

Need Temporary Coverage for Your Child Right Away?

Children's Presumptive Eligibility (CPE) is temporary coverage approved during a doctor's visit for services your child needs right away.

Only certain providers can check if your child qualifies for short-term, full-scope Medi-Cal coverage through CPE. If approved, your child's visit can be covered while you apply for ongoing health coverage.

Take Action! Your child's CPE coverage is temporary, and you will need to apply for ongoing health coverage!

Where Can I Find a Provider Who Participates in CPE?

Visit our website and check the "CPE Approved Qualified Providers List" to find a provider who participates today!

Scan the QR code or visit
bit.ly/ChildrensPresumptiveEligibility

Apply or update your application on Covered California.

To apply for ongoing coverage:

Go to <https://www.coveredca.com/>

Call Covered California at (800) 300-1506 (TTY: (888) 889-4500)

REPORT OF HEALTH EXAMINATION FOR SCHOOL ENTRY

To protect the health of children, California law requires a health examination on school entry. Please have this report filled out by a health examiner and return it to the school. The school will keep and maintain it as confidential information.

PART I TO BE FILLED OUT BY A PARENT OR GUARDIAN

CHILD'S NAME—Last	First	Middle	BIRTH DATE—Month/Day/Year
ADDRESS—Number, Street	City	ZIP code	SCHOOL

PART II TO BE FILLED OUT BY HEALTH EXAMINER**HEALTH EXAMINATION**

NOTE: All tests and evaluations except the blood lead test must be done after the child is 4 years and 3 months of age.

PART III ADDITIONAL INFORMATION FROM HEALTH EXAMINER (optional) and RELEASE OF HEALTH INFORMATION BY PARENT OR GUARDIAN**RESULTS AND RECOMMENDATIONS**

Fill out if patient or guardian has signed the release of health information.

- ☐ Examination shows no condition of concern to school program activities.
- ☐ Conditions found in the examination or after further evaluation that are of importance to schooling or physical activity are: *(please explain)*

I give permission for the health examiner to share the additional information about the health check-up with the school as explained in Part III.

☐ Please check this box if you **do not** want the health examiner to fill out Part III.

Signature of parent or guardian

Date

Name, address, and telephone number of health examiner

Signature of health examiner

Date

If your child is unable to get the school health check-up, call the Child Health and Disability Prevention (CHDP) Program in your local health department. If you do not want your child to have a health check-up, you may sign the waiver form (PM 171 B) found at your child's school.

What is a Child's Dental Home?

It is a place to take your child for regular dental visits.

Why Does Your Child Need a Dental Home?

- ♦ To help build a lifetime of healthy dental habits and good oral health.
- ♦ To find dental problems early before they hurt.
- ♦ To have a place where the dental staff knows your child's special needs and has a record of care.
- ♦ To receive sealants, fluoride, and tips to prevent tooth decay.
- ♦ To know where to call when there's a dental emergency.

When Should You Find a Dental Home for Your Child?

By the 1st birthday is best, but it's never too early or too late to find a dental home.

Every Child Needs a Dental Home
Todos los Niños Necesitan un Hogar Dental

For help finding a dental home, go to
[https://www.smilenevadacounty.com/
find-care](https://www.smilenevadacounty.com/find-care)

¿Qué es un Hogar Dental Para su Niño(a)?

Es un lugar donde puede llevar a sus niño(a) regularmente a sus visitas dentales.

¿Por qué su Niño(a) Necesita un Hogar Dental?

- ♦ Para desarrollar hábitos dentales saludables y buena salud oral de por vida.
- ♦ Para detectar a tiempo problemas dentales antes de que causen dolor.
- ♦ Para tener un lugar donde el personal dental conozca a su niño(a) y tenga su historial de los cuidados recibidos.
- ♦ Para recibir sellantes, fluoruro, y consejos para prevenir caries en los dientes.
- ♦ Para saber adónde llamar en caso de una emergencia dental.

¿Cuándo Debería Encontrar un Hogar Dental para su Niño(a)?

Sería ideal para su primer año de vida, pero nunca es muy temprano o muy tarde para encontrarle un hogar dental.

Medi-Cal Has Dental Covered

Regular dental check-ups are important for your overall health. Medi-Cal covers dental services for **FREE** for all ages. See the chart below for details on covered services.

