About Me:

I grew up in Chandler, OK and I graduated with a degree in Early childhood education and Criminal Justice. I spent two years as assistant director of a child development center in Tulsa. My Favorites:

Snacks: cheez itz, bold chex mix
Drink: bloop pops, water, unsweet tea
Food: pasta, mexican, sushi
Dessert: cakes, brownies
Season: Fall, Spring
Team: Univ. of OK, KC Chiefs
Color: green, blue
Book: A Winter's tale
Movie: Some like it hot (1959)

My why for being in education:

Im inspired to be in education because of my oldest son. I have been wanting to be able to help children learn and grow in a world with teachers that can show them that school is more than just pen and paper its discovering about who they are and who they can be and nothing can be in the way of their dreams or confidence.
