About Me:

Hello! I'm excited to begin my fifth year at Washington Irving and my second year teaching first grade. I am originally from Kansas and earned my degrees from Wichita State University and Fort Hays State University. My husband, Tyler, and I live in Edmond with our three children—Mason (17), Grant (15), and Avery (15)—along with our two dogs. When I'm not in the classroom, I enjoy going to the gym, reading, shopping, traveling, and spending quality time with my family.

I look forward to partnering with you to make this a fun, successful, and memorable year for your child!

My why for being in education:

One of the greatest joys of teaching is watching children learn, grow, and gain confidence in themselves. I love seeing those "lightbulb moments" when a concept finally clicks and a child realizes they are capable of doing hard things. My goal is not only to help students master the academic standards but also to ensure they feel valued, supported, and loved as an important part of our classroom family.