SERVICES	BABIES	KIDS	TEENS	PREGNANCY	ADULTS & SENIORS
Exams*, x-rays, teeth cleaning, and fluoride varnish	✓	✓	✓	✓	✓
Fillings and tooth removal	✓	✓	✓	✓	✓
Emergency services	✓	✓	✓	✓	✓
Sedation	✓	✓	✓		✓
Molar sealants**		✓	✓		
Root canals		✓	✓	✓	✓
Orthodontics (braces)***			✓		
Crowns			✓	✓	✓
Partial and full dentures and denture relines			✓	✓	✓
Scaling and root planing			✓	✓	✓

*Free check-ups every six months, and sometimes more, for members under the age of 21 and every 12 months for members 21 and older.

**Permanent molar sealants are covered for kids and teens up to age 21.

***For those who qualify.

Babies

Take your child to the dentist by their first tooth or first birthday. Baby teeth are key for eating, talking, and smiling.

Kids

Around age five, children start losing baby teeth. Ask your dentist about molar sealants, covered by Medi-Cal, to prevent cavities.

Teens

Sugary foods increase the risk of gum disease and cavities in teens. Regular dental check-ups keep their smiles healthy.

Pregnancy

Dental care is safe and recommended during pregnancy. Medi-Cal covers dental visits during pregnancy and 12 months postpartum.

Adults and Seniors

Regular dental visits keep your teeth strong and reduce the risk of gum disease. Medi-Cal covers full dental care for adults 21 and older.

Caregivers

Help your loved one maintain good oral health through daily care and regular dental visits. Don't forget to care for your own smile too!

Medi-Cal Dental

Scan the QR code or visit **SmileCalifornia.org** to learn about your free dental services and find a Medi-Cal dentist today. Or call **1-800-322-6384** for help.

REV 11-2024

School-Based Oral Health Program for Nevada County Schools

To be filled out by Parent/Guardian if you would like your child to participate. This form also gives permission for your child to receive a Kindergarten Oral Health Assessment at the school site, if you do not currently have one from a dental professional.

Child's First Name:	Last Name:	MI:	Child's birth date: MM / DD / YYYY
School Name:	Teacher:	Grade:	Child's Gender: ☐ Male ☐ Female
Parent/Guardian Name:	Child's race/ethnicity: ☐ White ☐ Hispanic/Latino ☐ Black/African American ☐ Asian ☐ Multi-racial ☐ Native Hawaiian/Pacific Islander ☐ Native American ☐ Other _____ ☐ Unknown		Year child starts/ed Kindergarten (if under 1 st grade): YYYY or N/A
Day Phone:	E-mail:		

☐ **Please provide a dental screening for my child along with recommendations for preventive services including cleanings, fluoride varnish, and sealants. This screening is free of charge and is being conducted by the Nevada County Public Health Oral Health Program to help prevent tooth decay among school-aged children.**

Child's Regular Dentist _____, or if **no regular dentist**, check here ☐

NO PAYMENT IS REQUIRED for this service.

Please indicate the following:

☐ **Medi-Cal:** Children with Medi-Cal may have the option to receive preventive services at the school site.

☐ **Other Insurance/Describe** _____ ☐ Self-Paid or ☐ Employer Paid

☐ **No Dental Insurance**

☐ **Photograph Release:** I grant permission to the Nevada County Public Health, Oral Health Program to use my child's photograph in any official outreach publications and displays without compensation to my child or me.

I give permission for my child to receive basic dental services at school through Nevada County Oral Health Program and its affiliates, and that it does not take place of a complete evaluation in a dental office. I understand that receiving this dental screening does not establish any new, ongoing, or continuing doctor-patient relationship. I understand that Nevada County Public Health is HIPPA compliant, and all records are kept confidential. I authorize the gathering and sharing of information between Nevada County Public Health Oral Health Program, its affiliates, school personnel, my child's dentist, and insurance. I have read and understand this form and also understand that this permission may include follow up visits during this school year.

Parent/Guardian: _____
(Print Name) (Signature) (Date)

Oral Health Assessment Form

California law (*Education Code* Section 49452.8) says every child must have a dental check-up (assessment) by May 31st of his/her first year in public school. A California licensed dental professional must do the check-up and fill out Section 2 of this form. If your child had a dental check-up in the last 12 months, ask your dentist to fill out Section 2. If you are unable to get a dental check-up for your child, fill out the separate Waiver of Oral Health Assessment Requirement Form.

This assessment will let you know if there are any dental problems that need attention by a dentist. This assessment will also be used to evaluate our oral health programs. Children need good oral health to speak with confidence, express themselves, be healthy and, ready to learn. Poor oral health has been related to lower school performance, poor social relationships, and less success later in life. For this reason, we thank you for making this contribution to the health and well-being of California's children.

