Our dual credit courses offer CHS students both high school and fully transferable college credits. Students have the opportunity to earn dual credits through College in the High School (CiHS), articulated courses, and Advanced Placement (AP), all of which are offered on our campus. These opportunities are supported by experienced Colville High School teachers who care deeply about student success. Required books and materials for CiHS, Articulated, and AP courses are provided at no cost to students. Running Start is another way high school students can earn dual credit through Spokane Colleges (CCS). Information about Running Start can be found at <https://scc.spokane.edu/About-Us/Locations/Colville/Become-a-Colville-Student>.

COLLEGE IN THE HIGH SCHOOL

Colville High School (CHS) has proudly partnered with Central Washington University (CWU), Eastern Washington University (EWU), and Clover Park Technical College (CPTC) to offer College in the High School (CiHS) courses. CiHS credits are earned by successfully passing the course and are transferred by the student after graduation to their college of choice. A total of 63 credits are available.

ARTICULATED COURSES

Students who earn a grade of B or higher for the courses listed as articulated can apply to receive college credit from Spokane Colleges (CCS). While Spokane Colleges award credit for articulated courses, this is not the same as Running Start. Students who complete all four courses are eligible to earn up to 30 college credits!

ADVANCED PLACEMENT

AP courses allow students to earn college credit when achieving a qualifying AP exam score. Credit policies are determined by individual colleges and universities. AP Exams are paid for by Colville High school. However, students must request credit from their chosen institution. Credit is typically offered after enrollment and not automatically. Regardless, AP courses help prepare students for the rigor and challenges of college level coursework.

CHS DUAL CREDIT BENEFITS

- ❖ In-person classes with strong teacher support
- ❖ Safe, familiar environment
- ❖ Age-appropriate peers
- ❖ Parents can monitor attendance and grades
- ❖ Free books, tuition, and AP Exams
- ❖ School district provided transportation
- ❖ No schedule conflict with other classes
- ❖ Honor co-curricular responsibilities
- ❖ Save money on post high school college tuition
- ❖ Flexible credit transfer
- ❖ Accelerate progress toward a degree
- ❖ Stand out from others and strengthen college applications

Please note that the "Accuplacer" or other assessment scores are used to determine placement in certain courses.
