Summer Construction at Saint Peter Middle School

MEND THE MIDDLE
April 2024 Building Bond Referendum

SAINT PETER MIDDLE SCHOOL
PROJECT UPDATES

MendTheMiddle.org/updates

Throughout the summer, on-site construction crews have been busy making exciting improvements at Saint Peter Middle School, and we're looking forward to welcoming our students and staff back to a refreshed learning environment this fall! Improvements from this summer included:

- New ceilings, flooring, and walls were installed.
- Existing walls and lockers were painted and improved.
- Storage cubbies and built-in upholstered benches were added throughout our hallways.
- Finish improvements were made in our media center, band and choir rooms, main gymnasium, auditorium, cafeteria, and more than 25 classrooms and offices, providing refreshed environments for students and staff.
- A new elevator was added along the east side of the main gymnasium to improve accessibility.
- Our mechanical and electrical systems were improved to support overall indoor air quality and building system efficiency.

These improvements stemmed from a $10.965 million building bond referendum approved in April 2024, and it's been great to see them come to life in our middle school. Improvements were made last summer, with these improvements set to wrap up the project's final scope.

For the latest updates on our project, including weekly construction updates and progress photos, visit MendTheMiddle.org/updates.

Ready for an Incredible Year Ahead!

Jon Graff, Superintendent of Saint Peter Public Schools

It is an honor to serve as the Superintendent of Saint Peter Public Schools, a district with a rich tradition of student success, forward-thinking innovation, welcoming learning environments, and strong community partnerships.

As we draw closer to the start of the 2026–2027 school year, I want to extend a heartfelt welcome to our students, families, and staff. Honestly, there is nothing quite as exciting, or as full of hope, as the first day of school. The first day still brings a familiar mix of positive emotions: eagerness, excitement, wonder, and always a healthy little dose of butterflies!

No matter how you and your family are feeling about the upcoming year, whether your child is stepping into an Early Childhood classroom for the very first time, entering their senior year of high school, or somewhere in between, please know that Saint Peter Public Schools is dedicated to providing a safe, engaging, and supportive environment. Our goal is to ensure every student experiences relevant learning and builds meaningful connections every single day.

I invite you to be an active part of our Saints family this year. As we step into the 2026–2027 school year, we will also begin a new strategic planning process. We are eager to collaborate with our students, staff, families, and community members to shape our shared priorities for the future. I look forward to working alongside you as we live out our mission: "To inspire a passion for learning that encourages and enables all individuals to reach their highest potential."

Please don't hesitate to reach out to any of our school offices if you need information about programming or enrollment, or if you'd simply like to tour our facilities.

Thank you for your partnership, and here's to a fantastic school year ahead! Go Saints!

Jon Graff
Superintendent
Saint Peter Public Schools

District Absence Reporting Procedures

Consistent school attendance is vital for student learning and academic success. Parents and guardians have an essential role in ensuring that attendance remains a priority. When students are absent, parents and guardians should contact the school to inform them

Parents should notify their child's school of an absence **on the day of the absence**.

- Saint Peter Early Childhood Center (pre-K) 934-4211 x. 2017
- South Elementary (grades K & 1) 934-2754 x. 3028
- North Elementary (grades 2-4) 934-3260 x. 4038
- Saint Peter Middle School (grades 5-8) 934-4210 x. 5072
- Saint Peter High School (grades 9-12) 934-4212 x.6132

When students return to school after an absence, a parent/ guardian note is required.

THE SCHOOL BOARD RESERVES THE RIGHT TO CHANGE OR MODIFY THE CALENDAR.

Happy First Days! Tips for a Smooth Start!

Ease Into the Alarm:

A week before school starts, shift your child's bedtime and wake-up times 10 minutes earlier each day to smoothly adjust their internal clock.

How much sleep does my child need?

Age	recommended	may be appropriate	not recommended
Preschool	10-13 hours	8-14 hours	less than 8 hours
Grades k-6	9-12 hours	7-13 hours	less than 7 hours
Grades 7-12	8-10 hours	7-11 hours	less than 7 hours

Source: https://www.sleepfoundation.org/how-sleep-works/how-much-sleep-do-we-really-need

Other ways to help your child

- **Master the Basics:** Keep steady routines for homework, meals, and sleep.
- **Night-Before Prep:** Pack bags and pick out outfits before bed to avoid stress.
- **Track Big Dates:** Use a shared family calendar for tests and activities.
- **Model Literacy:** Let your child spot you reading and writing every day.
- **Get Involved:** Join in on school events and stay connected with staff.