Section 1: Child's Information (Filled out by parent or guardian)

Child's First Name:	Last Name:	Middle Initial:	Child's Birth Date: MM – DD – YYYY										
Address:			Apt.:										
City:		ZIP Code: 											
School Name:	Teacher:	Grade:	Year child starts kindergarten: Y Y Y Y										
Parent/Guardian First Name:	Parent/Guardian Last Name:		Child's Gender: ☐ Male ☐ Female										
Child's Race/Ethnicity:	<table><tr><td>☐ White</td><td>☐ Native American</td></tr><tr><td>☐ Black/African American</td><td>☐ Multi-racial</td></tr><tr><td>☐ Hispanic/Latino</td><td>☐ Native Hawaiian/Pacific Islander</td></tr><tr><td>☐ Asian</td><td>☐ Unknown</td></tr><tr><td>☐ Other (please specify)</td><td></td></tr></table>			☐ White	☐ Native American	☐ Black/African American	☐ Multi-racial	☐ Hispanic/Latino	☐ Native Hawaiian/Pacific Islander	☐ Asian	☐ Unknown	☐ Other (please specify)	
☐ White	☐ Native American												
☐ Black/African American	☐ Multi-racial												
☐ Hispanic/Latino	☐ Native Hawaiian/Pacific Islander												
☐ Asian	☐ Unknown												
☐ Other (please specify)													

Continued on Next Page

Section 2: Oral Health Data Collection (Filled out by a California licensed dental professional)

IMPORTANT NOTE: Consider each box separately. Mark each box.

Assessment Date: MM – DD – YYYY	Untreated Decay (Visible Decay Present) ☐ Yes ☐ No	*Caries Experience (Visible decay and/or fillings present) ☐ Yes ☐ No
Treatment Urgency:		
☒ No obvious problem found	☐ Early dental care recommended (caries without pain or infection; or child would benefit from sealants or further evaluation)	☐ Urgent care needed (pain, infection, swelling or soft tissue lesions)
_____ Licensed Dental Professional Signature	_____ CA License Number	MM – DD – YYYY _____ Date

*Check "Yes" for Caries experience if there is presence of untreated decay or fillings
Check "No" for Caries experience if there is no untreated decay and no fillings

Section 3: Follow-up to Urgent Care (Filled out by entity responsible for follow up)

Parent notified that child has urgent dental care need on:	MM – DD – YYYY
A follow-up appointment for this child has been scheduled for:	MM – DD – YYYY
Did child receive needed treatment?	☐ Yes ☐ No (If no, entity responsible for follow-up will be encouraged to check back in with parent) ☐ I don't know

The law states schools must keep student health information private. Your child's name will not be part of any report as a result of this law. This information may only be used for purposes related to your child's health. If you have questions, please call your school.

Return this form to the school *no later than* May 31st of your child's first school year.

Original to be kept in child's school record.

Required Immunizations For School Entry

Please bring your child's immunization records with you at the time of registration. You may view and print a digital copy of your child's California vaccine record at: MyVaccineRecord.CDPH.CA.gov

Students Entering Transitional Kindergarten or Kindergarten Need Records of:

- ☐ **Diphtheria, Tetanus, and Pertussis (DTaP, DTP, Tdap or Td) — 5 doses**
4 doses OK if one was given on or after 4th birthday;
3 doses OK if one was given on or after 7th birthday.
- ☐ **Polio (IPV or OPV) — 4 doses**
3 doses OK if one was given on or after 4th birthday. Oral polio vaccine (OPV) doses given on or after April 1, 2016, do not count.
- ☐ **Hepatitis B — 3 doses**
- ☐ **Measles, Mumps, and Rubella (MMR) — 2 doses**
Both doses must be given on or after 1st birthday.
- ☐ **Varicella (Chickenpox) — 2 doses**

New and Transfer Students Entering TK/K-12th Grade Need Records of:

- ☐ **All immunizations listed above**
For 7th-12th graders: at least 1 dose of pertussis-containing vaccine is required on or after 7th birthday. Hepatitis B vaccine is required for any grade, except for entry into 7th grade.

Students Starting 7th Grade Need Records of:

- ☐ **Tetanus, Diphtheria, and Pertussis (Tdap) —1 dose**

What other immunizations should I ask my health care provider about?

When you visit your health care provider for back-to-school immunizations, make sure to also ask about other vaccines that help keep your child healthy, including **hepatitis A, COVID-19, and the annual flu vaccine**. Preteens and teens should also get the **human papillomavirus (HPV) vaccine** to protect against certain cancers and **meningococcal vaccines**.

