My why for being in education:

Ever since I was a little girl, I knew I wanted to have a career in education frequently putting on lessons for my grandparents and neighbors. I was also lucky enough to attend Edmond Public Schools growing up, having graduated from Edmond North in 2018. I then went on to UCO to get my bachelor's in Elementary Education. Teaching is my absolute passion and I can't wait to help my students learn and grow into kind, successful people.
