Transportation Committee D&A #'s 2 and 3

Discussion and Action:

1. Approve Karst as an activities transportation provider - **There will be times when we will need to contract with Karst to provide transportation for our activities. *Recommended motion = Move to approve Karst as an approved transportation provider.***
2. School bus purchase - **Quote is in the packet. We are trading in one of our other busses. This will make our fleet 3 route buses and 1 back up route bus; plus the activities bus and the handicap accessible bus. Funding is from the Bus Depreciation Fund which currently has a balance of \$656,000. *Recommended motion = Move to approve the purchase of new school bus as per the included quote.***
3. Additional Bus Route - **In Packet. This will allow the district to transport more students on a daily basis as well as provide a transportation option to after school programming in town center. We will still need to occasionally cancel routes due to activities travel, however this addition is going to make a big difference for parents. *Recommended motion = Move to approve the additional bus route as presented.***
4. Attendance committee - **I would like to put together an attendance policy committee to explore our current policies and make any needed recommendations to the full board. I would like the make up to be 1 trustee (trustee Rowley has expressed an interest), principals, superintendent, 1 teacher from each school. I don't anticipate a significant time commitment, however I believe that this is an important topic at the moment. *Recommended motion = Move to approve an attendance committee with the membership as presented.***

5. Expedition Yellowstone travel out of state - **Expedition Yellowstone, the 8th grade trip to Yellowstone park travels out of state to Wyoming. The board needs to approve out of state travel for our students. *Recommended motion = Move to approve out of state travel for the 8th grade to expedition yellowstone.***

Transportation

Still in talks with the Transportation District; they are willing to explore a public stop here at the school in the afternoon in the winter season. We are meeting again in 2 weeks to further discuss. I have interviewed 2 drivers, one that is fully licensed, on that we need to train (she needs to pass the written test prior to us doing anything to get her trained. We successfully licensed a driver, however it now appears that they would only like to drive field trips and student ski days, which ultimately are not pinch points for us.

Housing

Phase 2 is complete with landscaping happening, hopefully, in the coming days. Ribbon cutting to be Wednesday, September 15th at 5 p.m. We have 1 small unit that is unoccupied and one of the large units that is unoccupied, however I do anticipate filling one of those in the coming weeks.