Looking for more tips?

Check out https://www.pbs.org/parents/back-to-school for ideas on creating routines, helping your child cope with anxiety, lunchbox ideas, and more!

Welcome to Saint Peter High School!

The faculty and staff of Saint Peter High School cannot wait to welcome students back to school! Whether you are a returning student or a new Saint, we look forward to welcoming you to your state-of-the-art high school on Tuesday, September 8, at 8:15 a.m.!

Saint Peter High School remains committed to high-quality education for each student, and we take our responsibility seriously to prepare every student for the world of higher education and work. This year, you'll notice not only beautiful facilities but also additional course offerings and a commitment to innovative teaching and learning opportunities. At Saint Peter High School, our vision includes academic content mastery as well as teaching the 21st-century skills of communication, collaboration, creativity, and critical thinking.

Along with the academic experience of school, all students in grades 9 -12 are encouraged to participate in the co-curricular program. With over 40 activities available, ranging from sports to academic clubs and theater, our school recognizes that there are important skills and lessons learned through participating in school activities.

Best wishes for a great school year, and please contact us if you have any questions or concerns.

Annette Engeldinger, Principal
Shari Karlsrud, Dean of Students
Shea Roehrkasse, Activities Director

Welcome to Saint Peter Middle School!

Saint Peter Middle School (SPMS) faculty and staff are excited to welcome our SPMS students and families to the 2026-2027 school year.

Middle school is such a pivotal time in every student's journey, and we are passionate about making these years truly transformative. Our dedicated team understands that fifth through eighth graders need more than just academic excellence; they need a place where they can explore their interests, build confidence, and develop skills that will serve them beyond their school years.

Jessi Buttell, Principal, Saint Peter Middle School

Whether your child is navigating their first day of fifth grade or stepping into leadership roles as an eighth grader, our dedicated team is here to guide them every step of the way. We believe in fostering critical thinkers, creative problem-solvers, and compassionate leaders who are ready to make their mark on the world.

As summer winds down, we hope your family is soaking up these final relaxing moments together. When those school doors open, we will be ready with open arms and endless enthusiasm for the adventures ahead.

Greetings from North Elementary School

Welcome to another exciting school year at North Elementary School! We are thrilled to welcome both returning and new families as we begin another year of learning, growth, and celebration together.

This year is especially meaningful as we continue our work as a Minnesota School of Excellence. This designation recognizes North Elementary's commitment to outstanding teaching and learning, strong family and community partnerships, a positive school culture, and continuous improvement. While we are incredibly proud of this honor, we know that excellence is not a destination. It's something we strive to demonstrate every day through the dedication of our students, staff, and families.

Our staff has been hard at work preparing engaging classrooms, planning innovative learning experiences, and creating an environment where every child feels safe, valued, challenged, and inspired to reach their highest potential.

North Elementary proudly serves our second, third, and fourth grade students with six classrooms at each grade level. Beyond our outstanding classroom instruction, students enjoy enriching opportunities throughout the year, including art, music, physical education, STEAM, library/media, CharacterStrong, academic enrichment, student leadership opportunities, field experiences, school-wide celebrations, and

Darin Doherty, Principal
North Elementary School

hands-on learning that encourages curiosity, creativity, and problem-solving.

To help students transition into the new school year, we will once again hold our **Back-to-School Family Conferences** on **Tuesday and Wednesday, September 8–9**, from **7:50 a.m. to 3:30 p.m.** During these 20-minute meetings, families will have the opportunity to meet their child's teacher, bring school supplies, ask questions, and begin building the strong home-school partnership that is so important to student success. School pictures will also be taken during these conference days. Families will receive information on August 17 regarding conference scheduling, classroom assignments, and picture ordering.

The **first day of school is Thursday, September 10**, with student hours from **8:00 a.m. to 3:00 p.m.**

One of the greatest strengths of North Elementary is our caring school community. Whether students are collaborating in their classrooms, designing solutions in STEAM, performing in music, creating artwork, reading in our media center, or learning outdoors, our goal is to ensure every child experiences both academic success and a true sense of belonging.

