RE: Request to use athletic capital outlay funds - Two new wrestling mats

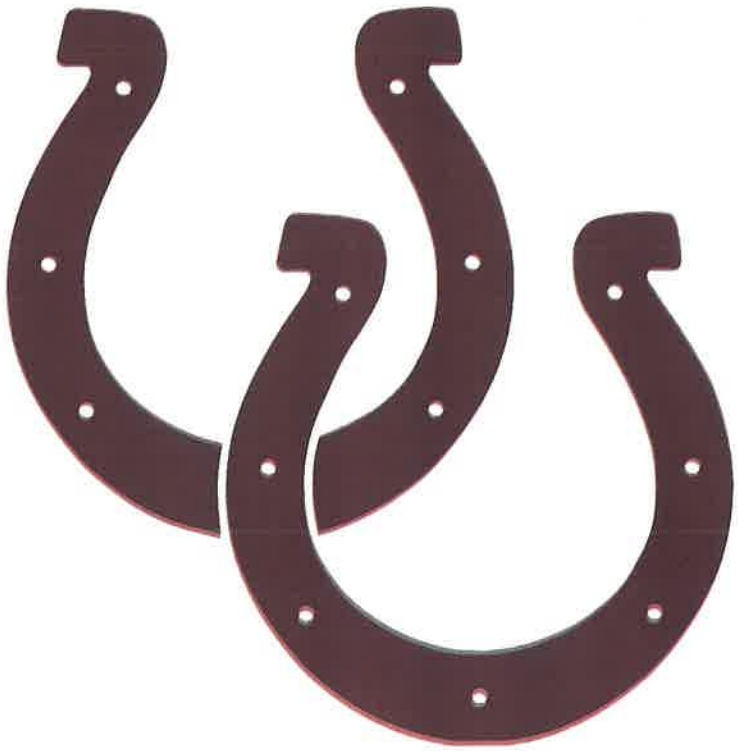

Charles D. Owen High School's Athletic Department respectfully requests approval to use $19,249.30 from the school's Athletic Capital Outlay Fund to replace the existing wrestling mats, which are more than 20 years old.

After reviewing three quotes, we recommend purchasing the replacement mats from Dollamur Sport Surfaces, the lowest bidder.

We respectfully request that this purchase be presented to the Buncombe County Board of Education for consideration at its October 2026 meeting. Principal Dawn Rookey and the Owen High School Advisory Board have reviewed and approved this request.

Mat Size & Shrinkage
All foam wrestling mats are subject to natural expansion and contraction due to environmental and physical conditions. Vinyl-coated mats may shrink during curing; to account for this, Resilite manufactures mats oversized. We guarantee all mats will be within a **±4% tolerance** of the ordered dimensions. **Curing Requirements** Resilite Classic mats require a curing period of at least **two (2) weeks**. Mats must be unrolled and laid flat for **seven (7) days on each side**. Do not leave a new mat rolled for an extended period before beginning the curing process, as this may **void the warranty**.

Resilite Classic Mat Disclaimer

Resilite Classic Mats will be designed and manufactured as close as possible to the specifications and dimensions that were provided to Resilite at the time this layout was produced. Because of the characteristics of Classic Mats, Resilite will manufacture the mat or mat sections with 6% - 7% of oversize. This oversize is based on many factors and is required because of the Classic Mat manufacturing process and shrinkage. Resilite Classic Mats **CAN NOT** and **WILL NOT** be manufactured to exact and precise measurements. Classic Mats will continue to shrink and require 8 to 12 months before the full curing process is complete.

Possible Shrinkage - Plan Accordingly

All foam wrestling mats are subject to expansion and contraction due to environmental and physical conditions. Vinyl-coated mats are subject to shrinkage. Therefore, mats are oversized to compensate for this shrinkage. Resilite guarantees the mats to be within a +/- 4% tolerance.

CURING: Resilite Classic Mats WILL NEED TO BE CURED for no less than two (2) weeks.
NOTE: Mats should be unrolled and laid flat for seven (7) days on each side.
DO NOT leave a new mat or newly reconditioned mat rolled for an extended period of time.

Classic Mat Warranty

New Mats:

3-Year Limited Warranty on New Vinyl-Coated Mats

Reconditioned Mats:

1-Year Limited Warranty on Factory-Reconditioned Vinyl-Coated Mats

IMPORTANT: All Resilite Mats are custom manufactured for each order. Pre-payment terms may be worked out and agreed upon prior to placing the order. If pre-payment terms are agreed upon, the initial deposit amount will be considered approval to begin production and will be deemed NON-REFUNDABLE, if the order is canceled or not paid in full. However, All pre-payment terms will include payment in full (100% of total order including delivery) BEFORE the mats will be shipped or delivered. Resilite will not produce or fulfill orders that have not been paid in Full.
