Mission Statement

The Why

“The mission of Rusk Intermediate, in partnership with parents and community, is to prepare all students to learn and grow, reaching their fullest potential with limitless boundaries.”

VISION STATEMENT

Rusk Intermediate

- is innovated
- has a defined purpose for learning
- uses a multi leveled approach
- fosters creativity as a norm
- is a positive and safe place.

Values

Teachers and students will

- demonstrate a positive attitude
- contribute and collaborate
- be supportive
- be passionate and compassionate
- be their best daily

The 10 Components of a Schoolwide Plan will be implemented at Rusk Intermediate.

The staff has met to discuss State and Federal requirements. A comprehensive needs assessment has been part of the site-based decision making process. The Strengths and Weaknesses have been discussed and will be used to comprise the Campus Plan.

Comprehensive Needs Assessment

- In developing a schoolwide program, a school must look at multiple data sources to identify the most pressing academic needs affecting the teaching and learning program
- This data will help the school monitor and assess what is going on in the program presently to help make better decisions in the future
- Analysis of the data will help to determine the strengths and weaknesses of the academic program
- Decisions must be based upon data, not feeling or guesswork

School Reform Strategies

- Strategies that increase the quality and quantity of instruction using research-based reform strategies
- Research-based reform strategies are directly aligned with the findings of the needs assessment
- Provides a details, enriched, and accelerated curriculum for all students
- Addresses the needs of all children in the school, but particularly those who are low achieving, and meets the needs of students representing all major student groups participating in the schoolwide program
- Addresses specific strategies that assist teachers in determining if student needs are met

Instruction by Highly-Qualified Professional Staff

- Teachers and paraprofessionals meet the highly-qualified requirements
- Parents are aware of the highly-qualified status of all teachers
- All teachers are assigned to areas in which they are certified to teach.

High-quality and Ongoing Professional Development

- All staff are trained to meet the individual needs of all students
- Especially the lowest achieving students of any program that is included in the schoolwide program
- All staff receives ongoing and sustained professional development that is aligned with the goals of the school improvement plan

Strategies to Attract Highly Qualified Staff

- The school is allowed to provide incentives for highly qualified teachers to teach in high need schools
- Only teachers who are highly-qualified are assigned to low achieving students

Strategies to Increase Parental Involvement

- Specific strategies to increase parental involvement are based upon the results of the needs assessment and have been implemented
- Strong collaboration with community resources is evident
- Parents are included as decision makers in a broad spectrum of school decisions

Transitions Strategies

- Collaboration is evident between the schools
- Specific strategies for helping students transition into the elementary/intermediate setting have been identified and implemented

Teacher Participation in Making Assessment Decisions

- A team of teachers, administrators, and parents participate in the selection, use and interpretation of school-based assessments
- Student performance drives modifications and improvements in the selection and use of school-based assessments

Timely and Additional Assistance to Students having Difficulty mastering the standards

- The school has a well-defined process that is currently being implemented to identify students experiencing difficulty mastering the state standards
- Timely, effective, and additional assistance is provided for students experiencing difficulty mastering the state standards
- Thematic, integrated instruction designed to accommodate the needs of the various learning styles is provided

Coordination and Integration of Federal, State, and Local Programs and Resources

- The school has established its improvement plan based upon need, and it is knowledgeable about and uses all resources available to the school to meet its goals.

COMPREHENSIVE NEEDS ASSESSMENT COMMITTEES

Decisions will be based on a Comprehensive Needs Assessment (CNA) with the 8 subtopics listed.