The year ahead promises to be filled with exciting opportunities as we continue implementing high-quality literacy and mathematics instruction, expand authentic learning experiences, celebrate student leadership, and strengthen the partnerships that make North Elementary such a special place to learn and grow.

Welcome to South Elementary!

Jana Sykora, Principal
South Elementary School

Welcome to the 2026-2027 School Year

We're so excited to welcome both new and returning students to South Elementary for a year filled with learning, growth, and lots of South Star Pride. We have so much to look forward to, and we can't wait to kick off the year with you.

Back-to-School Packet

Families will receive back-to-school information via email on August 17. This email will include your child's classroom teacher assignment, as well as important details about the upcoming school year. You'll also find information about picture day, including Strawbridge Studios pricing. We will also mail a physical copy of this information to home addresses, also arriving around August 17.

Welcome Conferences: September 8 and 9

We will begin the school year with Parent/Student/Teacher conferences on Tuesday, September 8 and Wednesday, September 9. Families will attend on just one of these days. These conferences are a wonderful way for students to meet their teacher, see their classroom, find their locker, and ask any questions they may have before the first day of school. They also help students ease into the new year with confidence and give families a chance to begin building strong partnerships with their child's teacher. School pictures will be taken during conferences by Strawbridge Studios.

Instructions for signing up for a conference time using our online scheduler, PTCfast, will be sent by email and text on August 24. If you need assistance with the sign-up process, please call the school office at 934-2754.

First Full Day of School

The first full day of classes will be Thursday, September 10. Students should plan to arrive between 7:40 and 7:55 a.m. so they are ready for instruction to begin promptly at 8:00 a.m. Establishing consistent routines right from the start helps students feel confident and ready to learn.

Starting Strong with Character Strong

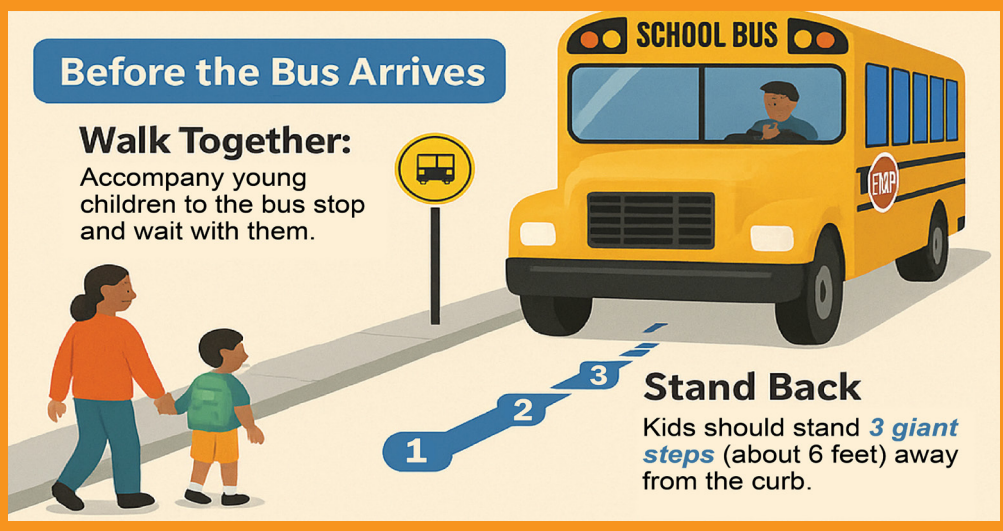

The transition from summer to school can be a big change for young learners. To help ease that shift, we'll use Character Strong—a daily program that helps students learn about feelings, friendship, empathy, and making kind choices. These quick, engaging lessons help students feel connected and confident as they settle into school routines and build a strong classroom community.

THE SAINT PETER EARLY CHILDHOOD CENTER WELCOMES CHILDREN AND FAMILIES!

Saint Peter Early Childhood Center

Saint Peter Early Childhood program is part of the Saint Peter School District and serves children and families from birth to kindergarten entrance. The Saint Peter Early Childhood Center is located in the north wing of Saint Peter Middle School and has a beautiful playground, a separate entrance, and a designated parking lot to accommodate families. We are once again excited to offer a variety of classes during the 2026-2027 school year to meet the needs of our youngest learners.

