ADMINISTRATION & FACULTY

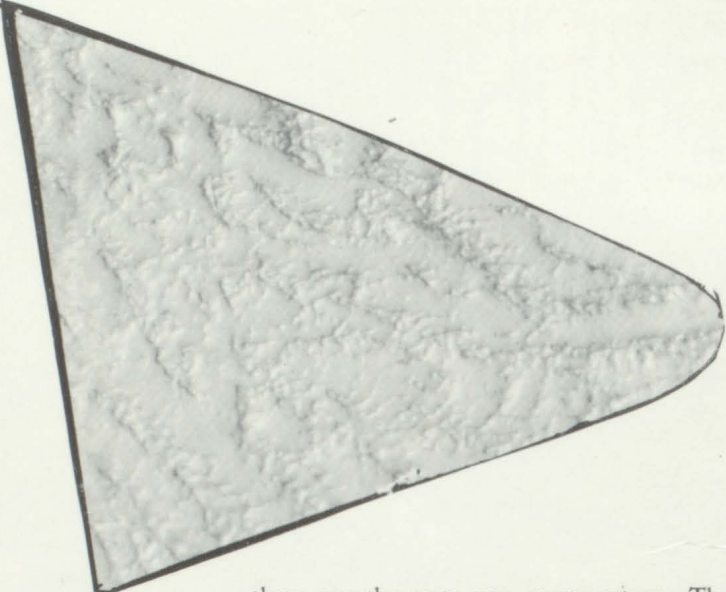

TO THE CLASS OF 1958.

The most valuable resources of America today are her boys and girls and one of the most difficult problems facing our young people today is the development of convictions for right and wrong. Often the happiness and usefulness of our lives depend on what we decide to do when these questions present themselves.

To believe in success is one thing, but it is first needed to believe in life. The easy thing is to dream of the bright days ahead, to walk the high road with your head high in the rosy clouds of desire; the hard thing is to keep your commitments through the daily grind of ordinary things. To be true to your ideal when nothing seems to be working out the way you want it to, to plod ahead where the road is covered with mist and fog, to hold the line when the going gets tough,

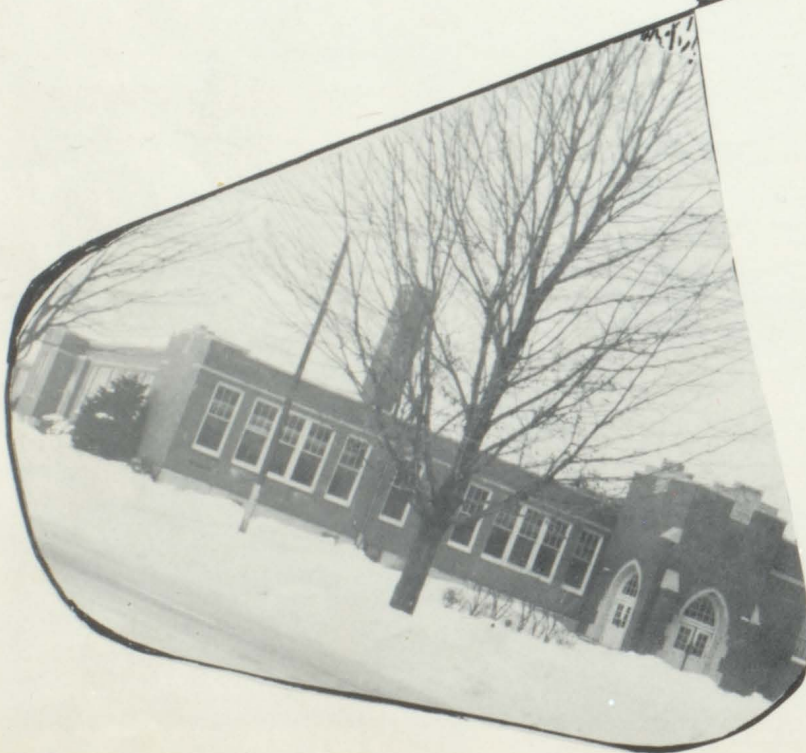

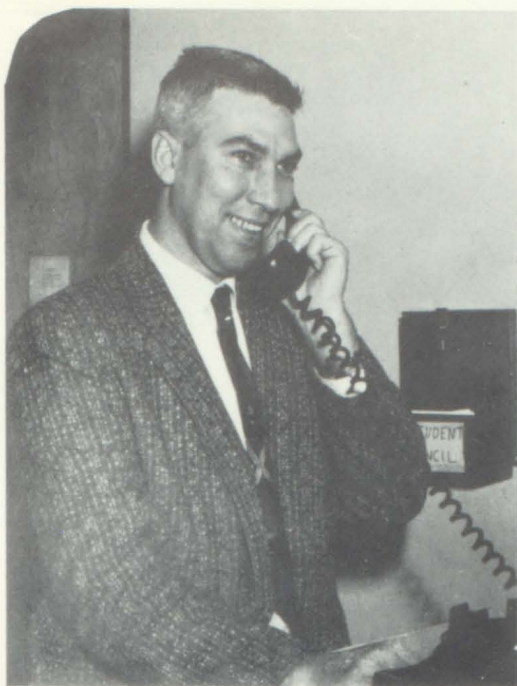

these are the tests you must endure. These tests will form the adult you are going to be. Fight the good fight with all your might, lay hold on life, run the straight race, faint not or fear, only believe and success will surely be yours.

