to provide students with an opportunity to enroll at a specific post-secondary institution to earn dual credit though the university or college while still attending in a high school setting.
Courses are taught by high school teachers who hold adjunct instructor status.
The credits they earn are transferable to many other colleges and universities.

% MEETING ALL COLLEGE BENCHMARKS

This data provides important insight to the academic preparedness of students - in particular, their readiness for four-year colleges and universities. ACT sets individual subject benchmarks indicating whether a student is likely to earn a B or better in that college subject. Those benchmark scores are English - 18; Math - 22; Reading - 22; Science - 23. To be counted here, a student must meet all 4 of the individual subject benchmarks.

WHAT IS STILL DRIVING THE NEED?

State revenue limits and inflation. Wisconsin's school funding system caps how much districts can receive from state aid plus local property taxes. After a 2009 inflation freeze, buying power has not kept pace with rising costs, creating a gap in many districts, including BPS.

Increasing student needs and rising costs. Costs for special education, student services, transportation, utilities, insurance, staffing, and technology have grown substantially over recent years. These pressures are statewide, not just a local concern.

SCHOOL BOARD APPROVED REFERENDUM QUESTION FOR NOVEMBER 3, 2026 BALLOT

At a special board meeting on Thursday, August 20, 2026, the School Board of the Brillion Public School District approved a resolution to place a non-recurring operational referendum question on the November 3, 2026 ballot.

Based on community feedback from the April 2026 referendum, the Board authorized a resolution asking voters to allow the district to exceed the state revenue limit by $1,000,000 per year for five years, beginning with the 2026-2027 school year and ending with the 2031-2032 school year.

REFERENDUM QUESTION

"Shall the Brillion Public School District, Calumet, Manitowoc and Brown Counties, Wisconsin be authorized to exceed the revenue limit specified in Section 121.91, Wisconsin Statutes, by $1,000,000 per year for five years, beginning with the 2026-2027 school year and ending with the 2030-2031 school year, for non-recurring purposes consisting of expenses to maintain educational programs and services, pay staff compensation, update technology, and building maintenance costs?"

WHAT AN OPERATIONAL REFERENDUM WOULD DO FOR BPS

An operational referendum is a voter-approved measure that allows a district to exceed the state revenue limit for a defined period (non-recurring) or on a continuing basis (recurring).

Important: An operational referendum pays for people and programs (staffing, curriculum, student services, transportation, utilities, technology licensing), not major construction. Capital projects are addressed separately through a facilities (capital) plan.

Community support in the area of $1,000,000 per year for a five-year operational referendum would address the forecasted budget deficit and preserve remaining core programs, class sizes, and student supports.

If voters approve it, funds would also allow the District to maintain current operations and strategically strengthen services aligned with community priorities.

For example, the funds provided by a passed referendum would allow the District in the 2026-27 school year to address the projected budget deficit, enable the Technology Department to address outdated infrastructure, security concerns, and devices in need of replacement, as well as reinstate funds within the budget for building maintenance/repair/replacement projects throughout the District.

Starting in 2027-28, the District would then provide a restricted amount of funds toward staff training on state and District initiatives and lift the salary freeze.

Additionally, the District would look to reinstate up to 2.75 FTE teaching positions (band, English Learners/EL, physical education, art, and 4-year-old kindergarten/4K) and 0.40 FTE of a paraprofessional position if student enrollment and course requests justify the need to do so and viable candidates can be secured.

What is the projected tax impact if it passes?