PROGRAM OFFERINGS

Early Childhood Family Education

The ECFE program offers eight classes for children ages birth to pre-kindergarten and their families. Classes are held once per week for 1-1.5 hours per class and are held both during the day and evening to meet the schedules of busy families. In the separating classes, parents attend the classes with their child, spend the first half of the session interacting and playing with their child, then break off for parenting time with a licensed parent educator.

School Readiness

School Readiness includes preschool classes for children ages three to kindergarten entrance and is held two, three, or four days per week, depending upon the age of the student. The Saint Peter School Readiness classes use the state-approved Frogstreet curriculum, and the program has been awarded a 4-Star Parent Aware rating by the Minnesota Department of Education. The focus of School Readiness is to have every child "Ready for Kindergarten" in the areas of social/emotional, word skills, number skills, and motor development.

K Ready

K Ready is held five mornings per week and is designed as an offering for students who are age-eligible for kindergarten but not attending for a specific reason. Parents elect to enroll their child in the K Ready class. Most often, these students have summer birthdays and may benefit from an additional year of preschool before attending kindergarten. The focus of the class is to provide more academic rigor than a three day per week preschool and also allow time and experiences for social skill development.

Early Childhood Special Education Birth-3

The ECSE B-3 program offers in-home intervention for children and families. Children qualifying for the program have an Individualized Family Service Plan (IFSP). Services such as speech and language therapy, occupational therapy, and physical therapy are also available to students who qualify. The program is focused on routine based intervention in the child's natural environment. The ECSE Infant team also provides outreach and evaluation for all children ages birth to three for a seamless transition from home to early childhood programming.

Early Childhood Special Education 3-5

The ECSE 3-5 program offers four days per week, 2.5 hours per day of programming for children ages 3-6 who have an Individual Education Plan. Services such as speech and language therapy, occupational therapy, physical therapy, and adaptive physical education are available to students who qualify. A goal of the ECSE team is to promote inclusion to the fullest extent possible. The ECSE team also provides outreach and evaluation for all children ages three to kindergarten for a seamless transition from home to early childhood programming and from ECSE to Kindergarten.

If you would like more information about early childhood offerings in Saint Peter, please call the Saint Peter Early Childhood Center at 507 934-4211.

Popsicles on the Playground

Place: ECFE Playground-Saint Peter Middle School Campus
Corner of Broadway and Lincoln Drive

Raindate: Tuesday, September 15

Come meet the staff and families of the ECFE program

Saint Peter Public Schools 2026-2027 Annual Asbestos Notification

Saint Peter Public Schools, in accordance with the Federal Asbestos Hazard Emergency Response Act (AHERA), continues to implement an E.P.A. approved asbestos management plan. This plan has been developed to identify and manage asbestos containing materials within ISD #508 buildings. ISD #508 approaches this issue in a safe and proactive manner to ensure the health and safety of students, staff and other building occupants.

The following asbestos related activities have been completed in the 2025-2026 school year or will be completed within the 2026-2027 school year at Saint Peter Public Schools.

Winter 2026	Asbestos Periodic Inspection
Spring/Summer 2026	Asbestos Periodic Inspection, Mend the Middle Project
Winter 2027	Asbestos Periodic Inspection
Spring/Summer 2027	Asbestos Periodic Inspection, Mend the Middle project

If you have questions regarding the district's asbestos management plan, it is on file at the High School and is available for public viewing during normal district business hours. If you have questions regarding this information, please contact the district Asbestos Program Manager, Seth Putz, at (507) 934-5703.

Saint Peter Public Schools 2026-2027 Integrated Pest Management Notification

Janet B. Johnson Parents' Right-to-Know Act of 2000

All Minnesota schools are required to inform parents/guardians and school employees that they may request to be notified prior to pesticide application on school property. Pesticides include chemicals which are used to control insects, weeds, rodents or other pests as defined by the law (M.S. 123B.575, Subd. 9).

To provide the required information, schools must maintain a list of parents/guardians and school employees who request notification. Schools must also provide information about individual pesticide applications upon request, including the name of the pesticide product, and the time and location of the planned application. An estimated schedule of pesticide applications is available for review or copying at each school office.