Junior Prom

After much longing and waiting, May 17, the day of the Prom, finally arrived. After the various coke parties, everyone gathered at the Masonic Temple and danced to the delightful music of the George Ferraro Quintet. Ralph Niebauer and Sue Ferguson were chosen King and Queen.

In the early morning everyone returned to the gym where parents sponsored the second stage of the Prom. It commenced with a floor show and ended with a breakfast. Pictures of the floor show can be seen on these pages.

This first attempt at an all-night Prom was well received by all who attended, and everyone had a very enjoyable time.

STUDENT COUNCIL

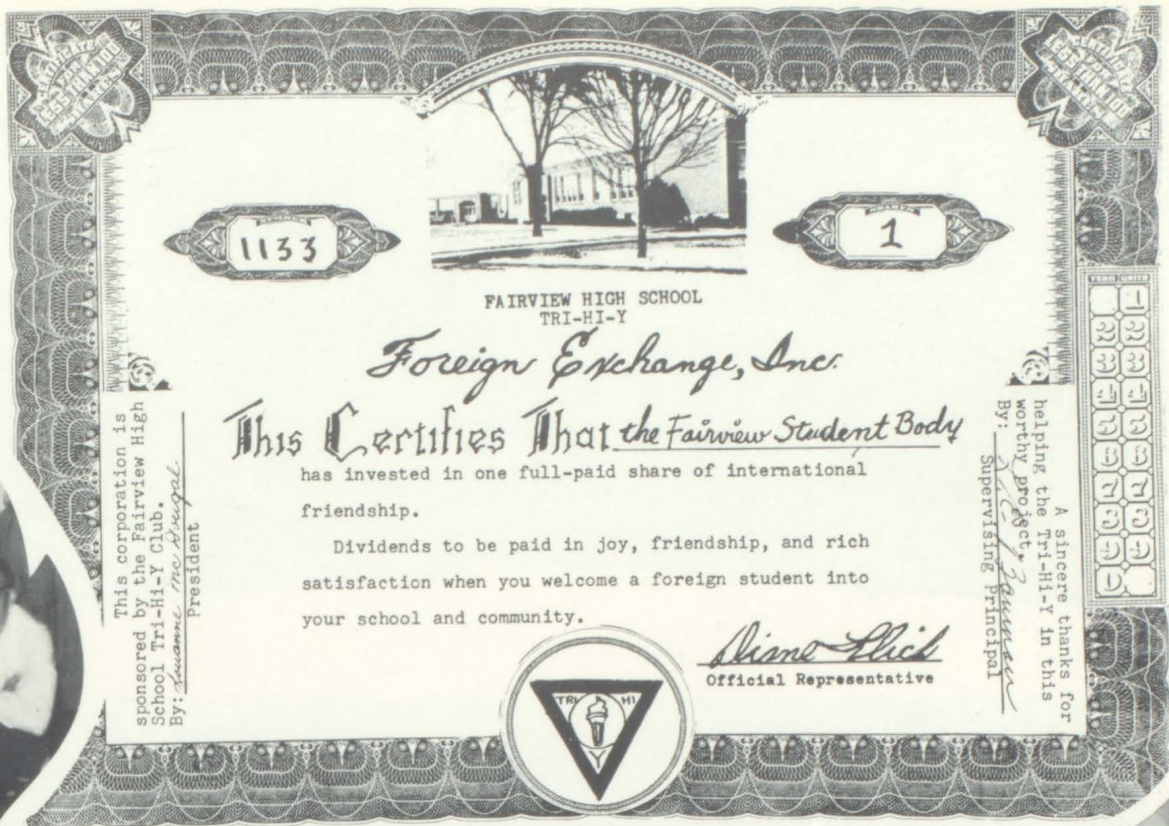

The Student Council is a student governing group made up of fifteen members, three officers and twelve representatives. The representatives are made up of the president of each class and one representative elected at large from each class from seven through twelve. The officers, president, vice-president, and secretary-treasurer, are elected by the student body as a whole in April; so that the nucleus for a new council is ready to function when school convenes in September.

The Student Council of Fairview High School has now been in operation for six years.

Major projects of the council this year are: to appoint a citizen of the month; operation of a monitor system; composition of a student handbook for the purpose of orientation of students of Fairview High School; and to develop an activities program.

Through the Student Council, elected by the student body and operating on the democratic premises which are our heritage; it is our hope that students of Fairview will become acquainted with the procedures and the mechanics involved in electing officials in our representative form of government, as well as to afford them an opportunity to participate in governmental procedures.

This corporation is sponsored by the Fairview High School Tri-Hi-Y Club.

As an experiment in international co-operation, the Fairview Tri-Hi-Y sponsored Jan Per Hvidsten as a Foreign Exchange Student at Fairview High School. Jan comes from Sondane, a small town located on a fjord in southwest Norway. Included in the courses which he took while here were: United States History, World History, P.O.D., Spanish I, English, Personal Typing, Physical Education, and Driver Training.

"I'm very happy here in Fairview, thanks to both the teachers and students, who made my visit in America an enjoyable one."