Learn more about [vaccines your child needs](#) and [where to get immunized](#) at GetImmunizedCA.org.

IS YOUR CHILD AT RISK FOR LEAD POISONING?

CHECK FOR LEAD IN AND AROUND YOUR HOME:

- **Paint:** Move your child's things away from and safely repair chipping paint.
- **House Dust:** Wet wipe or mop surfaces to remove dust and dirt. Do not let your child chew on windowsills or other surfaces.
- **Bare Dirt:** Cover bare dirt outside where your child plays.
- **Vinyl Mini-Blinds:** Replace old vinyl mini-blinds and do not let your child chew on them.

- **Plumbing Materials:** Tap water is more likely to have lead if plumbing materials, including solder or service lines, contain lead. Reduce potential exposure to lead in tap water by running water until it feels cold and only drawing from the cold tap for cooking, drinking, or baby formula (if used).
- **Water From Wells:** The only way to know if your water has lead is to have it tested.

Learn more about water testing: www.epa.gov/lead/protect-your-family-exposures-lead#testdw

- **Dishes, Pots, & Water Crocks:** Avoid using dishes, pots, and water crocks that are worn or antique, from a discount or flea market, made of crystal, handmade, or made outside the USA unless they have been tested and don't have lead.

- **Food & Spices:** Avoid imported foods and brightly colored spices that might have lead in them, like chapulines and turmeric.
- **Candies:** Avoid recalled candies: www.cdph.ca.gov/Programs/CEH/DFDCS/Pages/FDBPrograms/FoodSafetyProgram/LeadInCandy.aspx

- **Traditional Make-Up & Traditional Remedies:** These products often have lead in them: surma, azarcon, greta, pay-loo-ah. Talk to your doctor before using these or other traditional make-up or remedies (e.g., brightly colored powders, traditional Chinese or Ayurvedic remedies).

- **Toys:** Check toys for peeling paint and wash them often. Old or vinyl toys are more likely to have lead. Avoid recalled toys: www.cpsc.gov
- **Jewelry:** Do not let your child suck on or play with jewelry. Learn more: <https://dtsc.ca.gov/toxics-in-products/lead-in-jewelry/>

- **Lead Fishing Sinkers & Lead Bullets:** Do not let your child touch lead fishing sinkers or lead bullets or casings.
- **Lead Solder:** Keep your child away from activities that use lead solder, like welding, or stained glass or jewelry making.

- **Take-Home Lead:** Avoid taking lead home from work or hobbies. If you work with lead, change out of work clothes and shoes and wash up before getting in your car or going home.
- **Home Repair/Improvement Projects:** Do not scrape or sand paint on your home unless you know your paint does not have lead in it.

Testing Your Child for Lead in Nevada County

Lead poisoning can make it hard for your child to learn, pay attention, or behave and may cause long-term health problems. Children may not look or act sick, so having your child tested for lead is the only way to know if your child has lead poisoning.

LEAD IS ALL AROUND US

- Lead can be: In the *paint* inside and outside of older homes.
- In the *dirt* in your yard, especially if you live near a busy road or an airport.
- In *household items* like dishes, pottery, jewelry, and spices.
- *Work and hobbies* like construction, painting, hunting & shooting ranges, fishing, and making stained glass.

GETTING A BLOOD LEAD TEST IS VERY IMPORTANT

A blood lead test is required at one and two years old if your child:

- Is in a program such as Medi-Cal, WIC, or Head Start.
- Lives in or spends a lot of time in a place built before 1978 that has peeling or chipped paint or that has been recently remodeled.

If these do not apply, ask your child's doctor about their risk of lead exposure.

A blood lead test is free for children enrolled in the programs listed above, and health insurance companies will also pay for the test.

To find out about Medi-Cal and other health insurance options contact:

- Medi-Cal
- Covered California | 800.300.1506
- Nevada County Social Services | 530.265.1340

Your health care provider may be able to test your child in the clinic or will tell you which labs you can go to for the test. Please contact your provider about ordering a blood lead test.

In Nevada County no cost and low-cost options¹ may be available at some clinics and health centers in your community, including:

- **Chapa-De Indian Health** | 1350 East Main Street, Grass Valley, CA 95945 | 530.477.8545 | Monday - Friday 8am - 5pm
- **Sierra Care Physicians** | 140 Litton Drive, Suite 100, Grass Valley, CA 95945 | 530.272.9780 | Monday - Friday 8am - 5pm
- **Tahoe Forest Hospital MultiSpecialty Clinic, Pediatrics** | 10956 Donner Pass Road, Ste 310, Truckee, CA 96161 | 530.587.3523 | Monday - Friday 8am - 5pm, Saturday 9am - 5pm
- **Western Sierra Medical Clinic** | 844 Old Tunnel Road, Grass Valley, CA 95945 | 530.274.9762 | Monday - Friday 8am - 5pm

WHAT HAPPENS AFTER MY CHILD GETS TESTED?