Pesticides and non-chemical treatments may be used in combination in and around schools for a variety of reasons, including the control of pests which have the potential to bite, sting, spread disease, cause asthma, and/or trigger an allergic reaction. Pesticides may also be used to prevent or control damage to materials within the school building or to the school building itself, or to control pests or weeds that are a nuisance.

The long-term health effects on children from the application of such pesticides or the class of chemicals to which they belong may not be fully understood. Children may be more susceptible to pesticides than adults due to their smaller size and rapid growth and development. Also, their playful behavior may expose them to more pesticide residue.

To limit the potential pesticide exposure, this school follows safety regulations to ensure pesticides are applied properly. All pesticide products, which are used in and around school buildings, are required to be registered with the Minnesota Department of Agriculture and the U.S. Environmental Protection Agency. In addition, school employees and certified and licensed applicators are required by state and federal law to comply with all requirements of the pesticide label, including building sites, application rates, re-entry intervals, posting, use of personal protective equipment, use restrictions, and disposal on the product label.

If you would like to be notified prior to pesticide applications made on days other than those specified in the estimated schedule (excluding emergency applications), please contact: **Saint Peter Public Schools - Buildings and Grounds Department / Attention: Seth Putz / 100 Lincoln Drive, Saint Peter, MN 56082 / (507) 934-5703**

Saint Peter Public Schools 2026-2026 Indoor Air Quality (IAQ) Annual Notification

Saint Peter Public Schools ISD #508 in coordination with the Minnesota Department of Education and the Environmental Protection Agency (EPA) has developed an indoor air quality management plan. A factor of the IAQ management plan is the following yearly correspondence to all district residents on the status of IAQ issues within the district.

The School Board of Education has approved the Saint Peter Public Schools District IAQ Management Plan. These are the IAQ related activities that took place in FY26 and will take place in FY27.

Spring 2026 District Wide	Indoor Air Quality staff survey
Winter 2026 District Wide	Indoor Air Quality walkthrough
Spring 2027 District Wide	Indoor Air Quality staff survey
Winter 2027 District Wide	Indoor Air Quality walkthrough

Throughout the upcoming year ISD #508 will continue to respond to IAQ concerns in a proactive manner to ensure the health and safety of students, staff and building visitors. If you have questions relating to IAQ or would like to review the district IAQ management plan, please feel free to contact Seth Putz – Operations and Maintenance Supervisor/health and safety at (507) 934-5703.

LEAD-IN-WATER ANNUAL NOTICE

Minnesota Statute 121A.335 requires public school buildings serving pre-kindergarten through grade 12 to test for lead in water every 5 years. This statute also requires school districts to make the results of the testing available to the public for review and to notify parents of the availability of the information. Notification may be accomplished by publishing a statement in a "Back to School" newsletter or publication that is available to staff, students, parents, and the public.

Saint Peter Public Schools is committed to providing a safe working and learning environment for employees and students. The District has developed a lead in water management plan and testing program that complies with Minnesota Statute 121A.335, as well as recommendations from the Environmental Protection Agency's (EPA's) Lead Contamination Control Act (LCCA) of 1988 and the Minnesota Department of Health (MDH), and the Minnesota Department of Education (MDE).

For more information on Saint Peter Public Schools' lead reduction and testing program, please contact Seth Putz – Operations and Maintenance Supervisor at (507) 934-5703 extension 1034.

Estimated application schedule for 2026-2027 school year:

1. August
2. October
3. December
4. February
5. March
6. May
7. Summer vacation
8. MEA break
9. Thanksgiving break
10. Winter break
11. Spring break

Pesticide List: To see a list of possible pesticides* that could be used in the district buildings or on the district grounds, contact Seth Putz, Operations and Maintenance Supervisor for a current inventory and accompanying Safety Data Sheet (SDS)

*'Pesticides' definition per Parents Right-to-Know Act: herbicides, insecticides, fungicides, fertilizers in EPA toxicity class I, II, or III - https://www2.mda.state.mn.us/webapp/lis/productsdefault.jsp

Is your family on the school census?

The Saint Peter School District keeps a record of all families in our school district. Being on the school census ensures:

- You will automatically receive ECFE mailings.
- You will be notified of Early Childhood Screening.
- The elementary school will be expecting your child when it is time for kindergarten.
- That maximum funding is received by our district from state/local government.

Please call 934-3048 ext. 2018 if you are new to the district or your family has grown with additional births or adoptions!