1. **Demographics** – Kriste Davis, Chairperson, Kenzie Bixler, Michelle Kearney, Jean Priest, Becky Brown, Rachel Thompson
2. **Student Achievements** – Lori McRight, Chairperson, Katrina Bateman, Christy Ruiz, Christy Turner, Denise Fredericks, Nikita Padron, Diana Bottoms, Melanie Black
3. **School Culture and Climate** – Christy Clark & Brandi Franks, Chairpersons, Ashley Oliver, Jim Keckeisen, John Cook, Tracy Baker, Jennifer Woodruff
4. **Staff Quality, Recruitment and Retention** – Carlene Clayton, Chairperson, Terry Lindsey, Kathy Harris, Molly Miller

**Parent Involvement Policy
Rusk I.S.D.
2013-2014**

Statement of Purpose

Rusk I.S.D. is dedicated to providing quality education for every student in our district. To accomplish this objective, we will develop and maintain partnerships with parents and community members. Each student will benefit from supportive, active involvement of all members of the population. A positive link between home and school will create the most conducive learning condition for every child. These open communication lines will expand and enhance learning opportunities for everyone involved.

Grade level learning objectives and goals will be distributed to all parents throughout the year. *All* students will be expected to work toward mastering these objectives. Our district recognizes the fact that some students will need extra assistance to achieve their full potential. The extra assistance is available to all students through the Title I program and various other educational services offered through the district.

Rusk I.S.D. intends to include parents in all aspects of the Title I program. Students will be given every opportunity for success through the development and enhancement of the home-school partnership.

Parent Involvement in Developing the Policy

An advisory committee comprised of parents, members of the community, teachers and the principal will meet to discuss the design and implementation of the Parent Involvement Policy.

Rusk I.S.D. will actively recruit volunteers for the advisory committee through various avenues of publicity. Committee selections will produce a diverse parent population that will include all student groups serviced by the district.

Meetings will be planned at convenient times and locations for all concerned parties.

Annual Meeting for Title I Parents

Rusk I.S.D. will hold two meetings for parents during each school year. Parents will be informed of new Title I guidelines and the variations from the previous year's program. Copies of the district's current Parent Involvement Policy will be distributed. Parents will be encouraged to become involved in the revising and updating the Policy as necessary. Volunteers will be recruited for the district-wide and campus advisory committees.

The meeting will be held at a convenient time and location. Written notices, telephone calls and media attention will all be directed at attracting as many parents as possible.

School-Parent Compacts

In accordance with Title I regulations, each school must develop a parent-student compact with the parents of students participating in the program. This compact will enable the school and parents to share responsibility for student performance and success.

The compact must explain how students, parents, and staff will share responsibility for promoting student achievement. Members of the school's Advisory Committee will be consulted in the design and implementation of the compact.

All parents will be given a copy of the compact detailing the responsibilities that teachers, parents and students have in helping students accomplish their goals. Student's responsibilities will vary by grade level.

Types of Parent Involvement

The school will support many varied ways of parental involvement as it strives to develop and maintain an optimum learning environment for all students. Parents contribute through volunteer programs at school as well as creating a supportive home atmosphere. The community participates through an array of activities that promote student success.

Each school and family will develop and maintain parental involvement activities best suited to meet the individual needs of everyone involved.

Staff/Parent Communication

Communication with parents will include news notes at the bottom of children's report cards, telephone calls, e-mail, Skyward Family Access, Ruskisd.net, teacher web pages and meeting notification. There will also be notices and activity packets sent home with children. Parents are encouraged to take the initiative in calling their child's teacher when they are concerned about a problem. Staff will be receiving training on how to improve home-school communication; some parents will be asked to participate in these training sessions.

Evaluation

There will be an annual evaluation of the content and effectiveness of the Title I parental involvement program, and parents will be asked for their input. The evaluation will include an assessment of how much parental involvement is increasing and what barriers to parental participation still need to be overcome. The school district will revise its Parental Involvement policy on the basis of this annual review.

Percent of Attendance and Average Daily Attendance Rusk Intermediate 4th and 5th Graders

The percentage of attendance for the district increased slightly (0.18%) during the 2011-2012 school year when compared to the previous year. The district average remains above the 94% standard set by the State by 2.02%. There is still need for improvement to make progress toward the 97% state goal. The following chart reflects a ten-year history of percentage of attendance by grade and district.