BPS Mill Rate Over Time w/ Projections

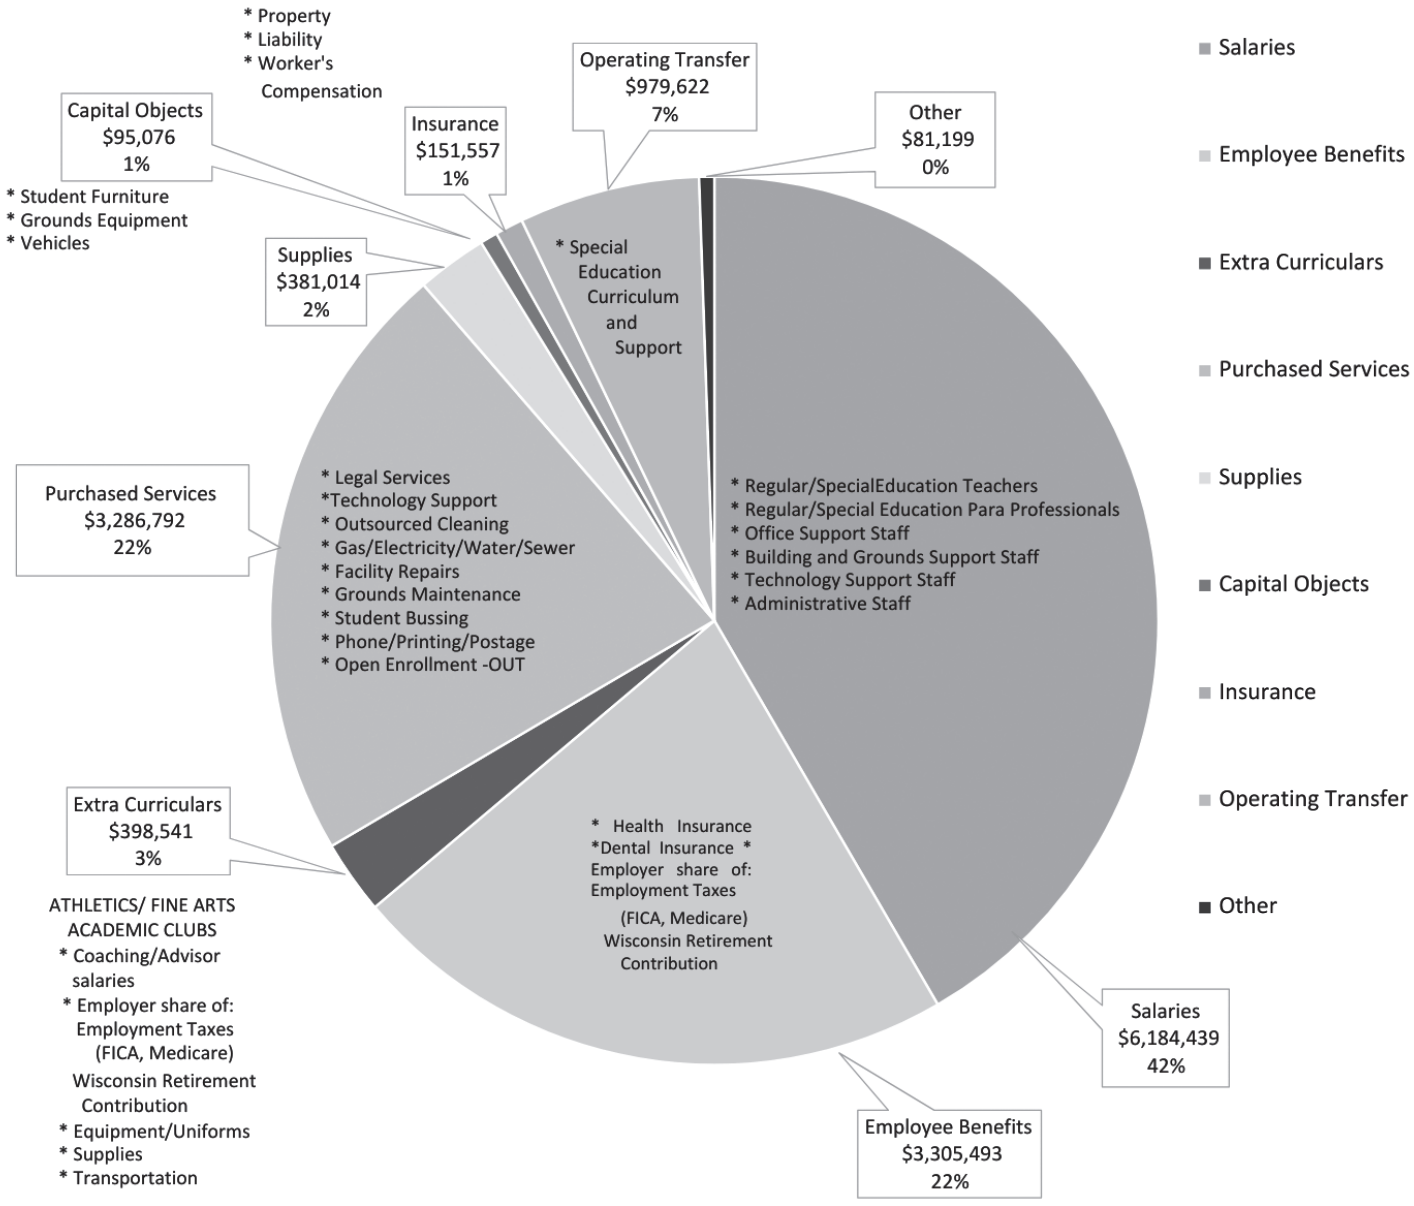

Going back to the year 2000, the projected mill rates with a PASSED REFERENDUM would be the LOWEST the district has ever seen.

"How can my school taxes go down with a passed referendum?"

In 2023, the District prepaid debt by completing what is called a defeasance. By doing so, the district saved taxpayers over $100K in interest payments and also helped lower the overall levy for the 2026-27 through 2028-29 school years.

The District is also closing in on completely paying off its debt from the 2018 capital referendum that allowed BPS to complete some important renovations. That debt will be completely paid off during the 2029-2030 school year.
