Upcoming Student and Parent Information Night at CVCC

Cuyahoga Valley Career Center (CVCC) will hold its annual Student and Parent Information Night on Thursday, January 15, from 7:00 p.m. to 8:30 p.m. for high school students and their families to learn more about the specialized career and college preparation opportunities available through the nearly 30 career-technical programs offered at CVCC. Attendees will have the opportunity to view programs, meet instructors, and ask questions. The Student and Parent Information Night helps with the decision-making process in choosing to enroll at the career center. Many CVCC programs offer industry certification opportunities and have career-technical credit transfer options, enabling students to earn college credit while at CVCC. Visit www.cvccworks.edu, or contact Kelli Casini, CVCC Admissions Counselor, at 440-746-8286 or kcasini@cvccworks.edu with any questions.

Wreaths Across America

CVCC is immensely proud of our students who volunteered with Wreaths Across America on Saturday, December 13. Despite a 6 a.m. report time and bitter cold conditions, they gave a full day of service with enthusiasm. Their commitment, teamwork, and respect offered a meaningful tribute to our nation's heroes and truly reflected the heart of service. Thank you for always representing CVCC with honor and pride. We also extend our appreciation to our instructors involved with SkillsUSA who made this meaningful opportunity possible. Way to go, CVCC!

Maple Heights Air & Space Force Recruiting Visits Dental Assisting Program

Representatives from Maple Heights Air & Space Force Recruiting visited our Dental Assisting junior class on December 10 to discuss career opportunities within the U.S. Air Force and U.S. Space Force. The presentation explored the roles and responsibilities of dental assistants, along with training and professional development, career advancement, job security, benefits, and unique opportunities available through military service. The recruiters highlighted how these branches offer specialized training, long-term career growth, and the opportunity to serve the country while maintaining a stable and rewarding career. Students were highly engaged throughout the session, asked insightful questions, and gained valuable knowledge about military dental careers. We sincerely thank the representatives for their service and wish them continued success.

CVCC Nursing Alumna Visits Health Careers Students

On December 17, our Health Careers classes were excited to welcome Sue Durichko as a guest speaker! Ms. Durichko shared her inspiring journey, beginning as a former CVCC nursing student of Mr. Zana, and emphasized the importance of always doing your best. She spoke about her career path from becoming a Licensed Practical Nurse (LPN) to serving as a councilwoman for the City of Parma Heights, and even shared insights from her campaign for the Ohio State Senate. We are grateful to Ms. Durichko for sharing her story, motivation, and experiences, and for inspiring our future healthcare professionals!

CVCC Students Inspire Eighth Graders at R.B. Chamberlin Middle School

A diverse group of Twinsburg High School juniors and seniors enrolled at CVCC recently visited R.B. Chamberlin Middle School to lead an engaging panel discussion for eighth-grade students. The event showcased the importance of career-technical education while offering a firsthand look at the wide range of opportunities available through CVCC. Representing multiple career programs, the student panelists shared their personal experiences, including what drew them to their chosen pathways, the skills they are developing, and their plans beyond high school. They also encouraged eighth graders to start thinking early about future career possibilities. Programs represented included Engineering Technology, Medical Administrative Specialist, Construction Technologies, Fire and EMS, Sports Medicine and Exercise Science, Automotive Technology, Dental, Health Careers, Print Production, Cosmetology, and Construction Trades. The panel served as a valuable public speaking and leadership opportunity for CVCC students, allowing them to act as ambassadors for their programs. For R.B. Chamberlin students, the discussion provided an interactive introduction to career center options ahead of their scheduled visit in early 2026. The event was organized by Toni Cluse, CVCC Career Specialist for the Twinsburg City School District—a meaningful experience for everyone involved!

Nursing Candlelighting Ceremony

On December 18, CVCC proudly hosted the Candlelighting Ceremony for the Adult Education Full-Time Practical Nursing Class of 2026! This special tradition celebrates the students' completion of the Basic Nursing Program, marking the halfway point of their journey. Inspired by Florence Nightingale, the ceremony honors her legacy and the dedication of future nurses. Surrounded by family, friends, and faculty, students celebrated this incredible milestone. Huge thanks to the amazing nursing staff for making it all possible. Congratulations, Class of 2026—you're halfway there!

Enrolling Now: CVCC Practical Nursing

Interested in a career in nursing? Enrollment is now open for CVCC's Practical Nursing Program, with both full-time and part-time options available.
