VR

On Wednesday, October 22nd, in Health Enhancement, sophomores engaged in an immersive health care careers exploration lesson. Representatives from the Area Health Education Center, and Montana Department of Labor and Industry, brought in VR headsets and a complementary career exploration lesson. Students took turns running through 2-3 simulations of various health-related careers, while others used the Montana Career Information System to research job outlook, pay, and training requirements. The VR simulations included: surgical technician, EMT, certified medical assistant, radiology technician and pharmacy technician, to name a few. Students interested in a career in healthcare are encouraged to apply for the healthcare pathways camps and programs offered by AHEC: https://healthinfo.montana.edu/pathways/programs/index.html

The Scholastic ewallet feature allows parents to add money to their student's digital account. This tool eliminates the need for children to carry cash and allows families to add money to student accounts in an instant. It's also a great way for grandparents to gift grandchildren money to spend on books. All families are encouraged to use the ewallet.

OMS/LPHS is in need of Guest Teachers! *If you love spending your day with amazing young adults, please reach out the Libby Grabow (lgrabow@bssd72.org) in the Business Office for next steps.*

BSSD is also in need of:

- *Bus Drivers*
- *Facilities Assistant*
- *Special Education Para - Elem*

All school fees and lunch balances can be paid via cash or check through the office or online using the Infinite Campus Parent Portal. (There is a 4% fee for online transactions.)

If you signed up for Parent Teacher Conference Appointments a reminder email will be sent to you on November 10th or November 17th reminding you of your appointments.

If you need to add or change any appointments, please email aromine@bssd72.org. The scheduling document has now been locked so teachers can prepare for conferences.

We can't wait to see you!

There was a glitch with the lunch system in the OMS/LPHS building. Charges between 10/3-10/28 were stuck in the system and did not post to accounts until 10/29. This is why the lunch balances made such a sudden swing. You will continue to get notices once your balance reaches below $10. Thank you for your understanding.