- Talk to your doctor about the test. Depending on the result, your child's doctor may order additional tests. Follow-up blood lead tests must be venous.
- If there is too much lead in your child's blood, the local health department will contact you **to help get your child healthy**. A nurse or another lead professional may visit your home **to find where the lead is**.
- These services are **free of charge**.

Public Health

Salud Pública del Condado de Nevada

For more information contact:
Nevada County Childhood Lead Poisoning
Prevention Program | 530.470.2502
or visit
www.cdph.ca.gov/programs/clppb

¹ The mention of these clinics does not imply endorsement of their services by CDPH. There may be other clinics that offer such services.

Getting Your Child Tested For Lead

LEAD IS HARMFUL

Lead poisoning can make it hard for your child to learn, pay attention, or behave and may cause long-term health problems. Children may not look or act sick. Having your child tested for lead is the only way to know if there is lead in your child's body.

WHEN YOUR CHILD SHOULD BE TESTED FOR LEAD

A blood lead test is **required at one and two years old** if your child:

- Is in a program such as **Medi-Cal, WIC¹, or Head Start.**
- Lives in or spends a lot of time in a place built before 1978 that has peeling or chipped paint or that has been recently remodeled.

If these do not apply, ask your child's doctor about their risk of lead exposure. A blood lead test for lead is free for children enrolled in the programs listed above, and health insurance companies will also pay for the test.

CHILDREN ARE AT A HIGHER RISK FOR LEAD EXPOSURE IF THEY:

- **Live** in a house or building built before 1978 or near a source of lead air emissions such as highways, industrial sites, general aviation airports, recycling sites.
- **Consume or come in contact with** certain foods, spices, traditional remedies, dishware or other products.
- **Spend time** outside the U.S.
- **Have a sibling with** an elevated blood lead level.
- **Have a family member who works with lead** such as construction or painting or has hobbies that involve lead such as stained glass, fishing, pottery, firearms, antiques.

For a list of lead sources, ask your doctor or visit: www.cdph.ca.gov/programs/clppb

¹ WIC is the Special Supplemental Nutrition Program for Women, Infants, and Children

WHAT TO EXPECT: BLOOD LEAD TESTING FOR YOUR CHILD

- 1** The test may be done at your child's doctor's office or at a laboratory.
- 2** There are two methods of collecting blood for lead testing: capillary or venous. Capillary tests typically use blood taken from your child's finger. Venous tests use blood from a vein in your child's arm.
- 3** Depending on the result, your child's doctor may order additional tests. Follow-up blood lead tests must be venous.

Poisoning Prevention Program:

Claim your child's free college savings account!

What you need to know ...

Created by the State of California, CalKIDS provides **up to \$1,500** in free money for eligible school-aged children to help kickstart their savings for future college and career training expenses.*

Your child may already have an account established in their name. Claiming your child's college savings account is quick and easy! Visit **CalKIDS.org** and have the information listed below handy.

What you'll need to claim your account:

- ✓ **Statewide Student Identifier (SSID)**—contact your school for assistance
- ✓ Student's **date of birth**
- ✓ The **county** where the student was enrolled on the applicable Fall Academic Census Day

Fall Academic Census Day is a day within the Academic Year on which an official count is taken. The Fall Census Day is the first Wednesday in October. Students identified in 1st – 12th grade in 2021–22 should use the county as of their school attendance on October 6, 2021. Students identified in 1st grade in subsequent years should use the county as of the applicable Fall Academic Census Day.

**Claim your
account today!**

CalKIDS
The first step toward college

*Student eligibility is defined by the Local Control Funding Formula. The ScholarShare Investment Board has received your information from the California Department of Education as an eligible participant of the program. The California Kids Investment and Development Savings Program (CalKIDS) is a children's savings account program, administered by the ScholarShare Investment Board, an agency of the state of California. CalKIDS will provide eligible participants with college savings accounts, including seed deposits and other potential incentives, to help pay for future qualified higher education expenses. To learn more about CalKIDS or opt out of the program entirely, please see the Program Information Guide at CalKIDS.org. CalKIDS participants may also establish individual accounts with ScholarShare 529, California's 529 College Savings Plan.
