

PARENT TRAINING

Workshops

Hello East Meadow School District Parents!

We are excited to share our upcoming parent training sessions. This year, we will focus on helping families identify the function of behavior, total communication, and the principles of reinforcement.

In these monthly trainings, you will learn practical strategies to better understand what your child is communicating, replace challenging behaviors with functional communication, and use positive reinforcement to encourage cooperation and build healthy habits at home.

Please join us to gain valuable, everyday strategies you can use at home and in the community to support your child's educational success.

FIRST SESSION:

Friday, October 9th at 12 PM

THEN: Starting November 4th sessions will occur on the first Wednesday of every month at 12 pm
